## Monday Bridge Club Meets At Sacajawea Inn

Members of the Monday Bridge club were guests at a delightful party yesterday afternoon when Mrs. J. P. O'Connell and Mrs. Charles Playle were hostesses at the Sacajawea Inn. The party was in the form of a bridge-luncheon and after the luncheon, which was served at 1 o'clock in the hotel dining room, three tables of bridge were formed in the parlor on the mezzanine floor.

Tulips formed a pretty centerpiece for the luncheon table, and score cards were also in keeping with the spring season. Mrs. W. H. Safford made high score at cards and the second prize went to Mrs. W. G. Sawyer.

Mrs. Lela Jones and Mrs. Donald Parise will be hostesses to the club Monday afternoon, May 7.

The Waterloo Bridge club met last night with Mr. and Mrs. Norval Jones as host and hostess at their home on O Avenue. Bouquets of wild flowers in yellow and white were used to decorate the room, where three tables of bridge were at play during the evening.

Mr. and Mrs. Walter H. Perry made high score at cards. The hostess served a two-course luncheon following the evening's play.

Mr. and Mrs. Perry will entertain the club Monday evening, May 7.

Mrs. J. L. Brandt was hostess to the Waiilatla Bridge club yesterday afternoon at her home on Adams avenue. The home was prettily decorated with bouquets of sweetpeas, a color scheme of pink and white being used. Bridge was played at three tables, after which a two-course luncheon was served by the hostess.

Mrs. H. W. Riley made high score and Mrs. Chester Kozie received two second prizes.

Mrs. George H. Clark will be hostess to the club Monday afternoon at her home at 1110 H avenue.

## Music Students Appear in Recital

A large and appreciative audience greeted the students of the Eastern Oregon School of Music at their recital in the Sacajawea Inn last evening. There were 19 piano and five violin numbers on the program and every one was played in an artistic and satisfactory manner, revealing careful preparation and attention to details. The absence of nervousness was particularly noticeable.

Partis taking part were: Bertha

Thompson, Isabelle Williams, Joyce Costek, Wanda Berry, Pauline La Freniere, James Meldrum, Alva Danneberg, Gertrude Swartz, Virgil Conley, Alice Milne, Doris Williams, Ruth Swart, Jean French, Margaret Milne and Dora Hunt. Because of the illness of Ruth Latreuil she was unable to appear and her place was taken by Doris Williams.

Leo Cullen Bryant played the accompaniment for the violin numbers. Mrs. William H. Parkinson announced five recitals to be given by the school during the months of May and June.

An interesting meeting of the Hambley's Art club was held yesterday afternoon at the home of Mrs. Robert Eakin, when Mrs. L. B. Moe was program reader. The subject was "Religion Music and the Galleries," which was presented in an excellent manner by Mrs. Moe.

The art study club will meet next Monday afternoon at the home of Mrs. H. S. Brown. At that time Mrs. Robert Eakin will have charge of the program.

Several La Grande girls took advantage of the nice weather and enjoyed a picnic and steak roast at the Grande Ronde river last evening. They left home about 5:20 o'clock, hiking to Oro Dell, where a fire was made and a picnic supper enjoyed. Music was enjoyed, and at about 8 o'clock the girls returned home.

Those going on the picnic were Mary Gould Parsons, Edna Mae Wilson, Virginia Boehm, Edna Stonebreaker, Constance Ray, Lois Nelson, Gwendolyn Buchanan and Dorothy Ann Warnick.

## Miss Malboeuf To Wed B. F. Johnson

An account of the announcement of Miss Charlotte Malboeuf's engagement to Benjamin F. Johnson Jr. was given in Sunday's issue of the Portland Oregonian. Miss Malboeuf is the daughter of Charles A. Malboeuf, secretary of the Union county chamber of commerce. The article, which appeared in the Oregonian along with a large photograph of Miss Malboeuf, follows: "Mr. and Mrs. Charles A. Malboeuf announce the engagement of their daughter, Charlotte to Benjamin F. Johnson Jr., son of Mr. and Mrs. B. F. Johnson of Portland, who formerly made their home in Aberdeen.

