DEVIL'S GARDEN CASE IS ENDED

Jury Again Returns Verdict of Guilty Against George Way

KLAMATH FALLS, Ore., June 25 (AP)—Second chapter of the famous Devil's Garden slaying case ended early this morning the same as the first when a jury—swayed from 15 hours of deliberation—brought in a verdict of guilty of manslaughter against George Frank Way, prominent Prineville sheep man charged with killing Timothy T. Murphy, Klamath sheep operator, May 23, 1925, during a dispute over ownership of a black sheep. Way was indicted at Prineville in the fall of 1925. He appealed, the appeal was sustained and the state supreme court recommended the case for retrial. The second trial was a counterpart of the first, virtually no new evidence was introduced either by the state or the defense.

The case was submitted to the jury at 11 a. m. yesterday. Shortly after midnight the jury reported to Presiding Judge J. V. Campbell, that it was hopelessly deadlocked. The jurist ordered further deliberation.

At 3:45 a. m. the jury returned a verdict of guilty.

The defense claimed justifiable homicide, holding that Way and Murphy met in bare fisted combat in the desolate Devil's Garden country of eastern Klamath and that Murphy was killed in the fight. State contended that Way held up Murphy at the point of a gun and beat him across the side of the head with a gun.

Portland Player Leads By Eight Holes in Golf

VICTORIA, B. C. June 25 (AP)—Playing the most spectacular golf ever seen here Rude Wilhelms, Portland, made a first round of 63 this morning at Colwood in the final of the P. N. C. A. amateur championship. He had a lead of 5 holes over Frank Dolp, Portland, and seemed to have the title in his grasp.

Dolp played poorly throughout, hooking his drives and failing to hit his approach puts up to the cup, while Wilhelms played flawlessly in each department of the game. Rude shot even par for the first nine holes to grasp a two-hole lead and when Frank faltered on the 2nd nine, he swept through with pars and birdies to increase his lead on nearly every hole.

Dolp could only have an occasional hole. Wilhelms had birdies on the 14th and 15th holes. Their scores were as follows:

Wilhelm out 454—354—234—55. Dolp out 525—454—344—37. Wilhelms 344—454—434—33. Dolp in 525—455—455—33.

RADIO SYSTEM IS IN PERFECT ORDER

Will Guide Maitland and Hegenberger in Flight to Hawaiian Islands

SAN FRANCISCO, June 25 (AP)—The radio beacon system which will guide Lieutenants Lester J. Maitland and Albert Hegenberger through the air to Hawaii was pronounced in perfect order today as the two army aviators began their final preparations for the hop from the Golden Gate to Waikiki.

On a hillside overlooking the sea here stands one-half of the equipment. It is a 90-foot tower—an instantaneous looking affair, as radio lovers go—surmounted by a triangular antenna. At its base stands a tall stack modestly labeled "Radio Beach Station, United States Army Air Service."

A duplicate of this, the other half of the system has been established at Paia, near Honolulu. The San Francisco station has been automatically equipped to continuously transmit the letter "A" in continental code a dot and a dash. The Paia station will continuously send the letter "N"—a dash and a dot.

Transmit in One Direction—The peculiar construction of the antenna and other parts of the apparatus enables them to transmit radio impulses in one direction only as a searchlight sends its beams in a straight line. The Paia station's radio finger is pointed toward San Francisco, and the San Francisco is aimed straight at Paia.

While the flight is in progress, the two stations will project radio impulses, forming the borders of a narrow lane which the plane will follow. The two radio beams will be but a few hundred feet apart and as long as the plane remains between them it will hear the letter T—a single dash—which is the last character of the letter A, and the first character of the letter N. Byrd Will Not Hop Off Before Monday

NEW YORK, June 25 (AP)—The mid-morning report of the weather bureau today set Monday as the first day when there seemed a likelihood of favorable conditions for the take-off for France of the monoplane America, but there remained a possibility that the flight might be begun tonight or Sunday.

"The region between here and Newfoundland where fog has prevented a take-off during the past few days," said Forecaster James Seare, "is rapidly clearing up, but severe conditions are on the way from a storm center over the lake region."

