DOCUMENT TAKEN FROM MRS. LANTZ

Paper Important to Government Stolen in Oil Conspiracy Jury Case

WASHINGTON, Jan. 26 (AP)—Channel for William J. Burns reported to the court hearing the Sinclair-Burns contempt case today that a document affecting William J. McMullin, a star witness for the government, was stolen last night from one of the defense witnesses.

The Burns lawyer told the judge the document was taken from Mrs. Jeanette Lantz, who had been retained upon to contradict some of McMullin's statements, during a mysterious attack on her in her room at the Hamilton hotel.

A man entered the room while Mrs. Lantz's husband was absent, counsel said, bound and gagged her, and ransacked her belongings.

Both Mrs. Lantz and her husband, William Lantz, had been summoned by the defense to contradict testimony by McMullin, a former Burns detective, that the Burns men faked charges against the Sinclair oil conspiracy jurors. The court is hearing testimony on a charge that Burns, Harry P. Sinclair and others were guilty of contempt because of their shadowing of the Sinclair trial jurors.

STEWART TO TESTIFY
WASHINGTON, Jan. 26 (AP)—Robert W. Stewart, chairman of the board of Standard Oil company of Indiana, will appear next Tuesday before the senate oil committee in its investigation of the operations of the Continental Trading company, Ltd.

The committee's interest in the Continental company arises from the fact that its profits of about \$3,000,000 made almost overnight in purchase and sale of oil, were invested in Liberty bonds, and that \$233,000 worth of these bonds later were turned over by Harry P. Sinclair, lessee of Teapot Dome, to former Interior Secretary Albert B. Fall, in exchange for an interest in Fall's New Mexican ranch. The committee very much wants to know what became of the rest of the \$3,000,000.

Recover Money Stolen In City Of Los Angeles
LOS ANGELES, Jan. 26 (AP)—Buried loot to the amount of \$28,469 from the city bureau of light and power, payroll holdup of last September, was dug up in a vacant lot late last night by police officers.

Working by the light of lanterns, a squad of police dug at a spot indicated on a map said to have been drawn by one of the accused holdup men and several feet under ground found the currency in two canvas sacks.

Earlier in the day detectives escorted Fern Sadler, former clerk in the bureau and the first of four men arrested in connection with the holdup, to a place in Verdugo hills where he said he had buried a part of the loot. The officers found nothing at that spot, however.

Several thousand dollars, said to be part of the \$73,000 holdup loot, was recovered in Sadler's apartment.

Marine Advance Up El Chipote Is Slow, Thorough
MANAGUA, Nicaragua, Jan. 25 (AP)—American marines are advancing slowly and cautiously up the slopes of El Chipote, once the stronghold of the rebel general, Augustino Sandino.

Wherever trenches and fortifications, signs of the rebel occupation of the mountain, were found they were destroyed by the marine column under Major Archibald Young.

The object of the marines now is to drive Sandino followers from the populated districts into uninhabited and isolated regions where it is impossible to get food and ammunition.

Orangemen Will Play Washington Friday Evening
OREGON STATE COLLEGE, Corvallis, Jan. 26 — When the Orangemen meet University of Washington here Friday night in the third conference basketball game of the season they will receive the acid test and at the same time find out whether or not they have any reason to consider themselves as contenders for the northern division championship.

Washington although defeated already this year in non-conference games is hoped to win the northern division championship. In the Huskies defeated University of Illinois, member of the Big Ten, two games out of three during the Christmas holidays and recently experienced little trouble in trimming Washington State college.

Comparisons
Washington's score against Washington State was 26 to 13 while the Orangemen's score was 22 to 14. These scores form the only basis for a comparison of the strength of the Huskies and Beavers. The Washington team is composed of a number of veterans from last year as also is the Oregon State team.

Eugene Man Wins From Portlander
ROSEBURG, Jan. 26 (AP)—Harold Davis, of Eugene, won an unpopular decision over Stanley Stewart, of Portland, in an eight-round boxing match here last night. Stewart was the aggressor throughout and in the second round put Davis down for the count of nine, but by a series of long range punches Davis had Stewart groggy in the seventh and eighth rounds and obtained a two save to one decision. Joe Jewett, of Portland, and Scott Hollings, of Klamath Falls, fought an eight-round draw. Hollings was heavier than Jewett but the latter was given credit for aggressiveness. In a semi-final Johnnie Lee, of Klamath Falls, knocked out Hal Hudson, of Eugene, in the first round.

Western Trade With South Has Grown Rapidly
WASHINGTON, (AP)—Exports from Pacific coast states to the west coast republics of South America increased 238 per cent between 1913 and 1926, the department of commerce has revealed. The total value of exports grew from less than \$5,000,000 in 1913 to more than \$12,000,000 in 1926.

Trade with Ecuador, Bolivia, Peru and Chile has expanded strikingly since the war, the department said, 36 per cent of the combined export trade of the four countries, valued at \$22,500,000 in 1926, representing products of the United States.

The department pointed to an evident demand for foodstuffs in the republics and said the Pacific coast states are in a favorable position to export needed wheat, lard, fish and fruit. Lumber is wanted in Peru, Bolivia and Ecuador in large quantities. Chile has more need for petroleum.

Peru is regarded as the most favorable market, although lack of regular transportation facilities has retarded development of trade. Increase in the size of return cargoes, it is believed, would warrant expansion of the service.

Japs Are Polite Even in the Ring

TOKYO (AP)—The art of mauling, as predicted in the squared circle, is somewhat new to Japan, where fistfights have always been considered undignified and disgraceful, but the younger Japanese are taking up boxing enthusiastically.

Japan will send her first boxing champion to the Amsterdam Olympic Games this year.

Before the introduction of boxing in Japan, the placing of one's hand on another's body was considered a great offense. A reply with the sword or knife was usually forthcoming. Even now, in boxing tournaments at the university, the foreigner will observe that the winning slugger always hesitates to knock out his groggy opponent. When a boxer lands a wicked blow he instinctively bows his head as a sign of apology.
