TO INVESTIGATE
COMPANY RATES

P. E. P. and N. E. to Be
Subject of Special In-
quiry by Commission

SALEM, April 18 (AP)—Rates and service of the Portland Electric Power company and the North-Western Electric company are to be investigated immediately by the state public service commission. The order was issued yesterday.

Prior to the recent special vote in Portland on the question of a merger of the two companies, the commission issued an order reducing rates in event the merger failed. Its failure automatically nullified the order.

Whether a reduction of rates follows the investigation now ordered is a matter of conjecture.

The commission has started the inquiry by asking the two companies for inventories of their properties, on which will be based up to date valuations by the commission. The state commission has never made a valuation of the Northwestern Electric properties. A valuation of the Portland Railway, Light and Power company, now the Portland Electric Power company, in 1916 showed a valuation of \$46,862,971.92.

A comparison of tax payments indicates the growth of the company. Its taxes in 1913, the commission records show, were \$155,477.11 and in 1927, \$766,696.81.

Several hearings will be held while the inquiry is in progress.
