

Building and Improvement

BUILDING PERMITS FOR WEEK EIGHT

B. A. Bengston to ERECT a \$2800 Home in 1500 Block on V Avenue

Several building permits, including one for a \$2,800 home, were issued by City Recorder J. E. Stearns last week. These small permits were also issued this morning before 10 o'clock, indicating that a considerable amount of building yet remains to be done in La Grande in spite of the approaching winter weather.

The permits issued last week, from Oct. 17 to Oct. 22, inclusive, follow:

Oct. 17—G. W. Hunsford, to erect a garage on J between Sixth and Seventh, to cost \$250.
Oct. 17—Charles E. Hildebrandt, to alter and repair a business place on Jefferson between Chestnut and Depot, work to cost \$345.
Oct. 18—H. L. Mohr, to erect a garage on Walnut between Wash-

CABINETS

A SOUTHERN BUNGALOW

ALICEL PERSONALS

ALICEL, (Special)—Mrs. W. R. Ledbetter and daughter, Marie, were shopping in La Grande Saturday afternoon.

Mrs. M. E. Wallinger, Mrs. W. R. Ledbetter, Mrs. Herbert Speckhart, Mrs. Carl Butler, Mrs. Ray Fuller and Misses Mary and Margaret Taylor attended the county all meeting in La Grande last Wednesday.

Mr. and Mrs. Sam Ruckman attended the funeral of Lester McAnish Saturday afternoon.

Reed Taylor and Omar Ruckman drove to Pendleton Friday to attend the football game.

The small daughter of Mr. and Mrs. Paul Knutts has been quite ill.

Mr. and Mrs. Ray Fuller were shopping in La Grande Saturday afternoon.

Mr. and Mrs. Al Hug, of Pumpkin Ridge, spent Sunday at the George Conklin home, Mrs. Hug and Mrs. Conklin are old friends having attended normal school together.

Date Conklin finished picking his apples last Monday.

Mrs. J. I. Kuhn is working on the grader at the Furman apple warehouse.

R. M. Murphy returned home last May he first went to Red Oak, Ind., where he visited friends and relatives. From there he went to Michigan, Ohio and Pennsylvania, thence to four islands, N. Y., where he spent some time with his parents. While in New York he went to sea and visited an aged woman who taught the school he attended when he was only 14 years old. She is now 90 years old. On his return trip he attended the old soldiers re-union at Grand Rapids, Mich.

Mr. and Mrs. Henry Leach's spent Sunday with her parents, Mr. and Mrs. W. R. Ledbetter.

Rough McKennon has finished digging his potato crop and has them stored at Imbler.

Herbert Speckhart returned

Man, O Man. Look here! That 100% pure Monarch paint is going over big. I want to tell you what some of the painters are saying about it. One painter says that it is strong stuff. He made his remark that it would cover a wash on the fly. Another says that Monarch covers better than any paint he had ever used. Someone asked the other day what was the difference between pure paint and 100% pure. I might ask you a question. What is the difference between Portland and La Grande? I'll answer my own question by saying about 300 miles. Any paint that is ordinarily classed among the better paints can be marked pure prepared paint but a great per cent of it contains pure ground white sand, pure chalk and pure ground rock. But when you see a can marked in big red letters 100% PURE you know it's the real thing. Uncle Sam (not your Uncle Claude) steps in and says, "Look here, fellows, this paint can contains nothing but pure white lead, pure oxide of zinc and pure linseed oil. That is the reason it is going over big."

It is only 10 minutes till ten and it is raining this morning, but in spite of it all, we have sold better than 50 gallons of pure Monarch paint, besides a quantity of oil. People now are beginning to recognize the fact that 100% pure Monarch paint goes fast and sets hard.

My police dog is still on patrol. Look out for your trousers after dark.

Rural Electric Service Study Is Carried On

The problem of rural electric service is being attacked in a broad way through round-tables on the relation of electricity to agriculture, composed of representatives of the Farm Bureau Federation, National Grange, Individual electric plant manufacturers, Society of Agriculture Engineers, General National Electric Light Association, Electrical Manufacturers Association, and the departments of agriculture, commerce and interior of the United States government.

Oregon has one of these committees seeking to foster investigation and research work that will develop the problems involved in applying electricity to farm work; develop methods and equipment that will make successful use of electricity possible in meeting and solving the production problems of agriculture, and render the home and living conditions in agriculture farm homes better by the use of electricity. The object of the committee is entirely non-commercial.

Rural electrification is making remarkable progress and development in the application of electricity to agriculture. In 1925 there were 165,000 farms in the United States which were obtaining service from the electric light and power companies. In 1926 survey shows 277,500 farms in 27 states were supplied with electric service. In 1927 these 27 states had only 122,000 electrified farms, so that 155,500 farms were added in the three year period ending December 31, 1926, an increase of 14.6 per cent in the 27 states reported. If this increase continues there will be approximately one million electrified farms in this country by the end of 1932 and three million by 1935, which is nearly equal to one-half of the total farms in the country. More than a hundred different practical applications of electricity to agriculture have been developed.

The man who invented the postcard is to be honored with a monument in Vienna. We only hope they don't carve on it: "Having a fine time; wish you were here."

from a hunting trip last week with a deer weighing 255 pounds. This is the largest one he has ever killed although he gets one nearly every year.

