## Isical Program is Feature of P. E. O. Session

musical program that was re-  
l as a climax to a splendid  
of afternoons during the  
ly completed year was a part  
meeting of the P. E. O. of the  
1. 9. when it was entertained  
Mrs. A. R. Hunter and Mrs.  
3. Brownton yesterday after-  
at the home of Mrs. L. E.  
Twenty members met at the  
it for 1 o'clock luncheon, which  
served at small tables. Bowls

ten followed the delightful  
leal program, of which Mrs.  
jardson was in charge. She  
assisted by Mrs. Lynn Wright,  
Hal Bohneknamp and Mrs. H.  
Richardson. Mrs. Richardson  
her first group being "To Be  
r You" by Corle. "The Charm  
Spring" by Clark, with "Little  
of a Fellow" (Morris) as an

mother, Mrs. George Curry, in  
he Lutheran church basement  
evening. Fourteen members  
their guardian, Mrs. Lett H.  
s, attended. After the waffle  
for the campfire girls did gar-  
ing work on the church lawn  
an hour or so. They had a  
sant evening together.

for the summer camp were dis-  
cussed. The camp will be held at  
Camp Pfy on Catherine creek Aug.  
9. Elections took place by mail  
ballot.

## Circle Manager Is Guest At Meeting

One of the outstanding social  
meetings of the Supreme Forest  
Women circle since its organi-  
zation, took place at the home of  
Mrs. George Press on X-avenue last  
night with Mrs. Earl Fay assisting. A  
rare and delightful surprise, a visit  
from the state manager, Mrs. Inez  
Baldwin, of Portland, made the  
pleasant meeting an outstanding  
one for members.

The losing side in a six week's  
attendance contest among members  
of E. A. Sayre's boys' class of the  
Methodist Episcopal Sunday school  
were hosts to the winners at a  
swimming party and picnic at Cove  
yesterday. Mrs. R. W. Leighton  
and Mr. Sayre took the boys to Cove  
where, following a plunge, cake and  
ice cream were served by the los-  
ers, the head of whom was Boyd  
Jackson. Adam Leighton was head  
of the winning team. Those pres-  
ent were: Ben Oesterling, Robert  
Oesterling, Worth Epling, Kenneth  
Owen, Russell Nelson, Joe Sayre,  
Norman Kling, Adam Leighton,  
Boyd Jackson, Bill Caldwell, Har-  
old Browning, George Moats, Ver-  
non Patten, Ray Stein, and Mrs.  
Leighton and Mr. Sayre.

## Piano Recital To Be Monday Night

An individual piano recital that  
is being anticipated with wide-  
spread interest is that of Miss Mil-  
dred Shumate who is being pre-  
sented by the Eastern Oregon  
School of Music Monday evening at

## Bridge Pointers

By Milton C. Work

The progress of our discussion of  
Saturday, April 21, brings us to a  
consideration of hands which  
while they do not contain two  
quick tricks conforming, strictly  
to the "Ace or King-Queen" de-  
finition, nevertheless have enough  
high-card strength to warrant a  
bid.

A Dealer who holds Ace-Queen  
and three small in a suit without  
side strength should not bid; but  
with one quick trick (an Ace or  
King-Queen) on the side, he would  
have a Queen more than his two  
quick tricks and should bid. One-  
suits are not limited, however, to  
hands which contain two Aces, two  
King-Queens or one Ace and one  
King-Queen; there are many hands  
without the two quick tricks  
which should be bid initially be-  
cause they have more than the  
equivalent. As illustrations of such  
hands, examine the four which fol-  
low, none of which has two Ace or  
King-Queen quick tricks, but all  
of which are too strong to pass and  
justify an initial bid of one Spade.

## Mrs. Gulling Is Hostess To Club

Mrs. J. C. Gulling was hostess to  
members of the Thursday bridge  
club at a pretty bridge luncheon  
given Thursday at the Seacajawa  
Inn. Luncheon was served at 1  
o'clock at the hotel dining room.  
An unusually pretty centerpiece of  
wild iris and yellow wildflowers  
was used. Bridge was played at  
the parlor on the mezzanine fol-  
lowing luncheon, with Mrs. J. P.  
O'Connell making high score.

Plans are rapidly progressing for  
the benefit dance to be given May  
26 by the Ladies' auxiliary of the  
American legion at the Seacajawa  
Inn. The hope chest, which will  
be presented during the dance is  
now on display at Carr's store and  
is attracting considerable attention  
with its many beautiful contents,  
all of which will be among the  
prizes at the dance. The three-  
cent fund toward the presentation of  
the hope chest, with some of its con-  
tents. The dance will be a bene-  
fit for the women's drum corps.  
Mrs. Clara McNeese, president of  
the auxiliary, announces. During  
this past week the auxiliary has  
been busy preparing for the sale  
of poppies, which are made each  
year by disabled veterans for their  
support. The poppies are to be  
sold May 28 and 29, when a thor-  
ough campaign will be staged by  
local members of the auxiliary.

The Stick-Together club met at  
the home of Mrs. Joe McHugh at  
1283 N. avenue Friday afternoon.  
A pleasant afternoon was spent  
sewing and visiting. Miss Marian  
Warren and Miss Josephine Mc-  
Hugh entertained with piano num-  
bers. The home was beautifully  
decorated with carnations and tul-  
ips. Refreshments were served at  
the close of the afternoon. The club  
will meet at the home of Mrs.  
Claude Lamerell next Friday.

