Irregularity In
Stock Exchange
Trading Today

NEW YORK, Dec. 5 (AP)—Early irregularity in today's stock market gave way to a period of heaviness which was featured by the widespread liquidation of the oil shares. Trading showed a marked falling off in volume.

The opening of congress revived fears of adverse legislation in some quarters although it was generally agreed that business would benefit from the new tax schedules likely to be adopted during the present session. Atlantic Refining broke 6 points by early afternoon and the pan-American issues sank to new low levels for the year.

American Republic on the other hand showed independent strength, gaining nearly 6 points. A few strong groups developed in the automotive group but General Motors was again in rather free supply. U. S. Steel common and other standard industrials also made little headway. Rails were mixed. International Harvester was run up 1 1/2 points to 25 1/2, a record figure, and Montgomery Ward and Sears Roebuck reached new peaks. Movements elsewhere were confused. U. S. Industrial Alcohol rallied 6 points from its early low.

Total sales approximated 2,300,000 shares.
