70 Hear Program Comparing Poetry Of Yesterday, Today

Seventy members and friends of the Young Woman's Educational auxiliary gathered at the club rooms in the public library last evening, when Miss Mabel Doty and her committee presented a program under the topic "Poetry: Yesterday and Today." Mrs. Claude Cooper led the meeting in the singing of a familiar hymn, which was followed by a short business meeting. The program proper was opened by a vocal solo, "The Year's at the Spring," from Robert Browning's "Pippa Passes," sung by Miss Mima Cooper. Miss Henrietta Hering then contrasted modern and Victorian poetry, choosing as examples two poems, each entitled "Grass," the first by Edgar Faucett and the other by Carl Sandburg. Miss Bertha Walsinger gave three dialect readings from Riley, and one musical reading, accompanied by Mrs. Ruth Jackson. Accompanied by Miss Gladys Miller, Miss Myrtle Wilcox sang Joyce Kilmer's "Trees" which has been given a beautiful musical setting.

Miss Ruth Johnson then gave a number of readings from Paul Lawrence Dunbar and Countee Cullen, representing the negro poets of today, and from Lizette Woodworth Reese, one of the finest lyric poets now writing. Miss Mabel Doty read Edwin Markham's famous "Man with the Hoe," this reading being accompanied by a lantern slide of Millet's picture of the same name, from which the inspiration for the poem was gained. Miss Anetta Johnson gave a short sketch of each writer's life and works, preceding each number.

The program was closed by "Odes from Kiddie Land," directed by Miss Mildred Hoyt, the little performers including Bobby Stevens, Jimmie Tryon, Ruth Byers, Jane Williams, Brewster Wilson, Rex Lowry, and Margaret Fields. The children were the "hit" of the evening.

Clever and artistic programs were distributed and delicious refreshments climaxed a pleasant evening. The committee in charge of the meeting was composed of Miss Mabel Doty, Mrs. Cora Scott, Miss Greta McShain, Mrs. Robert Carey, Miss Myrtle Hoyt, Miss Ruth Herzinger and Miss Mae Stearns.

Members of the La Petite Bridge club were delightfully entertained last evening when Mr. and Mrs. Harold Lyman were host and hostess at their home on Washington avenue. Bridge was played at three tables during the evening. High score among the women players went to Mrs. Tom Ruckman, and Nolan Skiff received the men's first prize. Mrs. Harry W. Mohr and Milton Price received the consolation prizes.

The rooms were prettily decorated in keeping with St. Patrick's day, and the plate luncheon which was served following the card games was carried out in the same idea.

The new vogue dictates smartly flowered hats for spring. The chic of the charming model above lies in the modern arrangement of the flat pink flowers on red straw.

E. Bragg at the piano, a reading by Jake Rostock, a piano selection played by Misses Evelyn and Mary Lou Piper, a vocal solo by Mrs. Lou Robertson, accompanied by Mrs. Fay Yeske and several numbers by a trio made up of Sam Ruckman, piano, Marion Spencer, banjo, and Mr. Berry, mandolin.

Dancing, started at about 9:30 o'clock with a grand march led by Mr. and Mrs. H. McGoldrick. At 11:30 o'clock those present went to the dining room, where they were seated at several long tables and refreshments were served.

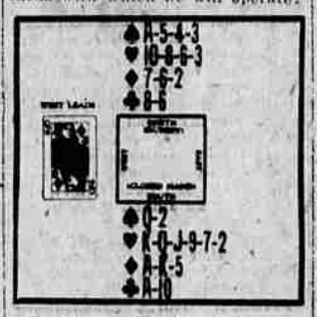
Bridge Pointers

By Milton C. Work

Yesterday the following problem was given: The contract is Hearts; South is Declarer, North is Dummy; the initial lead is shown. How should Declarer plan his campaign as soon as he sees Dummy's hand and knows the exact twenty-six cards with which he will operate?



Declarer, planning his campaign, can see that on the face of the returns he will lose one Spade trick, one Heart trick, one Diamond trick and one Club trick; and should he lose these four tricks he will fail to make game. The only possibility of his obtaining game is for him to get a discard from one hand or the other, and he cannot be sure of doing this. He has just one reasonable chance and that is that the King of Spades is held by East, which of course is an even chance. If that be the distribution, he can accomplish his purpose by leading a small Spade from Dummy. There is only one way in which he can get Dummy into do this and that is with a trump; so, to trick 2, he should lead from Closed Hand either the Deuce of trumps, playing on it the Six from Dummy, or the Seven of trumps, playing on it the Eight from Dummy, or the Nine of trumps, playing on it the Ten from Dummy. Which election he makes in this respect is immaterial. If the Ace of trumps take this trick and the Diamonds be continued, he would win the next Diamond in the Closed Hand and then would surely be able to put Dummy in with a trump to try the small Spade lead. In each case he should overplay in Dummy, but only by the smallest margin possible. If the Ace of trumps do not take the first trick and Declarer win it, he should then lead a small Spade at once from Dummy.

Of course the King of Spades may be held by West, in which case the effort to win with both the Queen and Ace of Spades and to get a discard on the latter (Dummy still having a trump entry) would fail; but it affords the only reasonable chance that the Declarer has of making his game, so the hand should be played as above described.

Get Your Spine Right and Nature Will Take Care of Your Health

You benefit in health by using health knowledge. My message to you is that a straight spine is the fundamental necessity for health. This is so because the process of life depends upon free nerve transmission. The nerves branch off from the spine and if a spinal bone is out of alignment, there is pressure on a nerve, and a failure of nerve transmission. As a result, ill health and disease follow.

Why subdue symptoms when you can get at the cause? Get a spinal analysis today.
