

LIVESTOCK DUE FOR GOOD YEAR

Prospects Excellent in Industry, Declares Chicago Exchange Head

By E. C. Brown President, Chicago Live Stock Exchange

'CHICAGO (AP)—The live stock industry enters the new year with excellent prospects.

The value of every beef animal, pure bred and grade, has substantially appreciated, and the new leads appear to be legitimate.

One European outlet for hog products is rapidly contracting, a fact corn belt farmers might as well realize now as at any time.

Continuance of prosperity within the cattle industry will be contingent on extension of South American lead, working down the bars to that product would precipitate another foot and mouth disease epidemic, equivalent to a national disaster. The

United States government can do agriculture no better service than averting such a catastrophe. Present live stock values have reduced morale in producing areas, rapidly increased operating capacity, rehabilitated credits and is exerting a favorable influence on land values. Live stock farmers are reasonably prosperous.

I venture the prediction that live stock growers will earn as many dollars in 1928 as last year. They cannot reasonably expect more.

RECORD MOTOR RUN CALE, TOWN—American motor cars twice within a month broke the record time for the 244-mile run from Cape Town to Johannesburg. The second reduced the record by two hours and 34 minutes, making the run in nearly seven hours less time than the fastest express train and averaging about 45 miles an hour.

Cottage cheese is good in a great many ways. Serve it with rich cream and a little salt, or with sugar and cream or whole milk. Try combining it with pears, peaches, or other fresh fruits; raisins, cut dates, or figs; brown sugar, maple syrup or sirup; honey, jam, marmalade, or chopped nuts. It may be mixed with broken nut meats, chopped plums, finely cut green peppers, dried cucumbers, or other crisp vegetables. Horradish, onion juice, and parsley make a good combination with cottage cheese.

An arctic explorer says Laplanders rub snow when they meet Americans rub hands.

Campaigns

With the ambition of becoming the first Democratic committee woman from the state of Nebraska, Mrs. C. E. Byers (above) of Hastings already has won the support of many leaders in her fight for election. Mrs. Byers, an active Y. W. C. A. worker, favors Al Smith for president.

SCIENCE HELPS TO SOLVE MILK THEFT PROBLEM

LONDON (AP)—Science and a London milk company have come to the aid of despairing housewives whose morning bottles of milk have been disappearing with irritating regularity.

Doors are being fitted with a device which automatically locks the milk to the door and places a metal shield over the top of the bottle. It can only be released from the inside of the door.

The device is placed high up on the door out of the reach of children, and cats. The metal cap covering protects the bottle from marauding birds. A determined thief could only break the bottle, but that would arouse the household.

Recently residents of an entire block claimed that their milk was being tampered with and an inspector assigned to learn the cause discovered an aged jack-daw making the rounds, pecking out the pasteboard bottle caps, apparently for his own mischievous amusement. The new invention will take care of him, too.

One of a variety of sandwich fillings and breadstuffs is recommended for the children's lunch boxes. Whole wheat or graham bread may be used for a change, or bread made with part corn meal, rye flour, or oatmeal. Heads made with raisins, nuts, chopped dates, prunes, figs, or combinations of these, are desirable.

G.O.P. Working On Kansas City Meeting Plans

KANSAS CITY (AP)—The problems of entertaining a republican national convention in June will occupy the attention of a host of Kansas Cityans and a sub-committee of the party from now until the event begins five months hence.

A group of six national committeemen and three committeewomen has the responsibility for assignment of seats in convention hall, for distribution of floor space among newspaper correspondents, for housing of delegates and alternates in conveniently located hotels and for countless other duties.

David W. Mulvane of Kansas, chairman of this sub-committee, will face these tasks in the light of his experience in launching the Cleveland convention of 1924. From now until the opening of the big show on June 12 he will give constant attention to arrangements at Convention hall and also at the hotel which will serve as headquarters for the national committee.

Mulvane's home is in Topeka, some 60 miles from Kansas City, and therefore he will not be compelled to do so much traveling as he did while arranging for the 1924 convention. William M. Butler of Massachusetts, chairman of the national committee, will help launch the arrangements.