"The news will be of great interest to the many friends of the young couple. Miss Malboeuf attended finishing school at Castleja, Palo Alto, Cal., and is a member of the Portland Junior League. Mr. Johnson attended the University of Washington.

"No definite date has been set for the wedding."

The Degree of Honor Protective association will meet in regular session this evening at 8 o'clock at Eagles hall. All officers and members are requested to be present.

## HEALTH

**THE ADULT TONSILS**  
By Hamilton Sullivan, M. D., Seattle, Wash.

Member Goran Memorial There are a few things that adult persons who have diseased tonsils should understand. First of all, if the tonsils have not been diseased in their youth they have undergone a sort of natural shrinking and are harder and smaller and not so prominent. Tonsils that have never been diseased practically disappear in adult life.

Second: the adult may have quinsey from diseased tonsils that hardly show.

Third: there may be a focus of infection in an adult tonsil that cannot be detected without considerable care in the examination. It is sometimes necessary to squeeze the tonsil or suck it with a pump before the pus and offending cheesy matter can be brought up from the depth of the crypts.

Fourth: if a focus of infection is found in an adult it should be removed. It is more necessary to remove infection in the adult than in the youthful tonsil. In the latter the gland structure is capable of combating slight infection. The adult tonsil is less capable of performing this function.

Fifth: if the patient is at all in condition to undergo surgical removal of the offending tonsil, he should take the operation in preference to any other method. Many methods have been devised to avoid surgical operation. But in the majority of cases the temporary relief thus gained masks a real danger in that the infection is not after all removed. Meanwhile the patient wonders why his rheumatism does not get well, since they said his rheumatism was from his tonsils and they are cured.

Sixth: if the surgical operation is done it should be done thoroughly and with the greatest skill and care. In the adult the infection is sometimes deep and sometimes covered over with thick fibrous tissue that makes the operation exceedingly difficult. Previous preparation of the patient should be made, hospital care is always advisable, and only a surgeon who has experience and skill should be permitted to operate.

Seventh: this is most important to remember. In the adult the throat may continue to feel as bad after the surgical removal of the tonsils as it did before. The rheumatism may be relieved, the general health may pick up, the pasty countenance may take on the radiantly hue of health, but the throat may continue to give as much discomfort locally as it did before the operation. The reason for this is that in the adult there is often unavoidable resulting scar tissue at the site of the operation. The tonsils in the adult are often so deeply diseased, so adherent to the surrounding throat tissues from old quinsy, etc., that the surgeon cannot dissect the diseased tissue out without leaving scars. These scars give the discomfort after the operation.

After visiting at La Grande Mr. Jolley will also visit other organizations in this section, including Elgin and Union, where similar meetings will be held. A large crowd attended yesterday's meeting, when plans were practically completed for the local institute.

The Women's Society of the First Baptist church met at the home of Mrs. C. C. Lilly Friday afternoon with Mrs. B. F. Hummer as assistant hostess. During the business meeting, which was presided over by the president, Mrs. William Shade, three members reported having held vanishing teas. Mrs. L. J. Dieks was program leader for the afternoon and the subject was "Tray Without Ceasing."

At the next meeting of the society, Friday, May 4, the study of the steamship tree will be taken up. Miss Louise Hundepick, speaker, from Portland, will speak at the meeting.

Before adjournment Friday afternoon the hostesses served refreshments.

Members of the Yoeman lodge and their friends are invited to attend a social meeting at the home of Mr. and Mrs. Frank C. Hoyer, 2514 North Ash street, Wednesday evening.

## Announcements

The silver tea planned by the Missionary society of the Christian church for Thursday afternoon at the home of Mrs. A. L. Voelz will be held in the church parlors instead. It was announced this morning. The time is 2:30 o'clock and the members of the committee in charge, are Mrs. Voelz, Mrs. Harry Santox, Mrs. C. E. Duffey and Mrs. R. J. Kitchen.

Members of the Yoeman lodge and their friends are invited to attend a social meeting at the home of Mr. and Mrs. Frank C. Hoyer, 2514 North Ash street, Wednesday evening.

