LITTLE CHANGES IN OREGON MART

Local Wholesale and Retail Price Range and Tone About Same

PORTLAND, Ore., Aug. 1 (AP)—Local wholesale and retail markets opened this morning little changed in general tones and price ranges from Saturday's closing. Country meats and poultry were quoted at steady prices in all lines with trade starting too slowly to effect any immediate changes. However, demand for all lines of poultry is stronger than a week ago and most receipts were lighter over the week end and this morning, giving dealers a chance to clean out a large part of reserves in coolers. The tone on meats is fully firm.

Butter and egg prices are unchanged today on the dairy exchange but curtailed receipts of both with which to meet fairly active demand portend upward price revisions at the exchange some time late this afternoon.

Prices for most lines of fresh fruits and vegetables are steady but tomatoes continue definitely weaker, retailing for 10c per pound for best field run stock. The supply is large. Watermelons have weakened slightly to around 2½c, wholesale, and 3 to 5½c, retail.

The peach supply is off somewhat, and a little undercrop of showing blemishes from handling en route. Best offerings in large sizes of any variety sell for 40c per dozen, retail, but the bulk of supply is ordinary, priced at 30c. Raspberries are now scarce on the public market and priced from 10c up per box. Loganberries are 5 to 10c.

Price Tendency In Wall Street Is Still Upward

NEW YORK, Aug. 1 (AP)—Rising price tendencies ushered in the new week in the stock market. Bullish sentiment was created by the reduction in the call money rate from the renewal figure of 4 to 3½ per cent, the favorable crop outlook and the prospect of good fall business in several of the basic industries.

High grade rails were again in brisk demand. Among the many stocks to register new highs in that group were Atchison, New York Central, Chesapeake and Ohio, Great Northern preferred, Northern Pacific and Erie common.

General Motors crossed 229 to a new peak price for the present stock and a brisk inquiry developed for several of the medium priced issues. Abreham and Straus assumed leadership of the merchandising group by advancing 3 points. Woolworth and City Stores "B" touched new high records.

The closing was strong. Nickel plate and People's Gas rose 5 points, also Chesapeake and Ohio, Eastman Kodak, Timken Roller Bearing and United Drug 3 to 4. Total sales approximated 2,700,000 shares.

SEYMOUR LOWMAN TAKES NEW POST

Begins Active Duty as Chief Prohibition Enforcement Official

WASHINGTON, Aug. 1 (AP)—Formally talking over the office of federal prohibition enforcement, Chief Seymour Lowman, of New York, today declared "Our greatest job is to hold down the activities of the radical wets and the radical drys."

"Temperance and sobriety are commendable virtues," he said. "We want a sober America."

Mr. Lowman, a former lieutenant governor of New York, was sworn in at the treasury to succeed Lincoln C. Andrews as assistant secretary in charge of dry law operations. "I am looking for honest official enforcement of the prohibition law, just the same as other United States laws are enforced," he said. "Disloyalty will not be tolerated in the prohibition service. I have no policy except an orderly business "carrying out the mandates of congress."

Praises Andrews

Assistant Secretary Andrews turned over a "splendid organization for effective work when he resigned," Mr. Lowman said. "Both the coast guard and the customs service which have been greatly augmented are making it very difficult to smuggle liquor into the United States."

Referring to the status of the prohibition bureau, established April 1, Lowman said it was "being on an effective basis by Dr. James M. Doren, prohibition commissioner and other practical men."

Although he was not sworn in until today, Mr. Lowman has been on duty at the treasury for several weeks.

HOLDUPS GET $75

PORTLAND, Ore., Aug. 1 (AP)—Two holdup men drove up to Larry Thurston's garage on Belmont street early today and stuck a gun in his face after they asked to purchase gasoline.

Thurston struck at one of the pair, but they overpowered him, tied him up with wire and emptied his pockets of $75 while he was on the floor. They cut telephone wires to delay warning. Thurston furnished police with a fair description.

End Seen Thursday

If the British, aided by the Japanese, can find no way out of the cruiser difficulty before Thursday, the conference is expected to collapse on that occasion, but hope is still entertained in some quarters that the British will make a move calculated to render further negotiations possible.

"Great Oaks From Little Aconrs Grow"

World events often have their beginnings in small and seemingly insignificant happenings. The first Stars and Stripes unfurled in the face of an enemy was made from a soldier's white shirt, a woman's red petticoat and the blue of a captain's camlet cloth. That improvised flag defiantly snapped in the wind over the revolutionary garrison of Fort Schuyler — the present site of Rome, N. Y. — on Sunday, August 3rd, 1777, 150 years ago.

In like manner, twenty-five years ago, an unknown country storekeeper took a bit of idealism a measure of courage and vision to piece together a policy of merchandising that revolutionized the traditions of a hundred years. Today millions of satisfied customers served by the J. C. Penney Company are mute testimony to the success of this same policy—the application of the Golden Rule to a retail store.

The Big Borrower Is A Big Saver

You can always be sure that the man or corporation who is a big borrower is also a big saver. Maybe he doesn't save entirely by putting so much money in his savings account each week or each month, but he has his business and personal affairs so organized that the income can be accumulated regularly to pay off loans.

Some people save best by buying property or securities with part payments and eliminating the debt gradually. Others prefer to accumulate a necessary amount in the bank and pay off notes or make investments at certain intervals.

In any instance, our banking experience shows that the gradually enlarging estate are started and aided by a definite savings account program. It lays the foundation both for credit and for wealth.

How can you accumulate money to the best advantage? We are always glad to discuss your problems and plans and give you the benefit of friendly counsel.