Besides Mulvane, the members of the sub-committee on arrangements are Charles D. Hillis of New York, Ray Williams of Oregon, R. B. Crocker of Texas, William H. Crocker of California, J. Harry Korschack of Connecticut, Mrs. Alvin T. Hart of Kentucky, Mrs. Manley L. Fossett of Minnesota and Mrs. Wilma Sinclair Lavan of Ohio.

Whole wheat cooked in a steam pressure cooker is very palatable as a breakfast cereal and is high in food value. To prepare it, sort the grain, wash it thoroughly, cover with 2 1/2 times its volume of water, add salt as for any cereal, and cook under 15 to 20 pounds of pressure for half an hour, or longer if needed to make the grains soft. Serve with milk or cream, and fruit. The germ and the outer layers of the wheat grain are rich in vitamins and minerals, while the rest is an excellent source of energy.

A psychologist says the modern girl is adept at concealing her feelings. Well, the modern girl surely should be expected to conceal something.

The man with a sunny disposition shouldn't use it merely to lighten other people in the shade.

After he is elected, the candidate sometimes finds that he has to support his supporters.

GRANGE HALL PERSONALS

GRANGE HALL (Special)—Mr. and Mrs. Elmer Daron motored to Elgin Sunday where they were the guests of his nephew and niece, Mr. and Mrs. Walter Daron.

Mrs. Austin Hopper and three children of the Sandridge spent Wednesday with Mrs. Elbert Brown.

Mr. and Mrs. Carl Goodgrass and two children, Norma and John, were dinner guests at the W. J. Hughes home Sunday.

Mrs. C. D. Huffman was a guest of her son and daughter-in-law, Mr. and Mrs. Fred Huffman, of Connersdale, Tuesday.

The Country Women's club will meet at the home of Mrs. Bert Groat Friday afternoon.

Mr. and Mrs. Ray Baum, of South La Grande, were visitors at the Elmer Daron home Wednesday afternoon.

Bethel and Dwight Fishman, Juanita Spencer and Ernest DeLang and daughter, Frances, and two sons, Vernon and Raymond, attended the basketball game in La Grande Saturday night.

The Rev. and Mrs. H. I. Hanson, of Island City, were callers at the home of Mr. and Mrs. J. A. Holman Tuesday afternoon.

Elmer Daron delivered a large order of cabbage, 1499 pounds, to the Pacific Fruit and Produce company of La Grande last week. Mr. Daron had a large crop of good quality cabbage, most of which has been sold now.

The government wants more college men to take up aviation. Or aviation to take up more college men. It doesn't make any difference.

Nature balances things. It is hard for a fellow to keep above suspicion when his stock gets below par.

Lesson No. 8

Question: Why is the emulsified form the more efficient way for me to realize the health-giving benefits of cod-liver oil?

Answer: Because when cod-liver oil is emulsified it is more perfectly absorbed, and does not disagree with digestion. Take

SCOTT'S EMULSION

The man who blows his own horn may come out at the little end of it. Another good co-educational institution is a small town. The people who brood over their troubles must be anxious to hatch out more. Home must be a give-and-take affair or no on the rocks. Some people are such deep thinkers that their thoughts never straggle to the surface. Some men are too narrow minded to take a broad hint.

SKAGGS SAFEWAY STORES Distribution Without Waste

A Picked Jury and a Unanimous Verdict. Housewives compose the jury that tries and decides the fate of any food distributing system. Their verdict is final—there can be no appeal. The women of 12 western states have tried Safeway Stores and returned a verdict of unqualified approval.

Features for Saturday and Monday

Table of grocery items and prices: Hams, Heinz Ketchup, Butter, Lard, Matches, Raisins, Canned Vegetables, Tomatoes, Pumpkin, Grapefruit, Soap Deal, etc.

UNION CREAMERY 1112 Jefferson Ave. Main 122. The belief some folks have that all butter is good is certainly without foundation, but how shall they know? The answer is simple: Conduct your own investigation of the methods by which your table butter is produced and the measure of sanitation employed by the manufacturer. Then BUY BY BRAND.
