**COLONIAL RANGES—MADE FOR WESTERN FUEL
FAMOUS UNIVERSAL RANGES AND HEATERS
WESCO HEATERS AND PARLOR FURNACES
UNIVERSAL SUPER HEATERS**

Our great annual fall showing of stoves and ranges starts tomorrow. We have arranged a wonderful display of these nationally known brands on our main floor—an exhibition of America's

finest stove products. All ranges, heaters and parlor furnaces are featured with reduced terms and free premium offers. Here are real opportunity days for the homekeeper.

**COME TO THE
GREATEST RANGE
AND HEATER DEM-
ONSTRATION EVER
STAGED IN
LA GRANDE**

Colonial Ranges

*The Western-made Range that
has been the Choice of Western
Cooks for two generations*

The Montag has its enviable record among housewives because—

It is a splendid baker

Bakes evenly, quickly, and thoroughly.

It saves fuel

The wide and shallow Montag firebox means quicker heat and more heat from less fuel. Burns western wood or coal with equal satisfaction.

It is convenient

Many labor-saving devices. Porcelain enamel parts can be washed like china. Plain design eliminates dust-catching crevices.

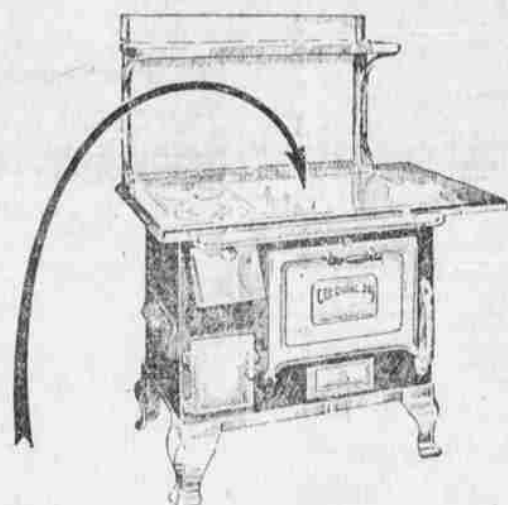

It is beautiful

Well-proportioned, with finest quality Montag porcelain enamels in gray, white or Santone. Montag nickel trimmed.

It is so sturdily made

Entire range is manufactured and assembled in the great Montag plant, to the highest possible standards of quality. Best gray iron polished tops, properly reinforced; Toncan rust-resisting ovens, electrically welded to be practically seamless; oven bottoms of French construction, which eliminates warping.

FREE

**THE GRAND PREMIUM
GIVEN BY THE FACTORY
A BEAUTIFUL NEW RANGE**

By special arrangement with the manufacturer this beautiful wood and coal range will be given away during our range demonstration. You may be the lucky one to get it. Come in and learn about the rules of this free range event.

UNIVERSAL PORCELAIN COAL RANGE

The Range that is built as well as human ingenuity can make it.

Universal Ranges are designed by master craftsmen who have made a careful study of home requirements and with an intimate knowledge of the housewife's daily problems and tasks have created a range which aside from its mechanical perfection is one which offers every modern improvement which would tend to eliminate labor and drudgery and save time.

Its many exclusive mechanical features enables you to cook and bake with absolute assurance of success and permits you to easily and accurately regulate your cooking temperatures.

Further there is no range as economical of fuel as a Universal.

The Universal Coal Range has a beauty of appearance which distinguishes it as a range apart—equally as distinctive as its beauty is the outstanding quality of its construction.

The Universal, is without exaggeration, a range which will render you a lifetime of perfect, satisfactory service—one which is literally indestructible and which after years of constant use will still preserve its original lustre and beauty.

Universal Ranges are made in a variety of models which enables you to choose a range which will not only meet the requirements of your home but also one which will satisfy your own individual tastes.

ONE HEATER GIVEN

FREE

**During This
Demonstration**

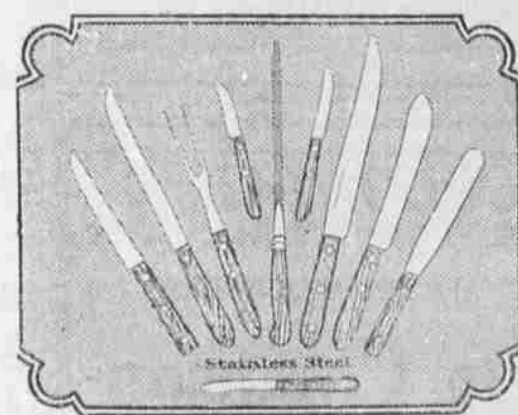

This valuable premium is an great heater demonstration. Come in and ask for details.

YOUR OLD STOVE TAKEN IN EXCHANGE

Don't Fail To See These New Model Ranges-You've never had a better chance to see what's new in range improvements

Regardless of the type and condition of your old range, we will make you an extremely liberal allowance on it, which will be deducted from the purchase price of a new model Montag Colonial or Universal. This is an ex-

cellent opportunity to dispose of your old range on a profitable and favorable basis. An old worn out range is not only unsightly and a constant source of irritation to the housekeeper, but is likewise a steady drain on the family purse—wasteful of fuel and food alike.

FREE WITH EACH RANGE

With every range or parlor furnace purchased during this demonstration we will give absolutely free this practical ten-piece set of kitchen cutlery or if you already have such set you may choose a guaranteed electric waffle iron.
