TRADE IS DULL; MARKET IS QUIET

Two-Cent Drop in Undersized Eggs—Others Are Steady Today

PORTLAND, Ore., Jan. 6 (AP)—Local wholesale markets are firm in nearly all divisions today but trading is dull, with receipts and demand both moderate.

Except for a 2c drop in the price of under-sized eggs, all grades of eggs are quoted steady on the dairy exchange board. Butter prices are steady with no changes noted. Receipts of both butter and eggs have been somewhat less than demand the last few days and small quantities are moving out of storage. Yesterday's decrease in storage holdings were 1,026 pounds of butter and 155 cases of eggs.

Poultry and dressed meats are also firm with demand good. Supplies are clearing up as rapidly as received and stocks of most dealers are nominal. Hogs are steady at 13½@14c, veal at 18@19c. Lambs are a trifle firmer, most sales bringing around 22c. Quotations on poultry are unchanged.

On the produce market things are quiet with practically no local offerings in the market. Prices are steady throughout at relatively high figures due to shortness of supply of local offerings.

WOOL REPORT

BOSTON, Jan. 6 (AP) — The Commercial Bulletin tomorrow will say:

"The first week in the new year has been a happy one for the wool trade. Manufacturers have bought freely of all descriptions and the tendency of values is against the buyer.

"Contracting in the west has lessened somewhat but prices paid are fully on a level with last week.

"The foreign markets are remaining on a very strong basis, and prices show a hardening tendency. Top prices are up a ha'penny to a penny generally in Bradford.

"There is a slight improvement reported in the goods market. Consumption is proceeding at fully a normal rate.

"Mohair is quiet but very firm."

Demonstration Of Strength Is Trading Feature

NEW YORK, Jan. 6 (AP)—An impressive demonstration of strength took place in today's stock market following the sweeping reaction of yesterday. All classes of stocks pointed higher with the best advances of 4 to nearly 12 points taking place in a few volatile specialties. The rally was accompanied by a marked reduction in the volume of trading.

Fears of higher money rates, which developed as a result of the unusually large increase in broker loans, apparently had been allayed by the lowering of the call money renewal rate to 4 per cent.

Christie Brown, Boty, Midland Steel Products preferred and American Shipbuilding scored spectacular advances of 8⅝ to 11¼ points. International Nickel, General Asphalt common and preferred, American International, Montgomery Ward and International Match preferred were 4 to 5 points higher. New highs since 1926 or longer were registered by Transue and Williams, Sweets company of America, Jones Bros. Tea and Coca Cola. United States Steel common, which had dropped to 141, sold today around 151½.

The closing was strong. Investment shares of the caliber of Adams Express, Delaware and Hudson and Canadian Pacific were in the van of the upturn in the final hour, indicating the investment demand was becoming more of a factor in the market's rise. A number of specialty stocks also rose in a particularly forceful manner, principally Radio and Union Carbide. Total sales approximated 2,300,000 shares.
