Reaction Marks Trading Today In Wall Street

NEW YORK, Aug. 8 (AP)—The stock market turned decidedly reactionary today on heavy selling for both accounts. Selling pressure was most effective against the high priced industrials, several of which broke 4 to 8 points. Rails yielded with the industrials, although the losses were not so large.

The selling of stocks was construed as a further correction of a weakened technical position. Du Pont broke more than 8 points and General Motors 4. Collins and Aikman, Timken Roller Bearing, International Harvester, Coca-Cola, General Railway Signal, Houston Oil, United States Cast Iron Pipe and Manhattan Electrical Supply all sold down 5 or more points.

A few issues moved against the current trend. Bethlehem Steel crossed 69 to a new 1927 peak and International Nickel and Columbian showed considerable signs of strength.

The closing was weak. Federal Mining and Smelting slumped 10 points and Union Pacific, United Drug, National Tea, Allied Chemical, American Smelting and Eastman Kodak were among other shares which sustained large losses. Total sales approximated 2,200,000 shares.

(Continued from Page One)

more, who left last week on a trip to the southern part of the archipelago notified by radio of Governor General Wood's death sent the following statement:

"I am deeply grieved at the unexpected news. Only last week Governor General Wood cabled me that he expected to start back to the Philippines in December. We have worked together more than five years and I have for him the greatest respect and admiration."

Emilio Aguinaldo, former rebel leader, issued the following statement:

"With the death of Governor General Wood America has lost its best administrator in the Philippines—a governor general who sought to improve in a notable way the administration of public affairs. During his administration he rehabilitated our finances which were on the verge of a precipice. Without violating the principle of separation of powers in democratic government he restored public confidence in the administration of justice."

RAPID CITY, S. D., Aug. 8 (AP)—The Filipino people have lost a true friend and the United States a great public servant in the death of Leonard Wood, declared President Coolidge in a message to Mrs. Wood made public here today.

Two Distinct Varieties Of Progress

This seems to be the month to celebrate mechanical progress. On August 11, 1807, Fulton made his first steamboat voyage. Just a bit later—and quite a bit faster — the first steam locomotive made its maiden trip (August 9, 1831) and twenty-six years after that, on August 5th, the first Atlantic cablegram flashed across the ocean.

From steamboat voyage to cabled word seems a far cry, yet few people realize that even greater progress has been made in retailing, as evidenced by the two slogans, "Let the Buyer Beware" and "We Do Business Under the Golden Rule."

The J. C. Penney Company like to feel that we too have helped the progress of honest storekeeping by our steadfast adherence to the Golden Rule. Our customers know that they can have confidence in us, that our integrity, as well as our merchandise, is above reproach.

The Golden Rule is the "solid rock" on which we have built our business. The day of the dishonest storekeeper is rapidly passing.
