Elect Officers Of Parkdale Club

One of the most pleasant meetings of the Parkdale club during the year took place at the home of Mrs. Ed. Halley yesterday afternoon, when she was hostess to about 25 of the members at a pretty spring party.

Two spacious rooms of the Halley home were beautifully decorated with lilacs, tulips and cut flowers. At noon an excellent hot lunch luncheon was enjoyed.

Following the luncheon the president, Mrs. Garrett Hokland, conducted a business session. Election of officers was part of the meeting, which was the final one of the club year. Mrs. Frank Owsley was elected president, Mrs. G. E. Lupper, vice president and Mrs. Frank Wood was re-elected secretary-treasurer.

Crystal Rebekah lodge met last evening at the I. O. O. F. temple, with a large representation of the members in attendance. Nomination of officers was part of the business meeting. Election will take place on May 20. A reading given by Mrs. Elsie Lind was enjoyed during the evening. Mrs. Orin Anson and Mrs. William Deery, both past noble grand of the lodge here, will leave on train No. 17 Sunday morning for Roseburg, where they will attend grand lodge as official delegates from La Grande. It was announced.

The Bible Searchers' class of the Presbyterian church yesterday afternoon at 2:30 o'clock in regular session. Mrs. W. S. Snook had charge of the devotional, after which the business meeting was held.

Mrs. H. S. Eakin was elected teacher for the class to take the place of Mrs. O. E. Silverthorn, who left the city recently. Mrs. E. H. Hurley resigned as assistant teacher, and Mrs. J. K. Wright was selected to take her place. During the afternoon Katherine Whisler played three piano numbers and the class also worked on a quilt which it is making. At the close of the meeting the Rev. J. George Watz took a picture of the class. Resolutions were passed by the business committee, which consisted of Mrs. Clyde Davis, assisted by Mrs. Gibson and Mrs. C. H. Blystone.

The next meeting of the class will take place June 20 at the park if the weather permits.

Week Busy One for School Children
Social activities of school children, from the primary tots to the graduates, have overshadowed the usual social activities this week and have kept parents and teachers alike busy with preparations. Swimming parties, picnics, school parties for the elementary school youngsters, and dancing parties and smaller dinner parties for those of high school age have made the final week of school a busy one for the younger folk and mothers, in devoting their time to making the activities of their children successful. Parties have taken place on most occasions after 3 o'clock in the afternoon.

The dance given at the Saco Inn Tuesday night by mothers of the graduates for juniors and seniors was the outstanding large event of the week. Numerous smaller parties complimenting graduates have taken place in the last week of school.

Tuesday evening the seventh and

eight grade classes at Rivera had an enjoyable party, complimenting their principal, Chester Gilbert, and their seventh grade teacher, Miss Helen Baker, both of whom will not return next fall. About 75 were present. The eighth grade girls gave a play and sang two songs. Miss Gale McMaisters played a piano selection and Gertrude Conrad, violinist, Marion Webb, pianist, and Grace Scully, saxophonist, gave a trio number. A violin solo by Ernest Briggs ended the program. Refreshments were served at 9 o'clock.

The city park has been dotted with frolicking students on their picnics during the last few pleasant afternoons, and a pretty scene the children, dressed in gay prints and gingham, have made.

At 10:30 this morning the seventh and eighth grade classes at Greenwood went to the city park for a picnic and at noon a welter roast was held. Mrs. Dallas Green, Eldridge Huffman, L. R. DeLane, Mrs. Leif H. Aves, Miss Grace Snook and Principal R. A. Wilkerson accompanied them.

The rooms of Miss Lettice Johnson, Mrs. E. D. Fowler and Miss Ruth Garrick enjoyed picnics Tuesday. They are third and fourth graders. Miss Mildred Culey had a party for her fourth graders, entertaining Mrs. Towler's class last Thursday.

At Willow school, every room has had a school party. Miss Sarah Williamson's class of third graders held their party at the park. Mrs. Bernice Young's class had its party today and Mrs. Evelyn Bennett's pupils had theirs yesterday.

