OFFICE CAT

A small boy sauntered down the street with two dogs and was stopped by an officer.

"Have both those dogs got licenses?" he asked.

"The big one's all right," answered the youngster, "but the little one is full of 'em."

When a man is described as still being on the sunny side of 50, the chances are that the sunshine where he isn't bright enough to bother him.

"What is that a picture of?"

"I haven't the slightest idea, but doesn't it look natural?"

Mrs. Wilson, world renowned big game hunter, shot her husband recently, thus adding another trophy to her collection.

AT THE THEATERS

"Student Prince" To Be At Arcade Soon

In a massive filmization of the celebrated old romance of Holdeberg and the prince who sought happiness there, Ramon Novarro and Norma Shearer come to the Arcade theater for three days starting Thursday. The picture is called "The Student Prince" and is the latest super-production to come from the Metro-Goldwyn-Mayer studios.

Ernest Lubitch, the director, has treated this most beautiful of love stories in a tender and romantic fashion. It is just a simple plot of a boy and girl, an unhappy prince and his pathetic sweetheart, a maid in the village inn, but they love with a devotion that is greater than royal traditions, greater than life itself, and then... because society is what it is and because youth was made for sacrifice, they part.

The splendid artistic calibre of the cast and the inspired direction of the master Lubitch, have made of this the ultimate in motion picture. It was produced on a lavish scale with minute attention paid to authentic detail.

The cast includes Joan Hershall, Edward Connelly, Lionel Belmore, George K. Arthur, Gustav Von Seyffertitz, Elythe Chapman, and others of note.

Health

SUMMER CAMP SANITATION
(By U. S. Public Health Service)

WASHINGTON (AP)—Thousands of children soon will be leaving the larger cities for the hundreds of summer camps that now flourish throughout the country. Chicago alone sent 50,000 children to these camps last year.

This annual retreat from the steaming pavements and an atmosphere tainted by the fumes from motor car exhausts to the pure air and grassy slopes of mountain, forest and seaside playgrounds is paying dividends in improved health, character building and mental development.

It is important, however, that parents in selecting a camp for their children be certain that it is under good supervision, sanitary and otherwise. Sanitary requisites are pure water, wholesome food, safe milk and a proper system of waste disposal.

Departments of health in many states have a plan of systematic inspection of camps of this kind, issuing licenses to those which are meeting the requirements. In making an inquiry about a particular camp, it is well for parents to ascertain if it has received the approval of the state health department.

Must Reduce to Sing in Opera

NEA Cleveland Bureau

Twenty pounds too heavy was the verdict of Leon Rothler of the Metropolitan Opera Company when Miss Leah Horne (above) of Cleveland sang before him. So she's going to lose the 20 and Rothler has promised to train her for opera. Miss Horne's only instructor prior to her audition was the phonograph.
