MENUS

By Sister Mary
BREAKFAST — Bananas with lemon, cereal, cream, creamed dried beef on toast, extra toast, marmalade, milk, coffee.

LUNCHEON — Asparagus short cake, radishes, cup cantaloupe, lemonade.

DINNER — Veal and vegetable pie, new cabbage salad, strawberries with cream, plain cake, milk, coffee.

Try serving bananas in the "shell" with sections of lemon. The lemon is squeezed over the banana and the fruit is eaten with a fork. This is an extremely attractive service if glass plates and small imported fruit knives with colored handles are used.

Veal and Vegetable Pie

Three-fourths pound lean veal, 2 tablespoons butter, 2 tablespoons flour, 12 cup tiny cooked onions, 1 cup dried cooked carrots, 1 cup cooked potato marbles, 1 1/2 cups flour, 2 teaspoons baking powder, 2 tablespoons shortening, milk, salt.

Choose a cheap cut of veal. Cover with boiling water and simmer until tender. Let cool in the broth and drain. Cut meat into small pieces suitable for serving. Place in casserole or baking dish, about half filling dish. Remove fat from broth and strain through cheese cloth. Melt butter, stir in flour and add two cups of broth, stirring constantly. Cook until thick and smooth.

Season well with salt, pepper and celery salt. Add cooked vegetables to veal and pour over sauce. Mix and sift flour, baking powder and salt and work in shortening. Add milk, cutting it into dry ingredients with a knife, enough to make a soft dough.

Roll into a sheet about one-half inch thick and cut with a small round cutter. Place over top of mixture in baking dish, not letting biscuits touch each other. Bake 20 minutes in a hot oven and serve.

Any left-over meat can be used in this way, using a bouillon cube for the stock. If gravy has been left over with a roast it can be used without making the sauce in the recipe.

THE GARDEN

LAVENDER AND WHITE BORDER

Borders of lavender ageratum and white alyssum have become deservedly popular features of the summer garden. It is a combination easily within the skill of the most inexperienced gardener. It can be made easily merely by making a shallow drill a foot and a half from the edge of the bed and sowing the ageratum seed and six inches from the edge of the bed sow a parallel row of sweet alyssum seed. Thin the plants when the seed germinates to six inches apart and the lavender and white edging is started. All that is necessary after that is to keep it weeded and watered.

Blue Star and Blue Perfection are two fine types of dwarf compact ageratum. It is one of the most satisfactory of bedding plants because of its freedom of blooming. Furnishing a sheet of lavender until frost, and because it is not marred by rain and does not fade under the hottest sun. It grows quickly from seed sown outdoors in warm weather, the plants frequently entangling up with transplanted stock from the hotbed or indoor seed-box. There are fine white varieties and blue with lighter centers, but the light and dark solid-colored varieties give the best effect.

Alyssum Little Gem is a standby in every garden. It grows quickly from seed sown outdoors in warm weather, the plants frequently entangling up with transplanted stock from the hotbed or indoor seed-box. TODAY'S HAND

♠ 10-X-X
♥ J-X-X
♦ A-X-Q
♣ A-J-10-X

Three questions concerning the above hand, score low-ball. How many can you answer? Make up your mind before reading the answers.

1. What should South (Dealer) declare, holding the above hand?
2. What should West (Second Hand) declare with it, South having bid one No Trump?
3. What should East (Fourth Hand) declare with it; South having bid one No Trump, West having doubled and North having passed?

THE ANSWERS

1. One Club. This hand has the strength to justify a two-suit (Class B) No Trumper. With four sure tricks distributed in two suits, and the other two longer than two cards, such a No Trump is justified; but only when the two strong suits are both short so that a suit-bid cannot properly be made with either. In this hand if the small Club were a Spade or a Heart, No Trump would be the correct bid; but as there is a four-card suit to bid, that suit is a sounder declaration than a Class B No Trump.

2. Pass. A close case between a pass and a double, but the pass probably is sounder—because the strength of the hand is all in the two minors and it does not present much probability of success with the partner answering with a weak four-card Major. Furthermore, it is the type of hand which promises to save game against an adverse No Trumper.

3. Two No Trumps if playing the final game of a rubber; pass if playing the first game, the second game, or Duplicate or Progressive. Opposite a sound double, this hand must certainly furnish the strength either to go game at No Trump if East bids two No Trumps, or to defeat South's No Trump adversely if East makes a Business Pass and permits South to play one No Trump doubled. The rubber game being worth twice as much as either the first or the second game, makes it advantageous to take in the rubber; but at any other time, the larger penalty sure to result from a Business Pass probably would be worth more than going game. East need have no fear of a Business Pass because North must have a bust and, no matter which suit West leads, East has a card of sufficient strength to force a card of value from the hand of South who undoubtedly made his bid with a very light holding.

Three Prisoners Returned to Jail

OREGON CITY, Ore., June 6 (AP)—Three of the four prisoners who escaped from the Clackamas county jail yesterday were captured this morning. Lawrence Draper and Phillip Bligh, sentenced to seven and five years respectively yesterday on bad check charges, were found by Deputy Sheriff Blodgett in a vacant house where they were asleep. They offered no resistance. About the same time Jack Overmore, alleged burglar, was found by Deputy Sheriff Thompson and Wacker as he was making his way out of town. He also submitted peacefully.

Do You Buy Advertised Goods?

Of course you do; everybody does. Just run over in your mind the various articles that you have purchased in the last week or the last month. How about foods? Your breakfast fruits, cereals and bacon are all advertised. Probably that is how you first came to know of them—through advertising. Probably the shoes you are wearing, or the dress or suit you have on are equally well-known advertised products, and you are proud of them.

In the home. On the floor are rugs and linoleum—the better wearing kinds are extensively advertised. What about the kitchen? Aluminum ware, gas ranges, hot water heaters, dish and clothes washers, cooking utensils of all kinds—practically everything you use is advertised. You buy advertised products because you have confidence in them. You know that a manufacturer cannot afford to advertise shoddy or unworthy merchandise.

Advertising is one form of insurance. It gives you a feeling of perfect confidence and safety when you ask for an advertised brand, for you know that you will get the quality and service you expect. The name is the guarantee.

The more you read advertising the more you will know about human progress. You will become well posted in almost every line of human endeavor and a cynical judge of values. Reading advertisements is a fine habit. Cultivate it.

Read the advertisements and buy advertised goods. They are the safest investment.
