SURE

you are immune from disease if your resistance is great enough, furthermore

The resistance of the body against disease depends upon the condition of the spinal column—pressure removed from nerves allowing nature to do her work uninterrupted.

ALL SCIENTISTS AGREE NOWADAYS THAT THE REAL HEALTH-BUILDING POWER is within the body itself and needs to be brought into action to renew health completely.

The real mission of the CHIROPRACTOR, as also that of any earnest physician, is to prevent the occurrence of disease. One of the most interesting features about CHIROPRACTIC is its hygienic or prophylactic influence; in other words, its ability to ward off disease.

Take adjustments regular and stay well.