"It is hardly possible that Commander Byrd will be able to beat this new disturbance. There is a possibility that a take-off may be possible tonight or Sunday morning, but indications are that the take disturbance will swing into the path and bar the flight at least until Monday morning."

The president, accompanied by Cecil Gleason, South Dakota sportsman, and E. W. Starling, secretary service man, had left the summer white house early for a fishing expedition and as the legislators found their way along Squaw creek to Camp Galena, they espied the presidential party hard at work catching the morning trout. They shouted a "hello" and "Well so you later!" as they passed.

FIVE GRANGERS ARE IN FAVOR OF BOND ISSUE

(Continued from Page 1)

HOLLYWOOD, Cal., June 25 (AP)—Hollywood is boiling beneath the surface over the recently announced slashes in all film salaries above \$50 a week. Actors and actresses of the films who face cuts of from 10 to 25 per cent are threatening to organize and fight the mandate of the producers demanding their reduction.

From leading men and women and featured players down to the earners of \$50 per week, indignation today ran the scale. All would talk volubly and heatedly about salary reductions—for private consumption—but each one interviewed refused to stand for a single statement for publication.

From one quarter came the report that the stars and lesser luminaries are getting together with the object of engaging a nationally known attorney to fight the producers on alleged trust grounds.

From another source it was declared the Actors Equity association with headquarters in New York would be asked to unify the salaried of the silent drama.

But so far the only ones who have been willing to come out in the open and discuss the matter are the producers, and they have said it with scissors—cut-out-out!

Forest Fires Are Now Under Control

BAKERSFIELD, Cal., June 25 (AP)—Strategy of fire chiefs battling the great blaze 40 miles south of Bakersfield proved successful last night when the flames were brought under control at 8 p. m. Men with back outfits fought their way in and past the four-mile fire front and back-fired large areas. This expedient checked the rush of the flames toward the forest areas and until between 10 p. m. and 24,000 acres of land had burned over.

The fire has been burning since Tuesday.

and the bond issue.

(Signed) J. C. LEWIS, Mrs. V. H. JOHNSTON, Perry Whitehouse, Master of Cricket Flat Grange, Elgin.

"No one is not opposed to the bonds. The Cricket Flat grange passed a motion endorsing the bond issue at its last regular meeting."

Mrs. Lydia M. Lantz—Secretary, Mt. Panicle Grange—Cove.

"We have never taken any action against the bond issue. Some of our members are vitally interested in the construction of these roads and are working for their completion."

Mr. Charles Moors—Master, Rock Wall Grange—Elgin.

"The statement is all a mistake! The Rock Wall Grange has never passed a resolution against bond roads and just recently went on record as favoring good roads in our community."

Mr. Roy Conklin—Secretary, Union Grange—Union.

"The Union grange has never taken any action opposing the bond issue. Some of the leading members of the grange are among the most active supporters of the good road bonds."

Club Members Home

The club members, who won scholarships at the Union stock show to attend the club camp at O. A. G. have arrived home. The students were Clifford Conrad of Intiner, Durrell Webster, Jane Donohoe, Alvin Mills and Carmen Daniels of Cove. The meetings were spent in classes on homemaking and farming while the afternoons were spent in gymnasium work. About 550 club members from all parts of the state attended the meetings. Miss Jane Daniels was selected from the 550 as having the best cared for teeth in the summer camp.

To Visit Daughters—Mrs. K. Lucile Pary, owner of the Colonial Beauty shop, left this morning for Portland, Ore., where she will visit her mother, Mrs. Mary Brown Lewis and her sister Mrs. C. Allan Constock, of New York. Mrs. Lewis is a lecturer for the Home Economics company and Mrs. Constock is a space buyer for the same firm. From Portland they will go to Idaho City where they will visit relatives. Mrs. Pary's daughters, Cora and Mary Arton are attending the summer at Idaho City and Mrs. Pary will enjoy a visit with them before returning home.

RESTORATION OF RHEIMS CATHEDRAL by the French government is nearing completion. The stonework of the towers has been strengthened and the beautiful structure given back to religious authorities for public worship.
