## Easy HOUSEKEEPING

By Mrs. MEG MACGREGOR, Director of Household Science

# Washing made easy

—Clothes sterilized too

I am sure many a woman will smile as she reads my headline. And it does seem a pretty big claim.

But I made my own washing much easier just by adding Clorox. Now my laundry not only gets done more quickly, but it has a professional whiteness of which I am immensely proud.

Clorox is white magic in a bottle! A magic that makes boiling or soaking unnecessary; a magic that disinfects and deodorizes too, just by being present in the water!

Many women tell me that they are afraid that Clorox will hurt their hands. On the contrary it disinfects cuts; removes dye, fruit and vegetable stains; whitens the skin and softens callouses. To dispel any remaining odor just wash your hands in hot water and soap, and dust with talcum.

For washing machine or tubs

It's good for your hands

Don't imagine that if you use Clorox you must change your own careful washing ways, or give up your pet soap. Wash in either a machine or tub and add Clorox—a tablespoonful to a gallon of water—to the first rinse. Your clothes will hang out on the line the whitest in the neighborhood.

# Blindfolded . . . in scientific test of leading Cigarettes, W. T. Benda selects Old Gold

W. T. Benda, in his studio, while test was being made. In background may be seen some of the famous Benda masks.

"I have been an inveterate cigarette smoker for years and my interest in cigarettes not only induced me to make this blindfold test, but to make it three times in succession.

"Each time I selected the same cigarette—OLD GOLD.

"However, there was no other choice that I could honestly make. OLD GOLD was so superior and its delicacy of aroma, its rich, full flavor so entirely free from any hint of sting or burn that it immediately appealed to my taste.

"Since the test I have been smoking OLD GOLDS steadily and I find that they are the most satisfying cigarettes I have ever smoked."

W. T. Benda

### How Test Was Made

Mr. Benda was blindfolded, and, in the presence of two responsible witnesses, was given one each of the four leading cigarettes to smoke. To clear the taste, coffee was served before each cigarette. Mr. Benda was unaware of the identity of these cigarettes during test. After smoking the four cigarettes, he was asked to designate by number his choice. He replied, "Number 4," which was OLD GOLD.

Only the best leaves of the tobacco plant are good enough for OLD GOLD. That's why you can pick them in the dark.
