SUNSHINE AGAIN FAVORS SERIES

Warm Day for Second Game—Pipgras and Aldridge to Pitch

PITTSBURG, Oct. 6. (AP)—Bright sunshine with a cloudless sky was in prospect for the second game of the world series today between the New York Yankees and the Pittsburgh Pirates. An early morning fog quickly disappeared, producing an ideal October day. Weather bureau officials expected a mid-morning temperature of 67, a mid-afternoon temperature of 67 and a high of 67.

PITTSBURG, Oct. 6. (AP)—Finding himself in a position to gamble as a result of the Yankees' 5 to 4 victory over the Pittsburgh Pirates in the opening game of the world's series, Manager Miller Huggins today crossed the exerts by naming George Pipgras to pitch for the Yankees in the second game.

The New York manager, who is always willing to take a chance when he can afford it, is nominating Pipgras, a young pitcher who had performed nobly for the American league champions this season but was yet to receive the stern initiation ceremonies of a world series.

Aldridge Gets Call
Pittsburg, a game behind as a result of playing yesterday's game for fun, was prepared to put up a desperate battle today to get even and manager Donie Bush called on Vic Aldridge to throw curve balls at the Yankee sluggers, who did no slugging in the first game.

Pirates Beat Themselves
As the series opened each manager in a most sportsmanlike manner expressed a hope that the better team would win. In the first game it was a case of a team losing. The Pirates, exhibiting a defense badly run down at the heat, beat themselves. The Yankees, in winning, needed the help of the Pirates. The contest resembled the first game of the series.

TOUGH ON TEX
NEW YORK (AP)—Verily a promoter's life is a hard lot. Tex Rickard is involved in 50 fights, legal battles—and is spending most of his time in conference with lawyers. "Everybody I ever have done business with and a lot with whom I haven't done business seem to be suing me," he says.

Cheese is one of the richest of all common foods in calcium. Many Americans do not get enough calcium in their foods to furnish the quantity of this mineral needed for building and repairing teeth and bones. Cheese made from whole milk contains a considerable quantity of fat also. The protein of cheese is the same efficient kind as that in meat.

Cold weather has its charm, too. We won't have to listen to the radio next door.

What! Coon Dog Industry Fixed!

Coon dog owners in Ohio are awaiting with interest the outcome of a suit for \$50,000 filed by Cal C. Beatty of Warren against the promoters of a recent championship coon hunt at Kenton. Beatty charged that his dog, Gold Corn (above), was deprived of the grand championship through a conspiracy. He charged that the dog given the honor didn't even qualify in the preliminaries.

Gentlemen Spend \$1750 Yearly on Clothes, Report

LONDON (AP)—It costs exactly \$1,750 each year to be a "gentleman" in London, according to a noted Savile Row tailor, but the small items, like silk underwear and collar buttons, are extra.

Some men in society's vanguard still call upon their tailor four times annually and order two dozens suits at a time, costing up to \$15,000 a year. But the real London "dandy" of today spends from \$3,500 to \$4,000 a year on his clothes, the tailor asserts.

The perfect kit of the well-dressed Englishman, according to a Mayfair tailor, is something like this:

- 2 evening dress suits \$250.00
- 1 dinner jacket suit 100.00
- 4 town suits 300.00
- 2 morning coats 125.00
- 2 cashmere trousers 55.00
- 1 blue serge suit 45.00
- 2 country tweed suits 125.00
- riding, hunting, golf and tennis kits 250.00
- 2 flannel shirts 112.00
- 3 overcoats 150.00
- 4 white dress vests 85.00

The shirtmaker's and hosiery bill runs to \$750 a year. The fashionable outfitter presented a bill to a well-known man about town for 46 neckties at \$1.50 each.

Boots and shoes worked out at \$25 a pair while for country house and hunting meetings special boots are "built" for \$42.

Down Piccadilly way folk judge men by their hats. The London "gentleman" usually stocks a derby, four or five felt caps and regularly orders two silk hats a year at \$12 each.

On top of all this the well-dressed society man orders a new court suit every three years for wear at Royal functions, while if he is a keen follower of hounds he needs two pink hunting suits and breeches a year, maybe more, depending upon his horsemanship.

There are many well-garbed men in London who spend much more on their clothes than women, the tailor aver.

Junkers Plane Safe in Lisbon After Sea Bath

BERLIN, Oct. 6. (AP)—Reports were received today from Nordenflyn stating that a Junkers plane D-1230 landed in Lisbon this afternoon.

LISBON, Oct. 6. (AP)—The Junkers plane D-1230, which was forced to descend into the sea yesterday off Cape Roca en route from Amsterdam to Lisbon, was not damaged and is awaiting the arrival of a tug which is proceeding to the spot says a message received today from Santa Cruz.

The advice said that the D-1230 which is on a flight from Germany to the U. S. by way of the Azores, descended in the sea last evening because of a heavy fog just north-west of Lisbon. Neither the machine nor its occupants who included Lilli Dillenz, Viennese actress, was injured and it was hoped that the flight to Lisbon could be resumed today.

The seaplane this morning was surrounded by fishing boats and that the flight to Lisbon could be resumed today.

Just to state a great truth in
another way—Camel is so exactly
what so many smokers
want that no other brand is

If all cigarettes were as good as Camel you wouldn't hear anything about special treatments to make cigarettes good for the throat. Nothing takes the place of choice tobaccos.
