

A SCIENTIFIC HEALTH INSTITUTION

Serving The Entire Pacific Northwest

This rapidly growing and expanding institution offers outstanding service to La Grande and Union County.

Originally built around the famous hot springs, its scope has broadened until now it is a nationally recognized health center, offering the services of highly trained specialists for both medical and surgical cases.

Keeping Well People Well

is a service the medical profession offers for the advancement of health and happiness. The Hot Lake Sanatorium, in line with progress, pays special attention to the Prevention as well as the treatment of disease, and is prepared to give periodic health examinations which every well person should have.

Our complete X-ray and diagnostic equipment, modern laboratory and hospital facilities, together with the well known efficacy of the steam and mud baths, enables us to care for all patients in a scientific and approved manner.
