

GEHRIG AND RUTH ALL SQUARE NOW

Bambino Evens Up Matters with 38th Homer in Yesterday's Game

By the Associated Press. The Ruth-Gehrig home run controversy is all square once more.

George Herman Ruth selected the eleventh inning for this thirty-eighth homer yesterday and the hit, besides tying his team mate, won another ball game from the Chicago White Sox, 5-2.

Home runs played deciding roles in half of yesterday's games in the majors. Trip Speaker's four bagged led the way in Washington's 6-1 win over the St. Louis Browns in the first game of a double head-

2-2. A home run by Babe Herman, Brooklyn substitute, put the skids under the Chicago Cubs, National League leaders, 5-5.

Charley Dressen's home run in the eighth broke a 1-1 tie and gave Cincinnati a 2-1 victory over the Philadelphia Athletics.

Pirates Win. Hornsby's home run won the first game of the Giants-Pirates series, but his error yesterday paved the way for Pittsburgh's 4-1 victory.

He missed an easy grounder with a double play in sight. Three runs followed on the heels of the misplay.

The St. Louis Cardinals were late in getting started against the Boston Braves, but they won 7-3.

Detroit started a recent pitcher against the Boston Red Sox, Billings, a Brown university product, not only finished the game but held the Bostonians to four hits, Detroit winning, 5-2.

The Philadelphia Athletics made it three in a row from Cleveland, battling Hudlin and Brown for a 4-1 decision.

Two Young and Brilliant Golfing Aces Are Once Again in National Limelight

By Alan J. Gould (Associated Press Sports Editor). NEW YORK—Two of America's youngest and most brilliant athletic aces, Bobby Jones and Helen Willis, whose conquests abroad have been among the year's main features, will step out simultaneously this month in bids for further honors on home soil.

While the "Queen of Tennis" encounters a formidable international field in the American women's championships at the West Side club, Forest Hills, L. I., the "King of Golf" tackles his native rivals in the National Amateur Championship over the Minikahda links at Minneapolis. Both tournaments are scheduled the week of August 22.

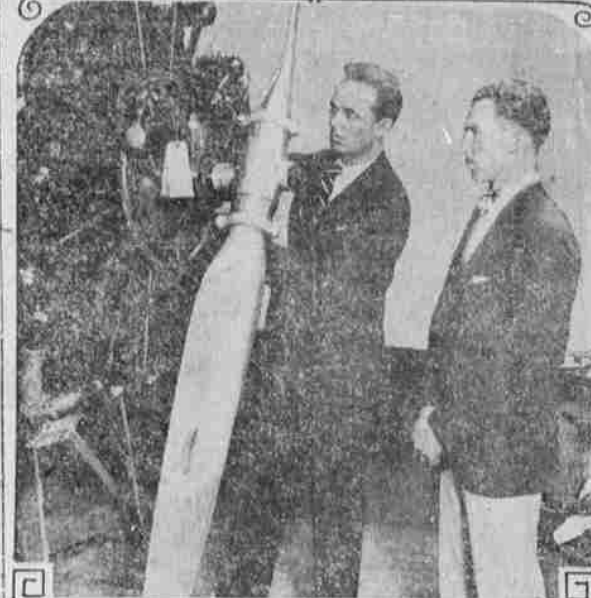

As a result of his return to form that both Jones and Miss Willis showed in England—the former in capturing the British Open for the second straight year and the latter in taking the women's crown at Wimbledon—they will start as favorites in the title quests at home.

Helen, at 21, and Bobby, at 25, are among the youngest in their fields, but rank as veterans, nevertheless. The California girl won her first national title at the age of seventeen. Since then she has lifted it twice more, besides securing Olympic and Wimbledon triumphs.

Jones has been seasoned in national and international competition for ten years. He has taken hold the American Open, the British Open and the American Amateur, the title he will shortly seek to regain.

Miss Willis has perhaps the easier assignment. She has already conquered this season most of her leading rivals at Forest Hills. Abroad, Miss Willis defeated Kitty McKane Godfree and Joan Fry, the two ranking British stars. At home she easily disposed of her Berkeley rival, 18-year-old Helen Jacobs, who has divided two

Record Air Jaunt Their Plan

A flight from Long Beach, Calif., to Tokio, Japan, or to Melbourne, Australia, is the aim of Captain James L. Giffen (right) and his navigator, Theodore Lundgren. The two men are shown inspecting one of the twin motors of their giant triplane. If Australia finally is decided upon, their flight over the 7000-mile route, with a stop probably at Guam for fueling, would be a record. The Hawaiian Islands would be their first stop on a journey to Japan.

CHURCH HAS INVISIBLE CLOCK

TALLAHASSEE, Fla.—Tallahassee has a clock which is heard but not seen. Years ago the clock was placed in the tower of the First Presbyterian church, built during territorial days. For some reason the hands were never connected, finally the whole mechanism was enclosed. As long as older residents can recall, however, the clock has struck the hours. It would be wonderful if laws could be made strong enough so that weak individuals could not break them.

Railroad Restores Kansas Capitol

PORT RILEY, Kas. (AP)—The first capitol of Kansas, now a roofless structure of crumbling stone, will be restored to its aspect of 57 years ago.

A western railroad will assume the entire expense of restoration, amounting to \$20,000. The building is located on the Fort Riley reservation near here.

Hand-hewn lumber, like that in the original building, will be used in the reconstruction.

The building was completed in 1875. The lower floor was used for the house of representatives and the second floor for the territorial council, as the senate was called in those days.

RUN ON CZAR-ROUBLE PUZZLES GERMAN BANKS

BERLIN (AP)—A surprising run on the old czar-rouble has been attracting the attention of German banking circles. They are at a loss to explain this sudden and increasing demand, chiefly by German and English holders, for the practically demonetized Russian bank notes.

Some believe that a British movement is on foot to propagate and lend financial backing to a Russian monarchial restoration. Others think it is merely a scheme on the part of a number of smart speculators who hope later to sell these valueless banknotes at a profit.

Below this, it says: 'I REMEMBER now how my friends used to tell me about Prince Albert; how they would make what sounded like the most extravagant claims for it; and how I would say "Uh-huh," and proceed to fill my pipe from the same old package. I just didn't know! But I found out. One day, the store where I buy my tobacco didn't have my old brand. I heard another customer standing beside me say "Prince Albert" to the man behind the counter. All that I had heard about Prince Albert came back to me in a flash. I bought a tin. "Took a chance," as I thought. As I opened it, I was met by the most inviting fragrance I had ever known. I thought of the woods after a gentle rain. It made my mouth water for a taste of such tobacco in my pipe. I tamped-in a load and lighted up. What a taste! Cool and sweet and mild, with just enough body to make every puff a smoke-experience. I tried another load—and another. I was "sold." P.A. was my brand from then on. My only regret is that I didn't make the discovery sooner. Good old P.A.' Below the text is an image of a Prince Albert tin. At the bottom, it says: 'PRINCE ALBERT —no other tobacco is like it!'
