## Home Department Has Picnic Lunch

The Home department of the First Presbyterian church had a pleasant picnic luncheon and afternoon yesterday at the city park, with 21 members attending. At 1 o'clock luncheon was spread under the trees. Following luncheon a short business session which Mrs. A. S. Anderson, president, conducted, took place.

The Home Department, its privileges and its responsibilities" was the subject of a splendid talk made by the Rev. J. George Walz, who also led in the devotions.

The rest of the afternoon was spent in pleasant visiting. The Home department will not discontinue its monthly meetings during the summer.

Honoring their director, Mrs.

Dexter Mattoon, 20 members of the Epworth league of the First Methodist Episcopal church gave a roset party on the Grande Ronde river near Perry Wednesday evening. The affair was a surprise for Mrs. Mattoon, who was invited to go for a ride at 7 o'clock by two league members, Miss Louise Leighton and George Moats. They drove to Perry, where they were greeted by the league members. Weiners were roasted and later marshmallows were toasted over the glowing coals. During the evening Miss Leighton presented Mrs. Mattoon with a lovely flower bowl as a gift from the league. Miss Leighton made a short presentation speech, to which Mrs. Mattoon responded. The party broke up about 9:30 o'clock.

Mrs. Blaine Edwards was installed president of the La Grande auxiliary No. 259, Fraternal Order of Eagles, last evening when the lodge met in regular session. Installation of officers for the coming year was the feature of the meeting. Myrtle Anderson, past madam president, was in charge of installation, seating the following new officers: Viola Lundy, junior past madam president; Blaine Edwards, madam president; Margaret Wonderlick, vice president; Pearl Rosson, chaplain; Iva Schultz, secretary; Ardella Stacy, treasurer; Alice Turn, inside guard; Anna Schultz, outside guard; Pearl Patt, Agnes Andrews and Winifred Cass, trustees. Beatrice Smith was appointed conductress and Mrs. Huff drill leader by the new president.

Mrs. Lundy, retiring president, was presented with a bouquet of flowers from the auxiliary in recognition of her splendid administration.

During the session plans were made to entertain wives of delegates to the F. O. E. convention to be held here on June 14, 15 and 16, and to assist in every way possible the La Grande Aerie F. O. E. at this time.

generator indicated that the craft must have fallen rapidly.

A little later, however, came the reassuring word from land stations in San Francisco that the generator could be heard but that no messages were being sent. The Southern Cross was still rising, plunging and again rising through the storm and the worries of the intrepid fliers were not over.

Yet through all this came not a word of anxiety from the four men. They looked for the moon as they did during their flight from Oakland to Hawaii and Hawaii to Suva. Frequently they have referred to the moon as "our friend" and as frequently did they joke about the rough riding—always to close their messages with a light "cheerio."

### CONTRACT BRIDGE

Yesterday it was stated that informative doubles at Contract should be somewhat more conservative than most of the others. I have begged my readers not to double informatively unless strong. I believe the winning principle is: Double conservatively, answer the double optimistically; therefore, generally speaking, I do not approve of any double at Auction Bridge with less than five high cards that probably will take tricks; although under certain exceptional conditions, four high sure trick-takers may justify it. In Auction, a Jack may be reckoned among the high cards that probably will take tricks, when it is accompanied by Ace and one other, or King and one other; but in Contract, while I do not believe in increasing the number of high cards required to justify an informatory double, I would be more conservative in depending upon Jacks, for example, in Auction Bridge, Dealer (South) having bid one No Trump, I would have West (but not East) double unhesitatingly with:

- ♦K-J-X
- ♥A-X-X
- ♠A-X-X
- ♣X-X-X-X

In Contract I believe it would be doubtful whether the two Jacks should be counted as two in the

five-high-card reckoning. It furthermore goes without saying that when vulnerable, the informatory double in Contract should be used with even more caution than when not vulnerable because, if the partner have a bust, the loss when vulnerable may prove to be so great.

In actual Contract play I have noted that the average number of informatory doubles made to each hundred hands is much less than in Auction Bridge, and I believe this is an evidence of sound and proper conservatism.

Contract Bridge will be continued on Friday and Saturday of next week.
