## Members of Eastern Star Have Banquet

The members of Hope chapter, Order of the Eastern Star, enjoyed a fine chicken dinner last evening at the Masonic banquet room and parlors.

Recently the worthy matron divided the membership into two divisions and for a number of meetings a membership attendance contest was conducted and the dinner last evening was served by the losing side. Mrs. O. May Noyes was chairman of the losing side and Miss Pauline Ledwith of the winning side. Young women served the dinner. There were about a hundred and fifty in attendance.

Following the dinner, the last regular session of the chapter before the summer adjournment, was held. One candidate was initiated. George T. Cochran, who was appointed and installed grand master of the chapter of Oregon at Portland last week, was present and was introduced and responded with a few remarks. The delegates from Hope chapter to the grand chapter made their reports and read the newly adopted amendments and by-laws.

Visitors from Salem, The Dalles, Klamath Falls and elsewhere were present and each made appropriate remarks.

The White House club, the social club of Ladies auxiliary to the Brotherhood of Railway Trainmen, held its first annual picnic at Riverside park yesterday evening.

A picnic lunch was served at 4 o'clock. After the lunch games were played. There were about 25 present.

The Women's Home Missionary society of the Methodist church met at the home of Mrs. Bengtson on Wednesday afternoon.

During the business meeting election of officers was held. Mrs. E. O. Payton was elected president, Mrs. L. B. Dunton, secretary, and Mrs. Floyd McKinnon, treasurer.

Following the business meeting refreshments were served by the hostesses. This was the last meeting of the year.

## Ralph Webb And Miss Gray Marry

Miss Othella Gray became the wife of Ralph Webb on Wednesday morning at 11 o'clock, the Rev. C. V. Dunn of the Christian church officiating.

The Misses Lois and Wilma Gas-kill accompanied them.

Mrs. Webb was formerly a Cave girl but attended high school here and since her graduation has been employed at the highway office here. She is the daughter of Mr. and Mrs. George Gray. Mr. Webb is a local man and is now employed at the Seward grocery.

Edith Hibberd and Nellie Gray gave a wedding dinner for Mr. and Mrs. Webb at the home of the bride's parents, at noon following the 11 o'clock ceremony.

The table was decorated in pink and white which was carried out in other affairs given for the bride. A large basket of sweet peas hung directly over the table and pink ribbons were strung from it to each plate.

Mr. and Mrs. Webb left this morning on a brief honeymoon to Maxwell and Wallowa lake. They will be at home to their many friends at the Hill apartments about the first of the week.

Mrs. H. A. Zurbick entertained the Cho club yesterday with a 1:15 luncheon. Peonies and roses were effectively used to carry out the color scheme.

Following the luncheon three tables of bridge were at play. Mrs. Norman Peers received high score and Mrs. E. L. Homan was presented with a guest prize.

## Announcements

Prayer meeting will be held at the Baptist church on Thursday night.

Country Women's club will meet Friday with Mrs. J. A. Holman and Mrs. Strinchman as hostesses.

The Berean class of the Baptist Sunday school will meet at 2 o'clock tomorrow with Mrs. C. E. Hammersett.

## The Owl's THEATRICAL COLD CREAM

is prepared especially as a cleansing and soothing cream for removing dust, face powder or rouge from the pores. It helps wonderfully to round out your comfort after a day's travel in wind, dust and sunshine. Supremely good for massaging.

Put in well and wipe off with soft towel.  
1/2 Lb. 50c  
1 Lb. 75c

**Moon Drug Co.**

## OUT OUR WAY

### EIGHTAY - EIGHTAY WHO'LL MAKE IT NINE TAY - GENTLEMAN SEZ NINE TAY - WHO'LL MAKE IT A HUNDRED? NINE TAY NINE TAY - WHO!

### MENUS

**By Sister Mary**  
**BREAKFAST** - Stewed dried prunes, cereal, cream, potatoes hashed in milk, broiled cottage ham, muffins, milk, coffee.

**LUNCHEON** - Hamkins, of spinach and bacon, toasted mushrooms, shell marmalade, milk tea.

**DINNER** - Casserole of lamb, carrots and peas in butter, tomato and cheese salad, hot water sponge cake with strawberry fluff, milk, coffee.

Casserole of lamb is an economical dish that is particularly alluring during the summer months. While it will take more time to prepare this dish than simply to broil chops, the money saved is worth considering and the expenditure of time is not extravagant.

### Casserole of Lamb

One pound shoulder of lamb, 1-2 cup chopped onion, 1 cup lamb broth or water, 2 cups canned tomatoes, 2 cups string beans, 1/2 teaspoon pepper, 2 teaspoons salt, 1/2 cup rice.

Cut lamb in two-inch pieces and brown quickly on all sides in a hot oiled frying pan. Put in casserole. Add onions, tomatoes and broth or water. Cover and cook in a moderate oven for one hour. Parboil rice in one cup boiling water until water is absorbed. Add with beans to lamb in casserole. Mix well and cook forty minutes longer. Serve from casserole. The salt and pepper should be added with the rice and beans. To prepare beans, remove strings, stems and tails. Cut through center lengthwise and then diagonally across in inch lengths.

