BULLISH TREND CONTINUES TODAY

Stock Market Resumes Its March to Higher Level —Four Million Sales

NEW YORK, May 1 (AP)—The stock market resumed its march to higher ground today with the rally again in the forefront of the advance. Extreme gains in the active issues ranged from one to 1 1/2 points, with a few soft spots developing in the tobacco and copper and oils. Trading was not quite as heavy as yesterday, although 2,600,000 shares were crossed before the end of the third hour.

Despite the growing fear of a credit stringency, speculators for the rise conducted their operations with confidence and succeeded in attracting a large public following.

The close was strong. Some of the oils as well as United States Steel were heavy in the late afternoon, but buying orders were swelled by an outburst of speculation in unexpected quarters. Peoples Gas jumped 6 1/2 and City 7 1/2 points, while gains of 3 or more points were scored by a long list of industrials, public utilities and railroads. Chicago and Northwest iron entered new high ground above 94. Total sales approximated 4,000,000 shares.
