Stanges Honor College Girls At Hotel Party

Probably the most delightful holiday party for the younger set this season took place last evening in the ballroom of the La Grande hotel, when Mr. and Mrs. August J. Stange and their daughter, Miss Jane Stange, entertained in honor of Miss Ann Stange, Miss Betty Cochran, Miss Dorothy Eberhard and Miss Trillian Ashby, who are home from college for the holidays.

The ballroom was attractively decorated for the occasion with festoons of red and green hangings from the rafters which made the ballroom, and sprays of white and red holly. A large moon peered from a Christmas wreath and red and green candles burned on a prettily arranged service table at one end of the room, from which luncheon was served later in the evening.

About 60 couples of young people joined in the grand march at the beginning of the party, when programs were given out. Another grand march was held later in the evening when each guest was given a favor, the girls receiving candy miniature fans and the boys clever little caps.

A feature of the evening was the singing of "The Sweetheart of Sigma Chi" by Tom Bruce to orchestra accompaniment.

The parents of the honor guests, Mr. and Mrs. George T. Cochran, Mr. and Mrs. Colin H. Eberhard, Mr. and Mrs. H. N. Ashby and Mr. and Mrs. Stange, were present in addition to Dr. and Mrs. Lee Bouxy, Mr. and Mrs. G. L. Larson and Mrs. W. P. McAdory.

Miss Ann Stange and Miss Betty Cochran are attending Mills college in California, Miss Dorothy Eberhard is a student at the University of Oregon, and Miss Trillian Ashby is attending the Annie Wright Seminary at Tacoma, Wash. The four girls plan to leave Sunday night for their respective schools.

Members of Home chapter, Order of the Eastern Star, enjoyed an interesting meeting last evening at the hall when Mrs. E. P. Mossman gave a Christmas art lecture and showed stereopticon slides of art masterpieces of the Holy family. Mrs. Mossman possesses an unusually fine collection of slides, which she explained in a delightful manner. While the pictures were being shown Miss Bertha Hantz played violin accompaniment.

The regular business meeting of the lodge preceded Mrs. Mossman's talk, when initiatory work was exemplified.

Miss Cleaver To Wed G. W. Hillis

At an informal gathering this afternoon at the home of Mr. and Mrs. H. H. Cleaver, the engagement of Miss Constance Cleaver to George William Hillis, of Eugene, was announced.

Miss Cleaver, who is the daughter of Mr. and Mrs. H. H. Cleaver of this city, is a graduate of the University of Oregon and for two years has been teaching art in the Woodrow Wilson high school in Eugene. She was graduated from the local high school with the class of 1922, and has many friends here who will be interested to learn of her betrothal.

Mr. Hillis is the son of Mr. and Mrs. W. A. Hillis, of Lacey, Mont., and is branch manager of the Remington Arms company in Eugene. He was a University of Oregon student and a member of Theta Chi fraternity.

Miss Cleaver is a member of the Delta Delta Delta sorority.

The date of the marriage has not yet been announced.

Members of the Helonata Bridge club enjoyed a no-hostess luncheon yesterday afternoon at the La Grande hotel. Luncheon was served at 1:15 o'clock in the hotel dining room at tables which were prettily decorated with bouquets of orchid and yellow chrysanthemums.

After luncheon bridge was played in the hotel card room. Mrs. James O'Neal made high score and the consolation prize went to Mrs. Norval Jones.

The next meeting of the club will be at the home of Mrs. George McVay on Sixth street, Wednesday, Jan. 11.

About 20 young people of the Epworth league society of the First Methodist Episcopal church were entertained last evening at the

home of Norman Sting, when the regular social meeting of the league was held there.

Preceding the games a cabinet meeting was held, when plans were made to make a united effort for six months in an effort to win the efficiency banner to be given at the annual institute to be held at Wallawa Lake during the summer.

At an appropriate hour, Mrs. C. E. Sting, mother of the host, served a chili supper.

During the early part of the afternoon a short business meeting was held, presided over by the president, Mrs. Hugh E. Brady. The remainder of the afternoon was spent socially, when refreshments were served by the hostess.

LUNCHEON — Christmas potage, toast sticks, carrot salad, old fashioned bread pudding, milk, tea.

If round steak is put through the food chopper twice, seasoned with salt and pepper and made into cakes about two inches in diameter and each bound with a strip of bacon, "mock filet mignon" is the result. The "filet mignon" can be pan broiled or broiled under the flame or over glowing coals.

Put vegetables through a ricer or wire sieve. Melt butter and add vegetables. Bring to the boiling point and add flour worked to a smooth paste with a little cold water. Boil five minutes, stirring to keep smooth and serve with finely shredded pepper sprinkled over the top.

Bridge Pointers

CONTRACT BRIDGE

A difference is made in Contract between the amount of bonus allowed for winning a two-game rubber and that for a three-game rubber because manifestly more credit is due to a side which does not allow the opponents to score a game; in order to shut out that game, it may be necessary to take a loss, so the size of the bonus for the side that does not lose a game is increased. That is one point in which the Contract theory seems to be a distinct improvement upon Auction Bridge.

The penalties in Contract are far more severe than they are in Auction Bridge, but that is merely consistent with high Contract counts in general. Before the Contract penalties can be understood it is necessary to explain a new feature, known as "vulnerability," which Contract has created. A side is vulnerable when it has won a game; or, in other words, when one more game will give it the rubber. If both sides have won a game, then both sides are vulnerable. Being vulnerable materially increases the losses when the vulnerable side goes down, and also materially increases the gains when the vulnerable side succeeds, as will be seen from the following tables:

PENALTIES

	Vulnerable	Vulnerable
Un-Down	Down	Down
1st Under-trick	50	100
2nd Under-trick	50	100
3rd Under-trick	50	200
4th Under-trick	50	200
5th and each additional Under-trick	50	400

AGGREGATE PENALTIES

	Vulnerable	Vulnerable
Un-Down	Down	Down
1 trick down	50	100
2 tricks down	100	200
3 tricks down	150	300
4 tricks down	200	400
5 tricks down	250	500

BONUSES

	Vulnerable	Vulnerable
Un-Down	Down	Down
Getting Contract	0	50
Each extra trick	50	100

In all of the above tables, a redouble doubles the value. Special bonuses are allowed for slams bid for and made; and no bonus is allowed for a slam made but not bid for, other than the fact that it carries the regular bonus for one trick made in excess of contract. The special slam bonuses are: Holding for and making a Small Slam (12 tricks), 500 when not vulnerable, 750 when vulnerable; bidding for and making a Big Slam (13 tricks) 1000 when not vulnerable, 1500 when vulnerable.

Tomorrow we will begin the consideration of the manner in which the bidding with which the bridge player is familiar, should be varied when playing the Contract.
