Tennis Players Warming Up At La Grande High

With the warm sunny days of spring apparently come to stay, high school tennis enthusiasts, both boys and girls, are making preparations for what they claim will be the best tennis season in L. H. S. history. Interest in the sport is undoubtedly more widespread than ever this year, if one is to judge from the turnout at organization meetings for both the boys' and girls' teams. Prospects of inter-school tennis games seem bright and with such racqueters as Bay, Oosterling, Siegrist and others, already "warming up," the Tiger players are expected to make a good showing in the proposed contests. Courts of the city, on Sundays and after school on week days, find a number of the student racqueters on hand.

The high school "Tigresses," in a meeting yesterday, arranged for four class tournaments, to determine the singles class champions and the doubles class champions, who will then meet for school titles. The class plan is a new one and, according to Miss Ruth Johnson, supervisor of girl's athletics, is a more satisfactory arrangement than the school tournament of previous years. Around 50 girls attended the meeting. A singles championship cup is to be awarded at the end of the tournaments. Plans for the girls' baseball season were also discussed at the meeting.

Arthur Newton Forced Out of Pyle Marathon

WINNLOW, Ark., Mar. 20 (AP)—The transcontinental marathoners left here today for Hollbrook, 23 miles away. As the runners and walkers struck out for the next checking-in place, Andrew Payne of Claremore, Okla., led in elapsed time to date with 99 hours and 17 minutes. Arthur Newton of Rhodesta, South Africa, who had been leading the race until he was forced to drop out yesterday with a sprained ankle, went along with the caravan today in an advisory capacity to the other runners.

Carr Creek Quint Invited to Chicago

CHICAGO, Mar. 20 (AP)—Carr creek, tucked away in the Kentucky hills, has been invited to send its high school basketball team to the University of Chicago's national tournament April 3 to 7. Teaching themselves the game without either a gymnasium or a coach, the Carr creek boys went to the finals of the Kentucky state tournament and lost to Ashland 13 to 11 only after four over-time periods. Ashland also had been invited.

COVE PERSONALS

COVE (Special)—A gunnaway in town on Friday afternoon caused a little excitement. A four-horse team belonging to Ray Eyres became frightened while at the mill and dashed over to Main street, colliding with Breshears' gas tank and breaking off the tank. One horse fell, which caused a general mixup of the teams, and then they were soon caught and subdued. Mr. and Mrs. Franklyn Wells, of Alton, came over for the junior vaudeville which was held on Friday evening. Some of the high lights of the vaudeville were Lester Peterman as "bushing bride," Clarence Hartsch as "English lord," Jay Martin, "cowboy," Edward Bloom, "a willing performer," Dolly Barker, "the youngest of five girls in the family," Mack Rees and Parker Severs, "two shy suitors." The solo by Bob Price was accompanied by Mr. and Mrs. Lay with the violin and piano, and with the cello by Bob Laird. Mr. and Mrs. Keith McCool and Darcy McCool left early on Saturday for a trip to Joseph to spend a couple of days.

Stop and listen to what I say. Then come in some fine day. And buy your paint, and paper, too.

And brushes all bright and new. We have the largest stock in town. The salesman is a big fat clown. Have you seen our paper wheel? Or have you ever heard of squeal? A string of people come and go. And tell their neighbors so and so. That they have saved a lot of tin. That will surely make you grin. The more we sell the more you save.

We are your humble, crazy slave. A lot of people all have found. Prices that have hit the ground.

Come and guess on the glass jar of nails. There is a \$20 gold piece in it for the best guesser. You are under no obligations whatever. We have 200 different selections of wallpaper, and paint by the truck load. If you want to save money on latches come here to get them. We have brushes from the very finest water and oil paint brushes to the very largest kalsomine brushes.

We still have sandpaper and turpentine.
