Mrs. R. L. Ralston Is Hostess At Bridge-Luncheon

An attractive party of the autumn season took place Friday afternoon when Mrs. R. L. Ralston entertained at a bridge-luncheon at her home on N. avenue.

Luncheon was served at 1:15 o'clock, after which six tables of bridge were enjoyed for the remainder of the afternoon. A color scheme of blue and gold was carried out in the decorations of the rooms and the luncheon tables, bouquets of the season's flowers being used.

Mrs. P. L. Lilly made high score at cards and the second prize went to Mrs. W. H. Leisman. Mrs. H. J. Green received the consolation prize.

Lucky Thirteen Club Entertained

UNION (Special)—The first meeting this season of the Lucky Thirteen club was held Friday afternoon when Mrs. George Baird was hostess at an attractively appointed luncheon at the Kozy Korner Cafe.

A four-course luncheon was served at 1:30 o'clock at one long table, which was decorated with bouquets of the season's flowers. Covers were laid for 13.

Following luncheon the guests were taken to the home of Mrs. W. H. Phillips in South Union, where three tables of bridge were enjoyed during the remainder of the afternoon.

ENTERPRISE (Special)—Mr. and Mrs. Harry C. McClay entertained a number of friends Friday evening at their home on Main street, three tables of bridge being the diversion of the evening.

Mrs. Stewart Bennett made high score among the women and H. C. Cobb was high among the men. Stewart Bennett received the consolation prize.

At the close of the card games a two-course luncheon was served by the hostess, assisted by Mrs. W. C. Strickler.

UNION (Special)—Mr. and Mrs. Bert Knight entertained the members of the T. B. club, Wednesday evening at their home in North Union.

Four tables of bridge were formed during the evening and high score among the women was won by Mrs. Fred Fox. Walter Cook received the men's prize and the consolation prize went to Mrs. L. Z. Terrill.

Bouquets of the season's garden flowers were arranged about the rooms. Following the card games a two-course luncheon was served by the hostess assisted by her daughter, Amaryllis, and Miss Vivian Smith.

The club will meet again Wednesday evening, Oct. 13, when Mr. and Mrs. W. W. Stevens will entertain.

DON'T NEGLECT A CHILD'S LIMBS

By V. A. FANK, M. D., F. A. C. S., Vincennes, Ind.
Member Gorras Memorial
If a child limps, even though it be very slightly, the cause should be determined at once. It must never be dismissed as a trivial matter. It is so easy to think a protracted limp is caused by rheumatism. Countless errors are continually being made by careless parents in attributing a limp in a child to some simple cause until the disease causing the limp has converted the little patient into a hopeless cripple.

Children do not limp from rheumatism longer than a few days. When the limp is protracted for a week or longer, it is a warning that something very serious may follow. In a large percentage of cases the cause of the limp is due to muscular rigidity consequent on an inflammatory bone disease. This is true irrespective of the presence or absence of pain as experienced by the child. The bone disease may be a beginning tuberculosis of the spine, the hip, the knee, or any other bone or joint of the entire body. If these cases are taken to a physician in time practically all of them can be cured; but, if allowed to proceed untreated, the use of that portion of the body will be lost, unsightly deformities will develop, stumps which will perhaps give trouble rapidly occur, and even death may follow.

An intermittent limping is very rare, but is a most important symptom. It is due to an obstructive interference of the circulation of the leg, caused by prematurely

thickened arteries. This is frequently due to congenital syphilis, and a blood test should be made in such cases. If the reaction is positive, the physician will know immediately the kind of treatment that child should have.

A waddling may be noticed when the baby begins to walk. That is a symptom of rickets, which means that the child is undernourished. It may have had plenty of food but not the right kind. If the child's diet is corrected and if it gets plenty of sunlight, it will very rapidly and most surely get well. Your doctor will know what the baby needs.

Some of the waddling children, however, have dislocated hips. It may be on one or both sides. They have perhaps been dislocated all the life of the child, but not detected until the child begins to walk. These little patients must have x-ray plates taken in order to show beyond a doubt what the condition is.

