

Which will be you?

three months from now

TODAY both overalls look just about alike to you. You see them on the counter—new, comfortable and sturdy looking. It's really hard to tell which one should cost more than the other.

But look ahead three months from now. You're going to give them some rough treatment during that time. They'll get dirty and they'll be washed.

How will they look then? Will they still fit comfortably? Will they be a nice, bright blue? Will they be free from rips caused by strains that the cloth should have withstood.

Think of these things when you buy the overall, instead of regretting them months later when it's too late.

The extra strength and longer wear that are in the heavy EIGHT OUNCE CLOTH of which only Oshkosh B'Gosh Overalls are made is one reason why you may be sure the overall will look as good to you next month, as it does today and fit as well.

The other reason is the famous Oshkosh B'Gosh guarantee—"They MUST make good or we will," which means exactly what it says. When next you buy, INSIST on Oshkosh B'Gosh. Shift the responsibility to us.

The Unseen Force

The seen is easy to appraise—prices can readily be compared. But the unseen—that which you feel and know is being done for you—is by far the most valuable.

The proper blending of both the seen and unseen in the service rendered by this institution is the explanation of our success.