W. R. Ledbetter will begin digging his potatoes the first of the week.

HILGARD PERSONALS

HILGARD, (Special)—Mr. and Mrs. Herb Myers, from Dolac, were guests of Mr. and Mrs. Guy Thornbrue over the weekend.

Mrs. Mary G. Young was a La Grande shopper Tuesday.

William Cantrell was a La Grande visitor Wednesday.

Mrs. Alex Matheson was a La Grande shopper Thursday.

Mr. and Mrs. Guy Thornbrue have purchased what is known as the old Beauchamp place. They are going to build a log house and make that their home.

Miss Geneva Cant was a Hilgard visitor from La Grande Friday.

Mrs. P. Y. Young went to La Grande to attend the funeral of Mr. Hiddle Saturday afternoon.

Mr. and Mrs. Carl Kelse and family were La Grande shoppers Saturday.

Jack Bacon and Sam Nixon, from the Mt. Emily camp, were

ELGIN PERSONALS

ELGIN, Ore., (Special)—The boy scouts held their regular weekly meeting here Tuesday evening. Five of the boys finished their second class work and were given second class badges.

These were Ronald Schobes, Fred, Erick Terpany, Donald Lindert, Bill Blanchard and Ray Scott. After this business meeting the evening was spent playing games and socially. Refreshments were served at the close of the evening.

Then the boy scouts washed and put away their own dishes. Besides the 14 scouts there were Fred Terpany and E. Russell Scott, of La Grande. A good time was reported by everyone.

The Eastern Star gave Mrs. J. F. Bator a farewell party Tuesday evening in the Masonic hall. She was presented with a gift in appreciation of her work in that

order, where she is a past worthy matron.

Mr. and Mrs. J. F. Bator are leaving Elgin to make their home in Portland soon. The Bators have been residents here for many years and there are many who regret their leaving. Mr. Bator owns a share in the Elgin flouring mill.

The rock crusher is moving from its location on Cricket Flat to Minnam. The road work in this section has been completed.

Mr. and Mrs. Dean and family, of Baker, have moved here for the winter. Mr. and Mrs. Dean are picking apples for Lester Long.

J. W. Brown returned home from a business trip in Washington the first of the week. He is back in the store again.

The Improvement club gave a farewell party Thursday afternoon at the home of Mrs. McKendzie for Mrs. J. F. Bator. The house was decorated for Halloween. Light refreshments of ice cream and cake were served.

The Pythian Sisters held their regular meeting Thursday evening, when they presented Mrs. Bator with a lovely box of stationery.

The Elginians appointed a committee to select a gift for Mrs. Bator as a token of appreciation for her work. They presented her with a white gold bracelet. Mrs. Bator was very much pleased.

Charles Crogan resigned as mail carrier on route two recently. Leo Widell, who has been substituting for him, has taken this work.

Mrs. Frank Tolrock died at the Grande Ronde hospital Wednesday where she had undergone an operation. The funeral was held from the Presbyterian church. Mrs. Tolrock is survived by her husband and three children Myrtle, Mae and Mrs. John Hill.

Dan Chandler, who has been laid off at the Mt. Emily camp, is home for a few days.

Mr. and Mrs. Joe Tracy have moved into town. They are working in the apple orchard.

Cliff McKenough, city barber, has been taking his vacation. He and his wife are picking apples for Weatherston.

The high school entertainment held at the Opera house Thursday evening was a success. The high school orchestra, which has just been started, played several selections and the chorus sang four numbers.

Supr. Agent led the singing with Mrs. Cross at the piano. Those taking part in the contest on "Why We Need an Auditorium" were Ina Scott, Jeanne Dehman, Edwin Reem, Leonard Carey and Albert Thamsussen. The American Legion gave \$5.00 to the one who gave the best talk. Leonard Carey received the prize with Jeanne Dehman a close second. All of the talks were excellent and very worthy of mention.

Dr. J. A. Wenderlich, of La Grande, was here on business Thursday afternoon.

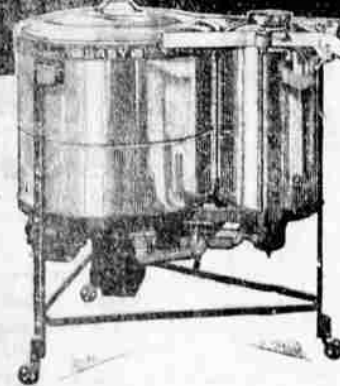

The county public health nurse, Miss Marguerite, was here Thursday afternoon.

Miss Flora Crutskank is spending the weekend with her parents, Mr. and Mrs. W. R. Crutskank, on Cricket Flat.

Where It Costs Less for Whole-Home Winter Comfort

—In the home that's heated with a Sunbeam Warm-Air Circulating System! There the whole home is warm, cozy, comfortable, healthful! There the children can play on the floor and the old folks can sit by the windows and sew or read! There more heat is obtained from the fuel that's consumed, and it's better heat, because it's a healthful heat—heat that's moistened—heat that's circulated to give perfect ventilation.

Possibly your heating system does not measure up to these desirable requirements. Then the Sunbeam story will interest you. Ask us for full details. We will make a study of your present equipment and tell you frankly how it can be improved—make a new heating plan for you and give you cost estimates, without obligation.

SUNBEAM WARM-AIR FURNACES
