

COST LESS

than "cheaper" overalls because they give more wear

You're willing and glad to buy an overall that will give you longer wear. Yet it's hard to tell the difference between overalls, as they're all blue and look about alike. But here's a test that will settle the point of longer wear for you.

Toss the ordinary overall on the scales and read the weight. Then place the same size in an Oshkosh B'Gosh Overall on the same scale. Watch the indicator go past the previous mark, one—two—three—four—five—yes, sometimes six or seven ounces!

That's the story! Heavier denim has larger, stronger threads and more of them to the inch, hence it wears longer and gives you more for your money.

There is no other overall that will weigh as much as Oshkosh B'Gosh! There is no other overall that will wear as long or actually cost as little. These are not idle statements. We will gladly prove the former to you in our store. You can prove the latter by trying an Oshkosh B'Gosh in actual service. That's the final test. Remember, "they must make good or we will."

WEATHER SLOWS PRODUCE MARKET

Butter Shows Disposition To Weaken; No Change in Wholesale Eggs.

PORTLAND, Ore., Sept. 28 (AP)—An abatement of the local wholesale trade in produce has been observed today, owing to the weather. Prices today remained practically at yesterday's levels in almost all transactions.

The butter market shows a new disposition to weaken after an extended period of steadiness. The earlier undertone seems due to larger supplies, most of which comes from country creameries. Country butter prices are 1/2c lower on the dairy exchanges today, but prices of other grades are barely holding. Storage holdings were reduced 10,440 pounds yesterday. No changes were effected in wholesale egg quotations on the exchange. The 20c grade was removed from storage.

The local wholesale trade in country creamed milk and poultry is quiet and quotations were generally unchanged. Receipts in all lines were about normal.

Trade Irregular In Wall Street; Sales 2 Million

NEW YORK, Sept. 28 (AP)—The stock market gave an impressive demonstration of strength today under the leadership of the investment funds and public utilities, several of which attained record high prices.

Chicago and Ohio assumed the leadership of the rail group by climbing nearly 6 points to a new high record for all time at 29 1/2. Nashville, Chattanooga and St. Louis followed a similar gain while Houston and Ardmore, Norfolk and Western, Texas and Pacific, Memphis, Louisville and Nashville, New Haven and Pittsburgh and West Virginia advanced 2 to nearly 4 points.

Amalgamated Power and American Water Works (new), with gains of about 4 points each, led the advance in the public utilities.

Renewed selling of Remington-Union carried that issue to a new low record.

The closing was irregular. The market was staggered by a late, unexplained movement in the utilities and copper. Both American Smelting and General Motors sold about 2 points under their previous close. U. S. Steel got under 1 1/2 and Mack Trucks, Hudson Motors, General Railway Signal, Kennecott Copper, Houston Oil and Burns Brothers "A" were conspicuously heavy. Investment railroads and utilities held well against the "bear" raid. Total sales approximated 2,000,000 shares.
