

**USE****Veltex***At Dependable Dealers Throughout  
The County*

# FOR SPEED! FOR POWER!! FOR ECONOMY!!!

Speed—power—economy! Essentials for any accomplishment—requisites of all progress! An inferior product cannot survive and any institution unworthy of public confidence cannot prosper.

Veltex gas and oil have gained their position of success through merit alone. This company—first independent in the state—has grown with Eastern Oregon. Now throughout Union and Wallowa counties, in every city and town, there is a Veltex sign and a Veltex station—dependable dealers capable of giving you perfect service.

This is a home company in every sense of the word—a company with appreciation for the obligation to the car owners of this territory. The standard of quality maintained is the fulfillment of that obligation.
