

A NEW AUTOMATIC OIL BURNER MODEL
AND A NEW LOWER PRICE!

YOUR HOME ---Deserves The Convenience of Oil Heat

Don't Miss Seeing This New Plant — More
Quiet Running — Cheaper to Buy and to Run

A new oil burner model! Simplified, improved in a score of ways, made so quiet that you can barely hear it run—and a new lower price with greater fuel economy. You can no longer afford to be without the convenience of oil heat in your home. It not only operates with less fuel expense but it will save half again as much each year in cleaning bills, in eliminating damage done by coal dust and dirt to rugs, draperies, and clothes. Don't miss seeing this new burner.

FURNACE WORRIES GONE FOREVER—CLEAN, PERFECT HEAT!

With oil for fuel you are freed from furnace work forever. The desired temperature in your home is maintained automatically by the thermostatic control—clean, perfect heat in every room all the time. No fires to build, no ashes to remove, no coal to shovel. And it's cheaper than the old way. Get the new price and let us tell you about the new fuel economy. There are 22 Oil-o-Matic plants in operation in La Grande homes.

NOW ANY FARM CAN HAVE THE CONVENIENCE OF A FAIRBANKS-MORSE HOME
WATER PLANT—

A NEW PLANT AND A NEW PRICE \$78

F.O.B. Portland

210 GALLONS PER HOUR CAPACITY!

What more remarkable progress than this! Where it formerly meant an investment of several hundred dollars for a dependable Fairbanks-Morse Home Water Plant, modern efficiency has brought this new, compact plant to you for only \$78, f.o.b. Portland. Any farm home can now have the joy and convenience of running water, under pressure, throughout the house and to outbuildings. This latest model has a 210 gallon-per-hour capacity—adequate supply with practically no expense for automatic electrical operation.

YOU'VE NEVER HAD SUCH AN OPPORTUNITY!

The same convenience of running water that you'd enjoy in the city—that's your proud possession when this Fairbanks-Morse plant is installed in your home. Never have you had a more attractive opportunity for home improvement than this. You can arrange satisfactory monthly payments, if you wish, and we'll be glad to give you a complete demonstration of this remarkable new model. The 420 gallon-per-hour plant is now priced at only \$112 f.o.b. Portland. We have over 160 Fairbanks-Morse Home Water plants installed in this territory.

Entirely
Automatic

This Fairbanks-Morse water plant is entirely automatic and requires practically no attention at any time. It operates automatically when a water faucet is turned—constant pressure, abundant supply.

The motor can be connected to any electric outlet—costs practically nothing to run. A perfect, efficient water system for your home.
