

THE WALLOWA WONDERLAND BRINGS MORE VACATIONISTS AND TOURISTS TO THIS SECTION THAN ANY OTHER THING

CONTRIBUTING to the NEW WEALTH and PROSPERITY of EAST OREGON

Comfortable Rooms, Private Baths In Picturesque Lodge

The new Wonderland Lodge provides comfortable, thoroughly modern quarters in a most picturesque setting. Rooms can be had with or without private baths, also connecting rooms with bath between. A spacious lobby, rustic in architecture, is ideally adapted for friendly hours of bridge or reading, with the huge fireplace throwing out cheery light and warmth during the cool evenings.

The dining room is modern in every respect and carefully planned menus and expertly prepared food fully satisfy the vacation-edged appetite. Food for camping trips back in the mountains and for hiking picnics is prepared on short notice.

Three Score Lakes—Miles of Rare Mountain Streams and Scenery

Beautiful Wallowa Lake, set among towering mountain peaks, is but one of the attractions offered to the vacationist who appreciates wonderful scenery and exceptional fishing and hunting.

In the Wallowa Lake basin are more than three score mountain lakes, some of them at an elevation of more than a mile and a half above sea level, and each rivals the others in charm.

The famous Wallowa Falls and the sparkling, racing river which tumbles down the canyon are a source of wonder to all visitors but they are only a small part of the unusual scenic region here. Miles of rare mountain streams invite the fisherman—and good forest trails make access easy.

Mountains that are snowcapped the year 'round raise their heads over 10,000 feet. Every variety of mountain scenery and geological formation greets the eye. And bordering this virgin fastness is the granite canyon of the Snake River—one of the deepest and most rugged canyons in the world.

The value of the Wallowa Wonderland as a contributing factor in Eastern Oregon's development and as a means of attracting a rich and beneficial tourist business to these two counties is being realized more and more each year. No single institution or attraction in Eastern Oregon brings more vacationists and visitors to this section than Wallowa Lake Wonderland.

Outsiders, who have other resort and vacation regions with which to compare the Wallowa country, are enthusiastic about it and predict a development in the next few years that will make Wallowa a tourist feature equal to that of the national parks. The potential wealth that such development offers is tremendous and will be a big influence in furthering the progress of Union and Wallowa counties.

September-- The Ideal Month At The Lake

Special Weekly Rates In Effect

Visit Wallowa Wonderland during September—an ideal vacation month here. Arrange for one or more of the special trips back into the beautiful lake basin. Good horses, experienced guides, and complete equipment for your comfort and enjoyment are provided for you. The experience is one that you will never forget and will not be excelled in any section of America for scenic beauty, mountain grandeur, and fine fishing.

Private cabins or hotel accommodations can be reserved—and special weekly rates are in effect for September. Write or telephone for rates and the class of accommodations you would desire.
