The Sleep of Ease

SLEEP is the rebuilding time. In this time of repose the body acquires enough energy to carry it through the rest of the day.

STOCK SALES IN STREET GO HIGH

Early Period of Irregularity Followed by Wave of Enthusiasm

NEW YORK, Apr. 11 (AP)—Speculators for the advance regained control of the price movement in today's stock market after an early period of irregularity. Early losses of 1 to 4 points in many issues were quickly cut down or wiped out, and scores of others advanced 3 to 11 points. Lowering of the call money rate from 6 to 5 1/2 per cent stimulated the buying movement.

The closing was strong. Accumulation of the merger-rattled market was resumed along with a varied assortment of specialties. Absorption of Schult Retail Store, Graham Paige National Dairy, Public Service of New Jersey and American Republics were on a particularly large scale. Total sales approximated \$300,000,000 shares.

Chickens Lower Today; Butter Drops In Price

PORTLAND, Ore., Apr. 11 (AP)—Broiler chickens were quoted lower today in line with price reductions in the Seattle market. Receipts were heavier and the outlook for next week promises sufficient supplies of good sized broilers to meet the rather large demand which has kept the market cleaned up previously at strong prices.

Capons were in limited supply today and demand good at steady prices. Turkey receipts were also nominal. The hatching season is now on and raisers are not marketing anything to speak of. Other classes of poultry were plentiful with prices generally easier.

Further weakness in the poultry market was evidenced when prices on lower grades receded a little. Prime firsts and firsts dropped half a cent to 33c and 37c, respectively. Other grades and butters were unchanged.

Egg prices were firm with standard firsts up 1/2c at 22c. Receipts were reported at 1,114 cases.

Old potatoes moved slowly today at weak prices.
