GLENN COLLETT ELIMINATED TODAY

Bad Weather and Steady Playing of Yorkshire Woman Cause

HUNSTANTON, Eng., May 16 (AP) — Mrs. Dorothy Campbell Hurd, Philadelphia, won her way into the sixth round of the British women's golf championship by defeating Miss Dorrie Chambers, former British champion, six up and five to play.

HUNSTANTON, Eng., May 16 (AP) — Inability to cope with English spring weather at its worst and the steadiness of Mabel Wragg, determined little Yorkshire woman, today removed Glenna Collett from the British open championship in the fourth round.

Miss Collett's defeat came on the 16th green where she so decisively knocked out Mrs. Temple Dobell yesterday. She being three down at the 11th the American had struggled to win the 12th and halve three holes running.

Two Others Lose. The storm also swept Miss Elizabeth Curtis, Clinton, Iowa, and Mrs. Stewart Hanley, Detroit, out of the championship, leaving Mrs. Dorothy Campbell Hurd, of Philadelphia, but born in Britain, as the lone American challenge.

When told that she had put up a plucky fight under the most trying conditions, she replied: "Like you, I did, I never played such rotten golf in my life."

Speaking of the newest long-dress edit from Paris, isn't it about time charity covered a multitude of sins?

due in part to the weather conditions which included hail, rain and cold, but it is only fair to say that the English girl adjusted her game to the prevailing conditions better than the American player.

The American challenger might have weathered the storm and won if she had been able to sink some of her putts early in the match. But her hands were numb with cold, the putter grip wet and slippery and her putting on the outward holes contributed to her later defeat.

"Old Gold's smoothness was so obvious" said Miss Anne Morgan after the Blindfold cigarette test

MISS ANNE MORGAN. Daughter of the late J. P. Morgan, resembles her distinguished father in both ability and breadth of vision.

"A decorator once told me that to appreciate the texture of a fabric or the glaze of a vase one's eyes should be closed. And to enjoy the fragrance of a perfume one should close one's eyes . . . one's other senses seem all the keener. That was the convincing thing about the blindfold test. The aroma and the flavor of one cigarette were so marked . . . the smoothness so obvious that I chose it instantly. It proved to be the OLD GOLD."
