LA GRANDE CLUB SHOOTS SUNDAY

Scattergun Artists to Vie with Coquille, Roseburg, Prineville, Yamhill

The Wing, Fin and Fleetfoot club of La Grande, which with Heppner, is still undefeated in the Oregonian telegraphic tournament, will shoot against Coquille, Prineville and Yamhill county tomorrow morning. In addition to this a tie with Roseburg will probably be shot off.

The local club expects to have a large number of trapshooters at the Lone Tree grounds at 9:30 o'clock, when the shooting will begin, and three high scores tomorrow will assure the club of remaining at the top, it is believed. Coquille and Roseburg are both strong teams and Yamhill and Prineville have both broken into the win column.

Heppner faces three hard teams in Enterprise, Echo and Halsey, all three of which have percentages of .500 or better.

Scores will be broadcast from KGW at 11 o'clock Sunday night, it is announced today.

TOUGH ON HIM

NEW YORK, Mar. 1. (AP)—The New York Daily News today quotes Mrs. Bainbridge Sedgewick Colby, whose husband was denied a divorce in Paris, as saying "Bainbridge never seems to get what he wants."

INDIANAPOLIS—Attorney General Arthur L. Gillom of Indiana has defined a mine. To come under state laws it must be one where at least ten men are employed at least at regular intervals.

Rickard Worried About Finding Tunney Opponent

NEW YORK, Mar. 3 (AP)—Talk of drafting Jack Dempsey back as a challenger for champion Gene Tunney was revived today with a declaration from Tex Rickard that his current heavyweight candidates thus far have failed to measure up to championship quality.

As Dempsey is slated to come east for a legal tussle, with Jack Kearns his former manager, early next month, Rickard stated he would try to induce the Manassa Mauler to return to the ring.

While reports were circulated that Dempsey would engage in light trainins at Orangeburg, N. Y., the former champion at his residence in Los Angeles denied he contemplated any workouts. Dempsey said he planned a trip to Orangeburg only to visit friends.

Many observers are inclined to the belief that when all the rehearsals are over, Rickard will have Dempsey in line for a third encounter with champion Tunney.

Medford To Play In State Tourney

MEDFORD, Ore., Mar. 3 (AP)—The Medford High school basketball team clinched the Southern Oregon district championship last night by defeating the Ashland High school 33 to 5 in a game that was featured by the airtight defense of the locals. Ashland scored but one field goal—a long heave from the middle of the floor late in the third quarter. But one personal foul was registered against the Medford team.

The score at the end of the half was 20 to 2, in favor of Medford. Phipps and Swanson scored frequently after the Ashland defense collapsed under the hot pace set by the victors. In the fourth quarter both coaches sent in their second strings. Edlunds of Oregon refereed.

Central Oregon Teams in Tourney

In the semi-finals today The Dalles meets Cascade Locks and Grass Valley meets Wasco. The finals will be played tonight.

BOY RUNS SMITHY

MORRILL, Me.—Morrill has a 12-year-old boy blacksmith. The youngster John C. Meservie, bought out a blacksmith's business for $40 savings. He plans to hire help until he can carry on the work alone.

Facts are facts, and Mr. Farmer, look here. The disc harrows are going over big again. Over in Idaho where people have to farm there were more disc harrows sold last year than have been sold in previous years for quite a while. There is a reason and the reason is an old reason. When a farmer cuts his grain and then takes his disc harrow and goes over his field, chops up the stubble and the weeds and loose straw, mixes it with the soil until the weed seeds also start growing in order to winter kill them and also put back into the soil instead of burning the stubble and taking away your profits. Then it has also been demonstrated by farmers that are farming in dry climates that the more you can mix your soil the better crop it raises. That's the same proposition as your wife mixing the bread or the concrete mixer mixing the concrete or a person being a good mixer among all classes of people. Mix your soil and you can raise better mixed grain. We have told you quite a bit but we have only three of the disc harrows left. You had better get them now at a reasonable figure as we are putting our money into building material and not handling machinery any more. We also have gang plows, drag harrow, sulky plows, mowing machines and weeders, a manure spreader and a corrugated cultipacker, plow shares and some three and four-horse steel evenors. Neck yokes and turpentine.
