Commission Will Help Counties To Build Roads

PORTLAND, Ore., June 21 (AP)—The state highway commission has agreed to an agreement with various counties on road projects on a co-operative basis of 25-1-2 per cent to be paid by the county, the remainder by the state.

The commission ordered advertised for July the surfacing of the coast highway between Mohler and Gardfield, concluding the work on the Roosevelt highway in Tillamook county.

The commission entered into an agreement with Lane county whereby the county will turn over to the state \$25,500 and the state will build from Lavesell to Oakridge. This project will involve approximately \$300,000. A Klamath department late yesterday requested action on improving the Devil's Garden section of the Klamath-Lakeview highway. The commission agreed that for the Devil's Garden, for surfacing the Beatty-Bly section, from Dairy to the common point and Bly east, which projects will cost about \$325,000, the state will pay two-thirds of the cost, provided the county will pay the remainder.

The town of Gardner has raised \$20,000 to be used on a highway between that town and the forest reserve.

Roy Klein secretary and chief engineer for the commission was unanimously reappointed to his position as engineer as his present appointment will expire shortly. Among contracts awarded were: Josephine county, Redwood highway, Hayes Hill-Shattuck Corner, surfacing Hines and Colby, \$62,077.

Lane county, Deadwood creek bridge, D. T. Eaton Construction company, \$24,656.

Harness and Colby, headquarters at Roseburg.

A CONVINCING ARGUMENT

MENOW—Desperately after three years of fruitless effort to win recognition of his improved method of cardboard manufacture, Gregory Serobowski bludgeoned his way to recognition recently with a roll of his own product.

As a last resort Serobowski went to a professor of the scientific department of the Syracuse school of public economy. He asked for aid, but was refused a hearing and was told to get out. The infuriated inventor seized a roll of his samples and struck the professor in the face. Two months later he received a subsidy of \$1000 for further experiments, less a fine of \$15 for damage to the professional nose.

WIMBLEDON, Eng., June 21 (AP)—Three of America's "big four"—Elizabeth Ryan, Wm. T. Tilden, and Frances Hunter—entered the quarter finals of the singles in the Wimbledon lawn tennis tournament by winning their matches today. The fourth member, Helen Wills, also won a victory, but she only reached the fourth round, being a round behind the field.

Hunter was the only one who had real difficulty, requiring five sets to down the English internationalist, J. C. Gregory. Miss Wills was given a real test by Miss Eileen Bennett, of England, but came through successfully without the loss of a set.

Miss Ryan, although slow in getting started, had few troubles with Miss E. H. Harvey. Tilden ran away with Christian Housens, a young Frenchman.

Mrs. De Autremont Bids Three Sons Goodbye In Jail

MEDFORD, Ore., June 21 (AP)—Mrs. Belle De Autremont, of Lakewood, N. M., mother of the De Autremont brothers, confessed slayers in the Siskiyou tunnel hold-up, weary from weeping, bid her sons goodbye in the county jail yesterday afternoon. The visit lasted over an hour.

Mrs. De Autremont was not present in the court room during the final scene, because she was not apprised of the proceedings until too late.

"I know there could be no human as unhappy as myself," the distracted mother said this morning at the home of a friend in this city. "I have no statement now, and have been unable to make any plans as to the future. I suppose I will go back to New Mexico."

The three brothers, by their own admission of guilt, left for the state prison at Salem Thursday evening.

Hugh was dressed in Roy's suit and pepper necktie. His face was drawn and haggard. Roy wore his own clothes, while Ray was dressed in the new brown suit Hugh wore during the first days of his first trial. Hugh carried in his hand the straw hat he wore the day he came to Jackson county after his return from the Philippines.

Read Narrative—Once in their compartment, the three brothers started reading copies of an evening paper which contained Hugh's narrative of the crime.

As the train started Roy, a smile on his face, waved to the crowd. A few feminine hands fluttered a farewell. There was no demonstration, but a rush of spectators to catch a glimpse of the notorious youths and outlaws.

The De Autremonts spent their last afternoon in the county jail making ready for the trip to prison. They shaved and pressed their clothes, and packed their belongings.

"I might get out in 50 or 60 years," said Hugh, "but I doubt it." Ray and Roy, the twins, were more gloomy about the future.

"Brother and I see no hope, we are willing to pay," said Roy.

All three expressed satisfaction with the sentences. "We're glad we took a load off our consciences," said Roy, the talkative brother, who kept insisting "there are things about this the public don't understand."

Pressed for an explanation, he countered with: "It's a long story."

At the penitentiary today the prison number 2902 was assigned to Hugh De Autremont, and number 2903 and 2904 respectively to Roy and Ray, the twins.

Sheriff Jennings said that on the train last night the boys described to him the place where they caught the shotgun used by them in the robbery. He said he believed he would be able to find the weapon.

PRIZE RING TO MILLINERY

INDIANAPOLIS (AP)—In two years George Mulholland, Butler football star, has gone from gridiron to prize ring and finally to the management of a women's hat store. A foot-and-a-half program by his handlers brought him early defeat, and now he has quit the ring to enter business.

CHICAGO, June 21 (AP)—Vice president Dawes agreed to assist tonight in opening the military tournament of the 317th cavalry reserves, aided by the army cavalry of the sixth corps area but positively refused to ride in a coach drawn by four white horses in a parade.