Some children have a stumbling gait and are awkward. This condition is most noticeable when they run, because there occurs a spastic contraction of the muscles of the calves of the legs. The child generally walks with a shortened step, the knees somewhat bent, and the feet everted. These children all have flat feet. The time to correct this deformity is while those feet are growing and developing. They should not be taken to a shoe store and have ill-fitting arches put in their shoes. They should be put into the hands of a physician.

Have the little ones treated when the disease is beginning before a permanent damage has been done, and you will avoid much regret, x-ray-therapy, and lectures when they are old enough to learn really too late what might have been done for them.

Women's Clubs of Two Cities Meet

UNION (Special)—The first meeting of the Women's club after adjournment during the summer months was held Thursday afternoon at the Union hotel.

Luncheon was served at 1 o'clock at one long table, which was prettily decorated with bouquets of asters.

After luncheon a business session was held in the hotel living room with the vice president, Mrs. Frank Conner, presiding.

Mrs. L. P. Mossman, of La Grande, chairman of the art division for the Oregon Federation of Women's clubs, was a guest of the club and gave an interesting talk on art.

The next meeting of the club will be Thursday, Oct. 20, when the election of officers for the ensuing year will take place.

ENTERPRISE (Special)—The Enterprise Women's club resumed its activities for the new year with an enthusiastic meeting held Thursday afternoon at the K. P. hall.

A three-course luncheon was served at 1:30 o'clock, with the new officers, Mrs. J. D. Walker, president; Mrs. Leo Forsythe, vice president; Mrs. Tom Hatcliff, secretary; Mrs. Astwood, corresponding secretary, and Mrs. J. C. Swayne, treasurer, in charge.

Fifty members and visitors were seated at the long tables, which were decorated with the season's flowers. Mrs. Walker presided over the luncheon.

After an interesting business session, when plans for the coming year were discussed, the following program was given: Mrs. A. K. Parker and Mrs. Homer Jamison, two duet numbers, accompanied by Mrs. Nina Gilson at the piano; toast, "Being a Club Member," Mrs. George Galley; toast, "The Old Swimming Hole and the New Swimming Pool," Mrs. L. E. Jordan; humorous reading and encore, Mrs. Harry C. McClay; toast, "Entertainment of Our Young People," Mrs. J. Dobbin; pianologue and encore, Mrs. L. Lee Williams, accompanied by Mrs. Frazier Craig at the piano; talk on the scholarship loan fund, Mrs. Tom Hatcliff; vocal duet and encore, Mrs. A. K. Parker and Mrs. Homer Jamison, accompanied by Mrs. Gilson.

Leo Forsythe was called upon to tell the women of the club about the enlargement of production and distribution facilities of the Enterprise Electric company.

The next regular meeting of the club will be held at the school house with Mrs. L. Lee Williams chairman of the committee in charge.

11,105* doctors give written opinions.

WHAT is the quality that Giuseppe Danise, Queena Mario, Adam Didur, Antonio Cortis, Nanette Guilford, Wilton Lackaye, Lenore Ulric, "Roxy," and other famous singers, actors, broadcasters and public speakers have found that makes LUCKY STRIKES delightful and of no possible injury to their voices?

For the answer we turned to medical men and asked them this question:

Do you think from your experience with LUCKY STRIKE cigarettes that they are less irritating to sensitive or tender throats than other cigarettes, whatever the reason?

11,105* doctors answered this question "YES."

Consider what these figures mean; consider that they represent the opinion and experience of doctors, those whose business it is to know.

No Throat Irritation—No Cough.

"Roxy," a favorite in Radio-land, writes:

"During a strenuous rehearsal, with the work entailed in operating the World's Largest Theatre, where one's nervous system is working under great pressure, there is nothing quite like a 'Lucky Strike' cigarette. It does not impair the voice, and gives the mental relaxation so essential to carry on."
