Eggs Continue Firm; Butter Prices Easier

PORTLAND, Ore., Jan. 17 (AP)—Egg prices continue firm on the local dairy exchange with standard extras and medium firsts quoted a cent higher than yesterday at 38c and 33c, respectively. Other grades were unchanged. Although indications are that quotations will hold fairly steady for the next few days, dealers look for a gradual easing of prices on all grades between now and the first of March as the lay increases and supplies accumulate.

Butter prices were easier with standard cubes quoted a cent lower at 45c and extras and prime firsts both ½c lower at 46c and 45c, respectively. Firsts are unchanged at 44½c. Butterfat offerings were likewise bringing lower prices today with top offered by a local creamery 54c, which is two cents below Saturday's top offering. The bulk of butterfat was netting producers around 50c delivered in Portland.

Country dressed meats were steady with pork still weak and a large accumulation of hogs on the market. The undertone in the veal division is a bit easier, but prices are not quotably lower. Beef prices remain strong and lambs were firm.

The cold snap was considered somewhat of a boon in the Roseburg broccoli district as it has retarded the crop from maturing. Inasmuch as plenty of California cauliflower was still available, Roseburg offerings would find keen competition in the market at this time. Last week reports from Roseburg were that the broccoli was rapidly developing and an unusually early harvest probable.

Onions continue to hold a permanent place, with prices to dealers strong around $3.50 for best No. 1s. Growers were being offered as high as $2.50@2.60, it was reported yesterday, and sales were few at those figures.

Prices Move Up Moderately In Exchange Today

NEW YORK, Jan. 17 (AP)—Selling pressure was lifted from today's stock market and prices moved up moderately. Trading, however, showed a marked reduction in volume, less than 1,000,000 shares changing hands in the first three hours.

Cushman's Bakery, which broke 7½ points yesterday, recovered the loss on a single transaction today. Fidelity-Phoenix Insurance jumped nearly 6 points, American Zinc preferred 4½ and Glantt Peabody, Midland Steel Products preferred, Purity Banking B, Greene Cananea Copper, Continental Insurance, Mathieson Alkali and Goodrich advanced 2 to 4 points. Most of the standard industrials such as U. S. Steel common, General Motors and American Smelting advanced a point or two. Hudson Motors ran up nearly 3 points. National Tea and Houston Oil were among the few weak spots, breaking 3 and 4 points, respectively.

The ability of the market to make headway despite the sharp contraction in dealings encouraged a resumption of constructive operations on a broad scale in the final hour. Motor, merchandising, motor accessory and public utility issues were in brisk demand, particularly Manhattan Shirt, Hupp Motor, Mullins Corporation and Adams Express. Total sales approximated 1,500,000 shares.

Opinions differ. Justice may not be blind, but if she isn't surely she has stopped looking.

He Has Delicatessen Ideas

Johnny Scott, son of the president of Northwestern University, Dr. Walter Dill Scott, noted psychologist, doesn't care to follow in his father's footsteps. After being gradusted young Scott announced his desire to head a chain of delicatessen stores. He is shown at the top serving his first customer in Delicatessen No. 1 in Evanston, Ill. Young Scott is also shown in the inset.

FARM RELIEF MEASURE IS IN COMMITTEE

(Continued from Page 1)

thoughts of congress relative to the surplus question," he said. "We have progressed to a point where the individual producer no longer comes into contact with operation of the equalization fee principle. Let it be distinctly understood that the equalization fee is not collected from the individual producer in this bill which we are advocating. It is collected now from the commodity at those points which are important in our national trade channels."

The equalization fee would be levied to aid in handling the surplus problem.

Gray said that objections to previous bills were removed from the present bill with the amount which might be taken from the treasury limited to the amount specified for a revolving fund.

A lot of office help that isn't fired with enthusiasm will be as soon as the boss finds it out.

NATIONAL THRIFT WEEK

January 17 to 23

The Days of January 17 to 23 have been nationally set aside as Thrift Week — and fittingly so to honor the birthday of Benjamin Franklin, American statesman, diplomat, inventor and philosopher, whose utterances are as useful and practical today as they were 200 years ago.

Because this movement has no selfish motive behind it—and because its precepts are so practical, and so remunerative to the individual, this bank is fully in accord with all the ideas of National Thrift Week.

Still further, we are here every week and throughout the years and years, to help you carry on your plans for financial independence; our officers are capable and friendly—and always willing to aid you.