### The Garden

#### LATE STARTED GARDENS

Late started gardens often prove more successful than early spring ones when unfavorable seasons keep cold rains and frosts on top until well into May. The fact that an early start was not made need not deter anybody from starting a garden even in July. Of course the very early spring vegetables, such as early radishes, spinach, and head lettuce, are off the hill, but there are plenty of others to take their place.

Summer and winter radishes may be planted. New Zealand spinach may supplant the early spinach and late planted onion sets will give young onions. Peas are a gamble after the month of May. It hardly pays to plant them. Late May, June and July are bean-planting months. Beans keep on coming, given only warm weather and not too much moisture. A succession is needed and the gardener who likes string beans plants them at two-week intervals till midsummer.

Vegetables to plant now are beans, string and lima, corn, carrots, beets, turnips, late cabbage and cauliflower, tomatoes, peppers, eggplants, okra, cucumbers and summer squash, ample to fill a garden even if the early start was missed, and ample crops are assured with reasonable care and cultivation.

It is best to soak corn, beans and lentil seed over night, or even 24 hours before planting at this season in order to hasten germination. Plenty of fertilizer should be provided and pulverized sheep manure and shadblow cow manure are the most practical and most easily available either to spread or use in, or merely sprinkle on the surface and let the rains take the nourishment to the plants.

For particular attention to hoeing the roots systems will have dryer conditions in which to set their start and keeping the surface stirred will keep the moisture in the soil and greatly assist in getting a flying start even and have blasted new soil on their fall dirt. There are many excellent chemical fertilizers now on the market well worth using. Follow directions carefully with these compounds and be particularly careful not to scatter them on the foliage or too close to the stems.

### GLASS OF FASHION

PARIS—Berry Wall is regarded in Paris as American glass of fashion. Any gentleman in America who has the same opinion of her will wish to note that the crowd she is wearing is a green tulle with blue polka dots and a handkerchief to match in the breast pocket of his grey French suit.

### Red on Navy

A red felt flower is worn with this smart double-breasted navy blue wool jacket with brass buttons.

## HEALTH

MOMENTS WE'D LIKE TO LIVE OVER THE HIGHEST BIDDERS.

### Old Furniture Is Kept and Repaired

Time was when a decrepit rocking chair was relegated to the attic, never again to be disturbed except by explorations of small boys, spiders and bats. But customs change.

### RADIO DEVILISH INVENTION

TELEVISION, Germany—Radio is a-bow in America. Canadian mountaineers, on the other hand, have discovered the benefits of the Frigidaire. A set recently was publicly demonstrated by Mohammedan priests and thrown down a precipice.

### Learn, who flew with Chambers

Learn, who flew with Chambers in across the Atlantic, made millions in the junk business. When that propeller broke and the plane dived toward the non-resistant German earth, we wonder just what his feelings were.

### HOW TO LIGHTEN THE CROSS OF MOTHERHOOD

By George Joyce Hall, M. D., Sacramento, Cal.  
Member George Memorial Institute  
The young man explained that his mother did not seem to be as well as the mothers of his friends. He simply noticed that she was not as "snappy" as other mothers, and had no further information. His mother never complained of pain or discomfort, but he knew she was not well.

But in answer to all his questions the mother answered that she was all right and "No, she didn't want to see a doctor, because there was no need for it." A complete physical examination and her general health was found to be poor because of various mechanical defects resulting from childbirth.

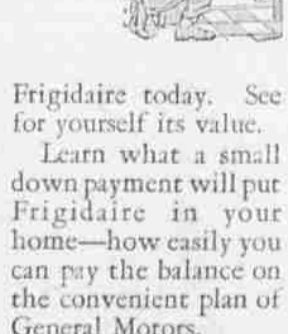

There was a separating of some of her muscles which had the effect of weakening the floor of the abdominal cavity. The general relaxation which follows caused certain organs to be displaced and the dragging on the ligaments caused a backache. At the time of the examination the mother also had that inflammation of the bladder which caused great discomfort. She was constipated and her appetite was below par so that she was really

### undernourished and anemic.

Her explanation as to why she had not sought medical attention was that she thought those things were a part of motherhood, and that it was just one of her "crosses" and that she ought to carry on uncomplainingly. False modesty and lack of knowledge of the true condition was what deterred this mother from having competent advice.

### ERSKINE SIX

The Erskine Six has all the beauty and comfort designed into it by Dietrich, combined with all the power and performance built into it by Studebaker. See it today—America's first fine car of small size.

## By Williams

"Age of enlightenment." The cure for such cases is surgical because the troubles are mechanical. The operations are done without danger and so can be submitted to without worry.

A woman should be just as well and healthy after becoming a mother as she was before she married. If this is not so in any particular case the matter should be taken up with the family physician—immediately and not a score of years later.

There is no sweeter than in the dictionary than that of "Mother" and it seems that her burdens and crosses should be lightened as much as possible. A free discussion of such things with a well trained physician will have the happy ending of prolonged life, making it healthier, more productive, more enjoyable, which is one of the most important objects toward which the Gorges Memorial is working.