The Degree of Honor Protective association will meet in regular session this evening at 8 o'clock at Eagles hall. All officers and members are requested to be present.

## MENUS

By Sister Mary  
BREAKFAST—Orange juice, cereal, cream, fresh beef on toast, extra toast, milk, coffee.  
LUNCHEON—Chicken fondue, stewed canned tomatoes, rye bread, scalloped apples, milk, tea.  
DINNER—Stewed chicken with gravy, mashed potatoes, baking powder biscuits, fresh asparagus in butter, stuffed celery, radishes, carrot straws, maple parfait, crisp cookies, milk, coffee.

Hellshes in the form of stuffed celery, radishes and carrot straws take the place of a salad. New carrots need only a thorough scrubbing before cutting in lengthwise strips. A solution of 15 minutes in ice water to which lemon juice has been added improves them for some people.

**Fresh Beef on Toast**  
One pound round steak ground, 2 tablespoons butter, 1 small onion, 1 tablespoon minced parsley, 1/2 cup milk, 1 tablespoon flour, 1/2 teaspoon salt, 1/4 teaspoon pepper, triangles of toast.  
Melt butter and add onion finely minced. Stir and cook over a low fire for five minutes. Add chopped meat and stir well. Increase the heat and cook 10 minutes, stirring frequently. Add milk, salt, pepper and parsley. Stir flour to smooth paste with a little cold milk. Bring meat to the boiling point and stir in flour. Cook until thickened and smooth, stirring constantly. Serve on hot toast arranged on a hot platter.

**JAPAN ATTACKED**  
PEKING, Apr. 24 (AP)—Official reports from Shanghai, Hankow, Foochow and Canton today said that nationalist newspapers in those cities were bitterly attacking Japan for sending troops to the province of Shantung where nationalists are fighting northern troops. The northern foreign officers at Peking lodged a second protest with the diplomats here against the Shantung expedition.

ROCHESTER, Minn.—A carillon will be installed in the tower atop the new Mayo clinic building here, with 23 bells and weighing 15 tons.

NEW YORK, Apr. 24 (AP)—The board of directors of the Associated Press today re-elected Frank B. Noyes of the Washington (D. C.) Star, president.

W. J. Pape of the Waterbury (Conn.) Republican, was elected first vice president and Robert Swing of the New Orleans (La.) States, second vice president.

Kent Cooper, was re-elected secretary; Jackson S. Elliott was re-elected assistant secretary and J. R. Yonatt was re-elected treasurer.

The executive committee was re-elected as follows:  
Mr. Noyes, Adolph S. Ochs, New York Times; Clark Howell, Atlanta (Ga.) Constitution; Robert McLean, Philadelphia Bulletin; H. B. Anthony, New Bedford (Mass.) Standard; E. Lansing Ray, St. Louis Globe Democrat; and Elbert H. Baker, Cleveland (Ohio) Plain Dealer.

ROCHESTER, Minn.—A carillon will be installed in the tower atop the new Mayo clinic building here, with 23 bells and weighing 15 tons.

**TURQUOISE NECKLACE**—Louboulanger fashions small turquoise into two thick ropes.

## UNCONSCIOUS

Struck by a bus, Miss Helen Buschmann, 19, of Pineville, O., has been unconscious for three months. Apparently she is not suffering and has lost only a few pounds since the accident which injured the brain cells that make thought possible. She is fed through tubes and her blood is kept in circulation through daily massages. Hope of recovery lies in the possibility that her brain cells regain contact.

Yesterday's problem was: Contract, Hearts; South Declarer, North Dummy; the initial lead is shown. How should Declarer operate his twenty-six cards?

## Bridge Pointers

By Milton C. Work

Yesterday's problem was: Contract, Hearts; South Declarer, North Dummy; the initial lead is shown. How should Declarer operate his twenty-six cards?

