Bridge Pointers

By Milton C. Work

Yesterday a hand was given, in which the Declarer was in danger of his king the Dummy's long suit. Today the explanation is given of how he could best avoid that danger.

South is the Declarer, playing a No Trump contract. West's opening lead is the Four of Diamonds. The correct play follows:

Closed Hand takes East's King of Diamonds with his ace and then (trick 2) leads the Ace of Clubs. When both adversaries follow, the Clubs are established; but to win every Club trick, the King must be played on trick 2. To do this would limit Declarer to four Club tricks as his fourth Club would win, would block Dummy's long Clubs and Dummy has no entry. Declarer is therefore obliged to give away unnecessarily the second Club trick, allowing East to take it. (East of course returns his partner's Diamond lead (trick 4) which Declarer wins with the Queen and leads a third Club from Closed Hand, playing small a third time from Dummy. Dummy now is left with K-7-3 of Clubs; Closed Hand with the Ten. Declarer is sure of five Club tricks, two Diamonds, two Spades and one Heart—one more than game; and if the Heart (trick 5) he can make a Small Slam, but if the Heart finesse loses before Declarer has won nine tricks he may not make even his game.

Tricks 6 and 7, Declarer leads his Ace and King of Spades from Closed Hand; and then, to trick 8, the fourth Club from Closed Hand, overraking in Dummy with the King. Then he cashes Dummy's two long Clubs and discards a losing Diamond and Spade from Closed Hand. Declarer has now won nine tricks (game) and can safely try the Heart finesse which it would not have been wise for him to risk if he endangered a loss of game. Cash-ing the two Spade tricks has placed Declarer in a position in which no serious loss can result from the finesse; but they have brought his total tricks up to nine (game) so that on trick 11 the Heart finesse is not a serious risk. When it succeeds he makes a Small Slam. Had he refused to give the adversaries a Club trick, he would have had no chance for a Small Slam even with the heart finesse succeeding, as he then would have lost one Spade and one Diamond.

MENUS

By Sister Mary

BREAKFAST — Baked apples, cereal, cream, sausage, cakes, bread, crumb pancakes, syrup, milk, coffee.

LUNCHEON — Cream of spinach soup with spinach balls, button radishes and new onions, whole wheat bread and butter sandwiches, date pudding, grape juice.

DINNER — Pork chops baked with apples, baked sweet potatoes, onions baked in the husks, cabbage and orange salad, crackers and cheese, milk, coffee.

This dinner menu is planned to be cooked in the oven. This is a distinct saving of heat since no extra burners need be used on top of the stove. The dinner meat is delicious and unusual.

Pork Chops Baked With Apples — Choose rib chops and remove bones. Allow one or two chops for each person to be served. Put 1 tablespoon minced onion into a small dish with vinegar to cover, sprinkle with salt and pepper and let stand half an hour. Drain off vinegar when ready to use. Sprinkle chops with salt and pepper. Pare and core apples and cut in half-inch slices across the fruit. Put a layer of apples into a slightly buttered casserole, sprinkle with brown sugar and a dash of onion and cover with chops. Continue layer for layer of apples and chops until the sufficient number of chops is used. Make the last layer of apples. Add 2 or 3 table-spoonsful of water to prevent burning before the juice is drawn from the apples. Cover casserole and bake in a moderate oven for one hour. Remove cover to brown top before serving.

New Hats Follow Lines Of Coiffure

By Hazel Reavis

(Associated Press Fashion Editor)

PARIS (AP)—Just like the hair on one's head are the latest millinery creations. They not only follow the hair line in many cases, but many of them are actually made to look like wigs.

"Mise en plis" (water wave) is the name the French milliners give to the most successful hat of the season. It is a felt with shining lines traced in the form of a well waved shingle. The waves are made from either side of a part sometimes, heightening the effect of hair.
