BUTTER HIGHER; DEMAND GROWING

Egg Market Is Firm—Trade Active in Fruits and Vegetables

PORTLAND, Ore., Aug. 30 (AP)—The growing demand among local wholesale dealers for greater supplies of various grades of cube butter is reflected in today's dairy exchange quotations which are from ½ to 1c higher for three grades.

Standards and prime firsts are each up 1c to 43½c and 42½c, respectively, while firsts are advanced ½c to 38½c. The price of extras remains at 43½c. With the advance of standards, butterfat also went up a cent, automatically. Storage withdrawals of butter were large yesterday, amounting to 28,195 pounds.

Although the egg market is very firm, dairy exchange quotations on wholesale grades remain unchanged from yesterday. Storage withdrawals totalled 553 cases yesterday.

Trading is active in fresh seasonable fruits and vegetables. Loose packed Gravenstein, Duchess and local cooking apples are selling at from $1.50 to $2.00 per box, while wrapped and packed stock moves at $3.25.

Poultry and dressed country meat prices were generally steady in the early wholesale trade this morning. Poultry receipts are now coming in lighter than during last week.

POULTRY

SAN FRANCISCO, Aug. 30 (AP)—(U. S. Bureau Agricultural Economics)—Broilers: leghorn 1 to 1½ lbs., 34@40c; fryers, leghorn, 2 lbs., 30@32c; young roosters and pullets, colored, 2½@4 lbs., 31@32c; leghorn hens, 2¼@3 lbs., 17@19c; large colored hens, ranch, 21@26c.

BUTTERFAT

SAN FRANCISCO, Aug. 30 (AP)—Butterfat f.o.b. San Francisco, 50c.

Chinese Asked To Search For Missing Three

PEKING, Aug. 30 (AP)—The Chinese foreign office was asked by the British legation today to institute inquiries regarding the fate of an American, an Englishman and a German who left Kansu province for India in June and of whose whereabouts there has since been no word. The party consisted of V. G. Plymire, of the American Assembly of God mission; M. Watkinson, of the China Inland mission, a Britisher, and Dr. Filchner, German explorer.

Additional apprehension over the fate of the three men has been aroused by receipt of an official telegram from Sikkhim India stating that "three Europeans" were slain in Chinese territory near the Tibetan border by tribesmen.

When the foreign consuls throughout China instructed their nationals to evacuate the interior early this year, because of the anti-foreign sentiment among the Chinese, Mr. Plymire, deeming the route to the Chinese coast too dangerous, decided to travel to India. He was joined by Watkinson and Filchner.

B. G. WORK DIES

AKRON, Ohio, Aug. 30 (AP)—B. G. Work president of the B. F. Goodrich Tire and Rubber company is dead in St. Marks, Switzerland, said word received at the company office here today from their New York representatives. Death was attributed to heart disease from which Mr. Work had been ill some time.

TRUCK LINE FILES SUIT

PORTLAND, Ore., Aug. 30 (AP)—The Portland-Roseburg truck line, has filed suit in circuit court to recover damages of $2022.71 from the Southern Pacific company. The complaint states that one of the truck line's trucks with trailer attached, was struck by a Southern Pacific engine at East First and Salmon streets Portland, on May 16, 1926.

The use of light in the treatment of sick persons was advocated by a physician early in the 19th Century after noting that sick animals always lie in the sun.

Bread treated with ultra-violet rays, made and sold by a Welsh baker, is being fed, with favorable results, to children suffering from rickets.

PHONOGRAPH'S GOLDEN JUBILEE

(NEA, New York Bureau)

Thomas A. Edison explains the original phonograph to Governor A. Harry Moore of New Jersey during the celebration at West Orange commemorating the 50th anniversary of its invention. Edison made his initial talk over the radio on this occasion, reciting "Mary's Little Lamb," which constituted the first phonograph record.

Frequent Price Shifts In Wall Street Trading

NEW YORK, Aug. 30 (AP)—Frequent shifts of speculative sentiment imparted a decidedly irregular price trend in today's stock market, which was again featured by the establishment of record by several of the leading industrials. Cotton prices broke about $2.50 a bale on the publication of the government's boll weevil report, but recovered more than half the loss by early afternoon.

