UNION PERSONALS

UNION (Special)—Mrs. Wiley Blawett, who underwent an appendicectomy at the Hot Lake sanatorium a couple of weeks ago, will be able to return to her home at Union some time this week.

Cecil Griggs, agriculture teacher in the Union High school, read "The Other Wise Man" to the members of the Epworth League Sunday evening.

Cochran took his basketball boys to North Powder last Friday night for their first game of the season. Union won by the close score of 12 to 11. Those who took part were Parent, Wilder, Orton, DuLap, Miller, Cochran and R. Cox. Goodgood, of Union, refereed.

This week will see two double

header contests on the local gym floor. Thursday evening Powder comes here for a return game and will bring the girls' team to play the Union high school. This game will open the season for the girls' team here. On Friday evening Pendleton will be here to play the Maroon and White quintet. This will be the first game between Union and Pendleton for several years. Two games are scheduled with the Buckaroo team but as Pendleton is not in this district these games will not count in figuring the standing of the Union team. A preliminary game will be played also on Friday night.

Appropriate Christmas programs were given Tuesday afternoon in the various school buildings and the grade children were given candy and nuts. Beautifully decorated trees and red and green balls and chains gave the schoolrooms a holiday appearance.

Last Friday when Wash Hillman was driving along the highway east of Union he met a heavy truck. In attempting to slow down the truck skidded and crashed into the wood shed belonging to Mr. Hillman, doing considerable damage. Fortunately neither Mr. Hillman nor his team was injured.

Celery and apple salad with mayonnaise dressing is good at this time of the year. Sprinkle the apples with lemon juice after paring, slicing or dicing them. The juice will keep them from turning dark and adds to the flavor. Dice the celery, mix with the apples and arrange on lettuce. A few chopped nut meats may be added.

Electric Sets* scientifically correct

KOLSTER RADIO

No batteries of any kind!
You simply buy your Kolster Electric Radio, plug into the nearest light socket, switch on, tune in and... the world of broadcasting is yours!

Nothing to attend to at all. Simply switch on and play it.

To make the best electric set at the lowest possible price was the problem Kolster determined to solve. These sets are the solution, and they show those extra dollars of value which will win your decision.

Compare values and... you... will... buy... Kolster.

for example:

6K. This is the sturdy full console type (Hartley-Lee) Kolster Radio. 4 tubes of vacuum, with special built-in 6.35 speaker. Price... \$250

The 6F is the six tube table model type (Hartley-Lee) Kolster Radio, enclosed in attractive mahogany cabinet. 160 Post. Price... \$160

Kolster Electric Sets use the new A-c tubes in batteries of 4 or 5 and standard 250 volt supply or 50 volt transformer (100-120 volt—40 cycles). Tubes not without adapters.

Kolster's batteries operated models range in price from \$50 to \$275. There is also the Six-Tube Power Cord Speaker at \$175. Rechargeable cells are available on a battery equipment.

Many people all around La Grande and in La Grande are finding out that Royal Coal is not common coal. It doesn't leave whiskers on the stove lids and it is clean and hot, burns a long time, very light in ash and put out with a money-back guarantee. If you don't like Royal coal call us up and we will come and haul it away and refund you every cent of your money. That is fair enough, is it not? Our Royal coal trade is getting to be enormous.

Also we have about 100 sacks of splendid Setted Corn studs. If you will come and haul them away yourself you can have them for 48¢ a sack but if we deliver them in 5 sack lots we charge 60¢ apiece.

The Lino glass is not only proving but has proved what it will do. The lens appreciate it so much that they cackle louder and lay more eggs and you don't have them for that, can you? The soft white material that the Lino glass is made of admits the violet rays while the ordinary window glass is made of melted sand and admits sunlight but does not admit the violet rays. The said substance is too hard. We are learning some wonderful lessons in these modern times. You can hit harder with a soft club, you can also ride farther on soft rubber tires than you can on steel Goodbye. Come in and get some Lino glass.