Swimming parties at Cove have been enjoyed by the older students at Central, while the younger grades have had picnics at the park. Among the teachers whose classes have had parties are Mrs. Alfred Cook, Mrs. Marie Tiggelbeck, Mrs. A. J. Gover, Harold Phinney, Miss Blanche Spears, Miss Effie Snyder, all of the seventh and eighth grades, Mrs. Guy Patton, of the sixth and seventh, and Mrs. E. P. Hoessler, fifth. Mrs. William Gable, third and fourth, and Miss Imogen Russell, second. Mothers have assisted in all the picnics.

Mrs. W. E. Denny was elected president of the Greenwood P. T. A. when that organization held its final meeting of the year last Friday afternoon. Mrs. D. W. Maston was chosen vice president and Mrs. Frank Millering secretary-treasurer. Officers were installed. Mrs. C. F. McPherson, retiring president, has served two years. She is a district vice president.

The meeting Friday opened with the Lord's prayer. Dr. Margaret Imrie told of plans for the "Summer Round-Up" clinics. Mrs. Don Smith is chairman of this for Greenwood.

Taking Out Partner's No Trump With a Bid of Three of a Major Suit

At a love score, the three-bid of a Major suit over partner's one No Trump is made to show great strength and to announce that the bidder wants to make a game bid but is in doubt whether it should be three No Trumps or four of the suit in which he is bidding three. It is the bid of strength and indication, and it puts the determination up to the partner who has started with one No Trump and who, with the information furnished by the three bid, is in position to make the selection and who is sure to make the sound choice.

Three of a Major over partner's one No Trump does not show any specific holding the Major, but it does show at least five cards, a possibility of six and great strength both in the Major and on the side. The hand must be powerful because the bid is a command to the partner who has started by bidding only one No Trump, to bid either four of the Major or three No Trumps. It is the one bid which calls for a game going bid from a partner who has shown his entire strength by his first bid. Take such a hand for example, as:

This hand opposite one No Trump bid is practically sure to make nine tricks at No Trump or ten tricks at Spades; depending upon which is the better declaration for the combined hands. It may be the No Trump; it may be the suit. The holder of this hand cannot be sure which; he has the strength to bid either three No Trumps or four Spades, but is in doubt which to choose. The three-bid accurately pictures the situation for the No Trump and by increasing the three No Trumps or four Spades, but is in doubt which to name. The three-bid accurately pictures the situation for the No Trump and by increasing the three Spades to four, he shows that he thinks the safer road is via the Major; or by rebidding the No Trump, calling three, he shows that he would sooner depend upon the No Trump route for game. His decision is not a guess; it is sure to be right.

The two following hands also illustrate Major three-bids over partner's one No Trump.

Easy HOUSEKEEPING
By Mrs. MEG MACGREGOR, Director of Household Science

"Stains never worry me now"

This is the cheerful beginning of a letter I have just received from a woman in Cleveland. And it is true that stains need never worry any woman who knows when and how to use Clorox. For Clorox is "bottled magic."

Common stains

For instance: Nearly every day in every family someone spills tea, coffee, chocolate, or wine. Take the stains out with Clorox in correct solution.

And then ink spots—out they come—jiffy quick! Another ugliness that sometimes seems absolutely fatal is the stain caused by medicines—argyrol, iodine, mercurochrome and others. Fruit stains, too, are easily disposed of. All these can be safely and quickly treated with Clorox. You have only to follow the directions carefully.

Mildew and scorch disappear easily too

Who hasn't carefully rolled up a cherished doily, lunch cloth, or white cotton or linen blouse—only to let it mildew? And who hasn't taken special pains with some fine piece of linen, only to scorch it? But these accidents need not be fatal! For mildew—soak in the proper solution of Clorox for ten minutes and hang in the sunlight until all discolorations vanish. For scorched spots the method is easy, too. The label shows you how. You'll say it's nothing short of magic and it is!

Send for my Free Chart

If you have a difficult problem of cleaning or disinfecting won't you write to me about it? Perhaps I can help you. I shall be glad to answer your letter and send you, free of charge, my "Easy Housekeeping Chart" to hang in your kitchen.
