## MENUS

By Sister Mary  
BREAKFAST—Orange juice, cereal, cream, eggs poached in milk on toast, crisp toast, milk, coffee.

LUNCHEON—Onions on toast, sliced tomatoes, nut bread, leaf salad.

DINNER—Broiled fresh salmon, drawn butter and lemon sauce, steamed potatoes, boiled eard, cucumber jelly, gooseberry fool, milk, coffee.

Gooseberry fool is a popular English dessert but one that is not quite infrequently in this country. Gooseberries are stewed until tender but not broken in water to cover. When removed from the fire they are sweetened generously and very thick, sweet cream is poured over the hot fruit. The woman who lives in the country and has this thick cream at her command will find this dessert something her city guests will relish and "enjoy" over.

Onions on Toast  
Four Bermuda onions, four rounds hot buttered toast, 1 cup milk, 2 tablespoons butter, 1 1/2 teaspoon flour, 1/2 teaspoon pepper, 1/2 teaspoon salt, 2 tablespoons minced parsley.

Peel onions. Boil, uncovered, for one hour. Drain and cover with fresh boiling water and 1 teaspoon salt. Cook gently until tender. It will take about an hour.

Arrange toast on a hot platter and on each round of toast place an onion. Pour over the same, made by stirring flour into melted butter and slowly adding milk, stirring constantly until boiling point is reached. Season sauce with salt and pepper. Sprinkle top of each onion with minced parsley and serve at once.

By Chas. Raser, M. D., Oakland, Cal.

Member Gargas Memorial Inst. Indigestion means, technically speaking, the lack or failure to digest and assimilate food properly and is not a disease, but a symptom. In other words, you may have indigestion but there is a disease or a lesion of some organ in the body that causes it.

People with indigestion suffer from bloating, belching of gas, sour stomach, heart burn, known as some localities as "water breath," sick stomach and vomiting, rumbling of gas in the bowels, constipation and diarrhea, either singly or alternately, headache and dizziness, and pain or cramps in the abdomen either immediately or two or three hours after eating food.

If you have indigestion you probably will not have all of these symptoms, but you will have some of them.

Indigestion may be acute or chronic; that is, it may come on suddenly, or it may continue over a period of several years and not disable the patient in the sense that the nerve does, but handicap him so that he is unable to compete with his well-fellowman. So-called acute indigestion is usually ushered in with severe cramps in the abdomen, vomiting, and diarr-

hea, and demands immediate and adequate medical attention, or a disastrous result may follow.

Diseases of the digestive organs, such as appendicitis, disease of the liver, ulcers of the stomach and duodenum, are common causes of indigestion. Many diseases of the nervous and respiratory systems cause indigestion, and it is common where there are diseases of the generative organs in the female.

The most common time in life for indigestion to appear is from thirty years of age on, although it is not uncommonly encountered in very young individuals. Indigestion occurs often in victims of cancer and, sad to say, it is usually present many years before the cancer appears, and for that reason one can see how important it is to seek proper medical advice early.

When you first notice the indigestion consult your physician. By examining you thoroughly, analyzing your symptoms, and discovering the cause of the indigestion he will be able to treat you intelligently and scientifically.

## School Annuals Judged—Show a Big Improvement

O. A. C. Corvallis, Aug. 7.—High school annuals of Oregon as a class showed greater improvement this year than ever before, according to judges of the fifth annual high school yearbook contest conducted here by Sigma Delta Chi, national journalistic fraternity. Competition was so keen among the 45 annuals entered that many that failed to place this year excelled winners of a few years ago.

Franklin high school "Post" won the cup in the first division among schools with 400 or more registration, thereby capturing first place for Portland for the first time in history. Salem "Clarion" which took first honors the first three years of the contest placed second. Grant high "Memories" of Portland and Medford "Crater" tied for first honorable mention while Albany "Whirlwind", present holder of the cup, and Hood River "Mascot" came next. These five will be awarded certificates of merit as a permanent record of their achievement.

McLaughlin high of Milton-Prezwater captured second division cup among schools between 150-400 with the "Oregon Trail." Second honors were taken by the Molalla "Arrow" which was good enough to crowd the Graham "Munhineu", present cup holder, to first honorable mention. The Silverton "Silverton" rated just below the Graham book, with the Grants Pass "Toto" and North Bend "Esperia" tied for

next place. The third division cup for high schools below 150 is the only one that will not move this year, as the Enterprise "Hi-Life" again finished at the top of the heap, though Astoria "Hooda" was a close second. The Sheridan "Sheridan" took first honorable mention with the Corvallis "Cohorters" and the Rain "Rain" tied for next place and the Bandon "Tiger" taking the final merit position. All books were judged on value, form and originality of contents, make-up, cost, printing, engraving, and cover. It so happened that the first division winner was low in cost with a cleverly designed paper cover.

Alton Hamilton remarks to his friend Carl de Mel as he offers him a Lucky Strike at the Manor Country Club.

Herbert Brenon, noted Film Director, writes:

"During the pandemonium of motion picture production—as in my direction of 'Beau Geste'—I find Lucky Strikes are not only soothing to tired vocal chords, but they have the best flavor. The constant use of my voice in my work demands that I keep it in condition. Lucky Strikes are the only cigarettes which protect me from an irritated throat, and which I enjoy to the utmost."

Herbert Brenon

You, too, will find that Lucky Strikes are mild and mellow—the finest cigarettes you ever smoked, made of the finest Turkish and domestic tobaccos, properly aged and blended with great skill, and there is an extra process—"It's toasted"—no harshness, not a bit of bite.