A social meeting of the Pythian  
Sisters was enjoyed at the K. of P.  
hall last evening with 29 members  
attending. Cards were played dur-  
ing the evening, following a short  
business meeting at which Mrs. Eva  
Koyte, most excellent chief, pre-  
sided. During this, plans were  
made for the district convention at  
Tulamar, May 25, which will prob-  
ably be attended by approximately  
20 La Grande members. The La  
Grande temple will give a play dur-  
ing the convention.

## Styles Set Forth In Black, White

By HAZEL REAVIS  
(Associated Press Fashion Editor)

PARIS—Dressmakers have car-  
ried out their new ideas for sum-  
mer clothes in black and white, or  
drab gray. Color is conspicu-  
ously unimportant in the collections of  
the mid-season.

Black, particularly for coats, is  
made even more important than it  
was in the spring showings. It ap-  
pears in silk and wool materials  
and is most frequently trimmed  
with white ermine, or ermine,  
an imitation. The white fur is  
used in a variety of new ways, the  
principal one being Louis Quinze  
bow knots.

String ties of ermine and collars  
which extend into pointed yokes  
in back are seen at several impor-  
tant houses. One model has a lit-  
tle Napoleon cape bordered with  
white ermine.

For wear with these coats there  
are dresses which combine black  
and white in satin, silk crepe and  
wool crepe. White ermine is also  
used on black frocks, particularly  
in bow-knot trimming. Inset bow  
knots of white satin on black are  
introduced in the mid-season  
styles.

## WOMEN WEAVE RUGS

MARSEILLES (AP)—Armenian  
women who fled to Marseilles with  
their husbands during the Greco-  
Turkish war of 1922-23 have  
founded a rug weaving industry.  
The men were able to find work in  
mines, factories and on farms, but  
the women were less fortunate. Lo-  
cal capital was interested in rug-  
weaving and the women workers  
now produce more than 6,000  
square meters of oriental rugs  
yearly in eight plants.

## GERMAN BUSINESS IMPROVES

BERLIN (AP)—Germany has  
gained the world's thermometer  
export crown, exports last year  
totaling 33,000 kilograms, only  
20,000 less than the record ship-  
ments of 1913. The total value  
was 5,200,000 marks, however, as  
compared with 2,100,000 in 1913.  
It is estimated that 70 per cent of  
German thermometer production is  
exported.

No. 1 has a quick trick in Spades  
(Ace) and, in the King-Jack-Ten  
of Hearts combined with the Spade  
Queen, has more than an accept-  
able equivalent for another.

No. 2 we have the Spade  
King-Queen, for one quick trick,  
and in the other honors more than  
the equivalent of a second.

In Nos. 3 and 4, we have hands  
without a quick trick in the suit to  
be bid (Spades); but it will be  
noted that in No. 3, in addition to  
the five-card Queen-Ten suit, there  
are two quick side tricks, and in  
No. 4, in addition to the five-card  
Jack-Ten suit, there are three  
quick tricks. Also that No. 3 has  
an extra Jack, and No. 4 an extra  
Queen.

This subject will be continued  
next Monday and more detailed in-  
formation given concerning it.

## Farm Pointers

The first essential in housing  
chicks and hens is comfort, says  
a bulletin on poultry houses and  
fixtures prepared by M. A. Jull and  
A. R. Lee. Unless they are com-  
fortable the experts explain, chicks  
will not grow well, and pullets and  
hens will not lay well. To be com-  
fortable, a house must provide  
plenty of room, be well supplied  
with fresh air and sunlight and al-

ways be dry.

Cows normally lose flesh for  
three or four weeks after calving  
because they cannot consume suffi-  
cient feed to provide adequately for  
both the milk flow and mainte-  
nance of body weight. It is im-  
portant that the cow carry consider-  
able flesh at the time of calving to  
prevent undue thinness afterward.

The term "cull potatoes" usually  
is applied to those that are small,  
misshapen or oversized and there-  
fore not suitable for the market.  
If these are from healthy and pro-

ductive plants they may safely be  
used for seed provided the tubers  
be not less than an inch and a  
quarter in diameter. When the  
percentage of the cull potatoes is  
not known, they never should be  
used for seed.

The dry method of picking a  
chicken usually is more satisfac-  
tory than scalding, since the latter  
method is liable to injure the skin.  
Dry-picked poultry usually has a  
better appearance, is of better  
quality, keeps longer and gives bet-

No lynchings were reported any-  
where in the United States during  
the first four months of 1928. The  
country certainly is losing its en-  
thusiasm.

**"THE FLAVOR ZONE"**  
cooking . . . without  
touching or looking

The outside of a roast—browned to a delicious,  
crackling sweetness—that's where its flavor is devel-  
oped. When this zone is browned first, the rich flavor  
seeps from it down into the meat as it cooks, so that  
it comes to the table delicious, tempting, savory.

The Westinghouse electric range gives  
"flavor zone" cooking automatically. You  
place a roast in the oven and never think of  
it again until you're ready to serve dinner.  
Automatically, the heat is turned on; auto-  
matically, the oven is brought to a brown-  
ing temperature and held there just long  
enough; automatically, the temperature is  
then lowered to finish the cooking and  
draw the flavor into the meat.

No other range, fuel or elec-  
tric, cooks the Westinghouse  
way—the "flavor zone" way—  
performing first the browning  
and then the cooking operation  
under automatic control.

It's easier to cook on a West-  
inghouse—only two simple  
adjustments to make when you put the  
meat in the oven. Then you close the door  
and never open it again until dinner-time.