Chief interest centered in such stocks as U. S. Steel common and General Electric, each of which advanced 2½ points to new highs at 144 and 148⅝, respectively, and in American Can and Goodrich, which also attained new tops.

Speculation in the motors quieted down somewhat. In the oil group Atlantic Refining and Houston were hard hit, but General Asphalt suddenly developed a burst of strength.

Atlantic Coast Line broke 1 points and heaviness developed in several of the southwestern rails.

The closing was steady. U. S. Steel, Colorado Fuel, General Electric, Allied Chemicals, American Smelting, National Biscuit and Postum all advanced from 2 to 4 points. Total sales approximated 1,800,000 shares.

COTTON MARKET ACTIVE

NEW YORK, Aug. 30 (AP)—The government report on the activities of the boll weevil and other insects in the cotton belt, showing increasing injury to cotton was followed by wide and erratic fluctuations in the cotton market today, and prices fell off under heavy selling.

At first reading, the trade evidently regarded the report as less bullish than expected and twenty-two contracts, which early had sold at 23.63 cents a pound or 28 points above yesterday's closing quotations, broke to 22.70 cents within a comparatively few minutes, a drop of $4.65 a bale from the high level of the morning and about $2 from yesterday's close.

As more of the report was read, however, buying orders seemed to come into the market and more than half of the loss was quickly recovered.

Old Royal Edict Bars River Bathing

PARIS (AP)—River bathing in the open is forbidden in Paris, but only lately have the police learned that they are enforcing a decree of Louis XIV, adopted in 1655.

When a woman and her husband, both in bathing suits, were arrested recently the loud protests they registered caused the authorities to dig up the ordinance they were enforcing.

The police had orders not to permit bathing in the river Seine but they did not know why. They know now that the rule is absolute and that costume has nothing to do with it.

In scores of entirely bathhouses along the river, however, thousands bathe daily. Much family linen is washed in the dozens of big laundry boats moored to the banks in the center of the city.

PRESIDENT HINDENBURG LIKES HUNTING STORIES

BERLIN (AP)—There is one subject that pleases President von Hindenburg more than any other, according to Prof. Hugo Vogel, his painter, who recently published a book entitled, "When I Painted Hindenburg."

"Hindenburg is most agreeable when there is a hunting party in the offing," Vogel writes: "He likes to narrate hunting experiences. His eyes then sparkle with joy. Big game is his passion."

Hindenburg's favorite hunting story was told him by an old hunter who visited great army headquarters in October, 1916. The story is that a hunter laid traps for days high up in a pine tree, only to discover to his utter astonishment the next day that he had caught a big carp instead of a bird. An eagle had caught a carp in a nearby pond. As it was about to fly over the tree, a hunter leveled his gun at the eagle, which in its fright, dropped the carp into the trap.

Recorder of the city of La Grande, Oregon.
Aug 26-10t.

NEWSVENDOR REMARRIES FORMER WIFE AT SEVENTY

BERLIN (AP)—Karl Neher, 70, one of the best known characters of Munich, has married again his former wife, from whom he was divorced 20 years ago. Everyone knows the white-haired newspaper seller, who is called the "Cuckoo" because of his habit of imitating that bird on entering a restaurant to sell his papers.

The wedding, which was a popular one in every respect, lasted from noon until well after midnight. Free beer was liberally donated by the Loewen Brewery.

Making up a shopping list

The hall needs a new rug. More towels are needed for the bathroom, and the kitchen floor could certainly stand a coat of paint. The children need shoes. The car will soon need tires. Well, we buy a hundred new things every year.

Scattered throughout the United States are manufacturers who make the very things we need. Their products are on sale in certain stores within easy reach. Certain of these products, and certain of these stores, are especially fitted to take care of our special need. But which products and which stores? Which can we afford, and which do we think is best? We must look to advertising for advice.

Advertising is the straight line between supply and demand. It saves time spent in haphazard shopping. It leads you directly to your goal. By reading the advertisements, we can determine in advance where the best values are to be found. With the aid of advertising, shopping becomes a simple and pleasant business, and the budget figures bring more smiles than frowns.

From the pages of this paper you can make up a shopping list that will save you money