Declarer will see that he stands to lose a trick to the Ace of Diamonds unless he can discard his singleton Ten in closed hand, and that he may lose a trick to the King of trumps. Whether he can capture the Heart King depends upon being able to finesse and finding the King in East's hand. The adverse trumps probably are divided either 2-2 or 3-1. If the latter, the adverse King may be a singleton; but the chances are so greatly against finding a singleton King in the West hand, that such a possibility is not to be considered against the even chance of catching the king by finessing.

Declarer's scheme, should be to try to make a Grand Slam if the King of Hearts be in the East hand; a Small Slam if it be in the West hand. This he probably can accomplish by leading Hearts twice from Dummy. Consequently, on the first trick, Declarer should trump in Dummy although he has the winning Spade in the Closed Hand. Dummy's Hearts are useless except for the purpose of obtaining the lead. Having trumped, he play to trick 2 would be to lead a trump from Dummy and finesse. If the finesse lose, West doubtless will lead another Spade, a Trump

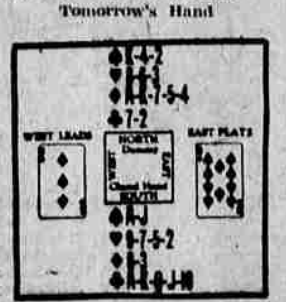

or a Club. He is not apt to lead through Dummy's King-Queen-Jack of Diamonds. Of course if he do lead the Diamond, the Slam will not be made; but the Declarer will have done all that he could to obtain it.

If the trump finesse win, Declarer will lead another of his good Spades from Closed Hand, trump it a second time from Dummy and lead a second trump from Dummy for a second trump finesse. If this succeed, Declarer then will draw the last trump if it has not fallen on the second round, and lead out his Clubs, hoping and expecting to exhaust the adverse four Clubs in three rounds and thus be able to put Dummy in on the fourth round of Clubs to cash his thirteenth Club, on which Closed Hand will discard his Ten of Diamonds.

## THE GARDEN

### THE LAZY MAN'S LETTUCE

It requires skill and labor to produce a first-class head lettuce and the market offers them so reasonably that the majority of gardeners who have failed to get the crisp solid heads they set out to grow have given up. The cos lettuce, or Romaine, gives a fair imitation of head lettuce of the finest quality and anybody can grow it. It is the lazy man's lettuce for given half a chance, it will succeed and the better the culture the more outstanding the success in growing a lettuce of quality.

It is a different style of growth from the head and common leaf lettuce, producing long, rather narrow erect leaves, that tend to fold over each other and enclose and blanch the heart. This tendency is readily increased by loosely tying up the heads with raffia or string. Many epicures believe the cos lettuce to be the finest flavored and highest quality of all the types.

They stand the heat better than other lettuces and are always crisp and delicate when freshly gathered. The inner leaves bleach white and the outer leaves are a light green and are tender and not strong as the outer leaves of some head lettuces are. Give the cos lettuce a rich soil and plenty of moisture if it happens to be a dry season and it will make its long slender heads with great regularity.

Like all the lettuces, it is best during the cooler days of spring, but it does not show much speed

in rushing up to seed when the hot days set in as its relatives. Give the plants six inches apart in the rows and plant as soon as the ground can be worked.

There are three well-known types. Express Cos is a dwarf and early sort. Paris White is a larger and whiter sort of pronounced self-closing habit and Trianon is an earlier larger-growing type that makes the whitest centers of the three.

Express and either of the others will give a succession until the hot weather sets in in earnest. This lettuce is a real delicacy that is easily grown in the home garden. It is a very acceptable substitute for the head types.

## You could go shopping with your eyes shut

You could turn your back to the counter and yet be perfectly sure of getting the things you want. The exact quality of sheeting, or talcum powder, or candy, or soap, or furniture polish that you like best is handed to you instantly when you ask for it by name.

You don't have to look, because you know that advertised brands will be precisely the same today as they were yesterday. The fact that they are advertised guarantees that their quality will be maintained. Their makers have placed themselves on record.

Advertised products are honest products. It is the unadvertised things—the "just-as-goods" and the "almost-the-sames" that are likely to vary in quality.

You save money and you save time when you make a habit of buying standard goods—as advertised.

Read the advertisements—and know what and where to buy
