Pretty Wedding Takes Place In Catholic Church

Miss Louise O'Connell, daughter of Mr. and Mrs. J. P. O'Connell of this city, married the bride of John Griffin of Spokane, Wash., yesterday morning at nine o'clock at a beautiful wedding, which took place at Our Lady of the Valley Catholic church here, the Rev. Father D. Moynihan performing the ceremony.

The wedding took place before an altar decorated with flowers and tall candles. Miss Irene O'Connell accompanied her sister as bridesmaid and Dr. A. M. Moore acted as best man. The bride was given away in marriage by her brother, J. P. O'Connell.

Four altar boys, Jack Galvin, Edward Galvin, Jack Clark and Edward Clark, preceded the bride and groom to the altar. The bride wore a gown of white tulle with a high collar and long sleeves. She carried a bouquet of white flowers. The groom wore a tuxedo and carried a sword.

The bride was charmingly dressed in a one-piece tailored costume with hat to match, in black and white. She carried an arm bouquet of lily of the valley and hollyhock. After intercession and prayers, the bride and groom were joined by the Rev. Father D. Moynihan. The ceremony was simple and beautiful.

Following the ceremony, a reception was held at the home of the bride's parents. The bride and groom were surrounded by friends and relatives. The celebration was a happy and memorable occasion.

Striped Tulips Coming Back

There is a decided revival of interest in the striped tulips. Both from an historical standpoint and in the real beauty and oddity of the flowers they are deserving of wide planting. It was the striped tulip that formed the basis of Holland's tulipomania, a wild speculation in bulbs. The striped tulips are regarded by some authorities as the most desirable, but this is one tulip class where mixed bulbs are satisfactory. If you are unfamiliar with these striped tulips a small planting will prove of unusual interest. The Rembrandts are the most striking of the lot and the Bizarres show the most unusual colorings. They require the same treatment as the other tulips.

Since the tulipomania time a new class of striped tulips has been added known as the Rembrandts. These are broken forms of the Darwin with the same sort coloring in rose, red and lavender and purple on white grounds. They have the Darwin height and shape and are unusually fascinating tulips. These stripes may well be planted in mixed colorings.

The two principal classes are known as the by-blondes and by-blondes and are striped forms of the cottage tulips. The by-blondes have white grounds marked with shades of red or purple, being subdivided into roses and violets, and the blazons have yellow grounds variously marked with red, purple and broken tones. To these must be added the strange parrot tulips, with large flowers and slashed petals, in various markings of red and yellow and sometimes with green stripes.

The last two classes are shorter stemmed than the Rembrandts. They also have smaller bulbs than the Darwin Cottage or Bizarres types. They should be planted by N Avenue Friday evening at 7:30 o'clock. The committee in charge will furnish the entertainment. All members are urged to be present.

CARRY A WALKING-STICK

By Samuel W. Kelley, M. D., Cleveland, Ohio

The only always available outdoor exercise for Mr. or Mrs. Average Sedentary Citizen is walking. What a blessing it is that it is as good as it is cheap! Walking requires less artificial apparatus than any athletic game. Apparatus? One can take a walk with the outfit which nature gave, but one can get more out of it if a walking-stick is carried.

All claim to know the benefits of walking and how to do it, but no one takes the swivel-chair friend takes his boasted constitutional— with his coat buttoned so that he can hardly move and his hands in his pockets. So many men have that stupid habit of pocketing their hands.

And observe, Madam! Not having pockets, she carries a muff or a handbag to avoid moving her arms naturally. Not that I want people to walk as though they were swimmers practicing the trident stroke, but my notion is that Mr. or Mrs. who when out walking will do well to keep hands out of pockets or muff and to carry a walking stick. Canes are proper, not merely for dandies, old men and cripples. Carry a cane and keep it moving. No need to endanger the passers-by nor to break the show windows, but change the stick from hand to hand, grasp it and shake it. Let it slide a little through the fingers, then grip it again. If there is room in the path, take the stick in both hands in front, behind, over both shoulders, and diagonally behind. Using it swordwise, slip the top from a roadside weed or clip a pebble with the ferrule. One who habitually carries a stick learns many maneuvers that develop strength and suppleness of fingers, wrists, arms and shoulders.

used as an autumn party serve brown bread sandwiches filled with cream cheese with individual molds of salad.

One tablespoonful gelatin, 4 tablespoons cold water, 1 1/2 cups sweet cider, 2 tablespoons lemon juice, 1/2 teaspoon salt, 2 tablespoons sugar, 1/2 cup nut meats, 1/2 cup finely diced celery, 1/2 cup seeded white raisins, lettuce, salad dressing.

Soften gelatin in cold water. Heat cider with salt and sugar to the boiling point and pour over softened gelatin. Stir until dissolved and add lemon juice. Let stand until cool and beginning to thicken. Add nuts, celery and grapes, skinned and seeded. Turn into a mold and let stand on ice until chilled and firm. Serve on a bed of lettuce with a cooked salad dressing.

Father finds he has to make allowances for the boy in college this year, and that allowance has several meanings.
