A TIP ON PSYCHOLOGY

A colored porter in a hotel was asked why rich men usually gave him small tips while poor men were liberal. "Well, sah boss," he answered, "I don't know, 'cept the rich man don't want nobody 't know he's rich, and the po' man don't want nobody 't know he's po'."

"My father went from New York to Boston on a bicycle."

"Yeh? Well, I went from New York to Atlanta on a sentence."

What has become of the old-fashioned youngster who could grow up without having to call more than one man papa?

After witnessing quite a number

of productions, we wonder if any moving picture scenario is ever rejected.

The Literary Digest quotes this church notice from the New York Times: S. P. M.—Yawn Service, 11th street side of church. Mr. Barr will preach.

The reason it's so hard to have flowers and chickens on the same premises is that flowers don't grow very well inside chickens.

Intellectualism: Also, it is better to have loved and lost than never to have been able to enjoy the delicious sensation of being absolute master of the post envelope.

"Why did we ever come to such a desolate place as this?"

"But, my dear, you suggested it yourself."

"Well, then what did you agree for?"

The camera never lies, and it takes a family album to convince some people that the truth is a terrible thing.

A vulture is said to be able to fly more than 100 miles an hour.

The vulture is the bird of ill omen, and its swift flight is typical of the swift approach of misfortune, which appears from a clear sky without warning. You cannot prevent misfortune; but you can insure against loss that misfortune can cause. Intelligent insurance service is the specialized business of this company.

**Breakfasts That "Stand By" You**

**Quaker Oats Urged Widely by Authorities**

**FOREMOST** educators, editors as well as leading business institutions like General Electric Company, now are widely urging breakfasts that "stand by" as an important aid to success.

That's because it is now known that over 70% of the day's important work, in offices, stores, etc., falls into the four morning hours—the hours from 8:30 to 12:30.

In most American schools, including Princeton, Yale, most State Universities and some 2,000 grade schools throughout the country, 80% of the important classes are held before luncheon.

Thus, largely on expert advice, millions now start days with Quaker Oats—food that "stands by" one through the morning.

Excellent balanced in protein, carbohydrates, minerals and the important Vitamine B, this delicious food is ideal for banishing listless mornings.

Today get Quick Quaker that cooks in 2 1/2 to 5 minutes or regular Quaker Oats at grocer's.
