

FINISH UNION COUNTY'S ROAD SYSTEM!

The main roads are built. They've paid for themselves. They've brought record prosperity to this community.

Let's finish the job—build the market roads, the feeder roads that are needed throughout the county. The road program to be voted on Friday is the final link in the valley's good road chain.

PUT YOURSELF IN THE PLACE
OF THE MAN WHO HASN'T AN
ALL-YEAR ROAD

Weigh the Cost---Consider the County-
Wide Benefits---*Then You'll*
Vote **X YES** Road Bonds

Practically every section of the county will be aided directly by the final road improvement—indirectly it will benefit every citizen. It taps valuable natural resources, provides all-year market outlets, gives easier, more inviting trade avenues.

Good Roads Are Good Business For Everybody

The cost of these bonds to the individual taxpayer is negligible—approximately \$2.00 a year per thousand of assessed valuation. The roads will save that in reduced transportation costs. You'll never miss the small expense while the bonds are being paid off.

YOU WHO HAVE GOOD ROADS—VOTE FOR YOUR
NEIGHBOR WHO HASN'T—HE DESERVES THE
SAME ADVANTAGES YOU ENJOY!

Help Good Roads Win Tomorrow!
