Badly torn up roads, loose rock and oiling from Kamela on all contribute to make traveling anything but pleasant and in addition hard on a car. Mr. Meyers says, advising against the drive as a pleasure trip. They drove from Portland to Port Townsend, finding the highways in splendid shape in Washington, particularly from Portland to Olympia. Port Townsend where Miss Dorothy Meyers has been in charge of the English division of the high school is a particularly interesting and promising city of about 3500. Mr. Meyers relates. It is on the Sound and cannot be reached by train, ships from Seattle and auto travel being the means of travel to the port city. The Zellerbach paper company is building a pulp mill there that is creating a very rosy outlook for the community which is planning for the erection of 150 new homes this year, according to Mr. Meyers. Mr. and Mrs. Meyers spent three days there, stopping at the Chevy Chase, seven miles away, an unique and extremely interesting Inn which has been operated by members of the Chase family since 1852. Mr. Meyers enjoyed a round or so of golf at the Inn's course during their three days spent at Port Townsend. Miss Dorothy accompanied them back to Portland where Miss Margaret, who was this spring elected student body president of St. Mary's, joined them. Miss Margaret made an average of 93 in her school work and was an honor student. Miss Dorothy Meyers has been signed for a second year at the Port Townsend High school and will return next fall. Miss Margaret will enter her senior year at St. Mary's this fall.
