My, but I am tickled! We have a right to be. We have just received a shipment of one of the largest orders and varieties of hardware that we ever received in our life. Among the things we received we have those old-fashioned thumb latches that your great-grandfather used to put on his front door, we have coat and hat hooks, ceiling hooks, hooks and eyes, screen door sets, screen hangers and base sets, built hinges and ornamental hinges. And we have stop brackets from 3 inches to 14 inches and these are the champion shop brackets that are different than all the rest, another to catch dirt and stronger than the old-fashioned brackets, and I have an idea our prices are less. Then we have shelf rests, box corners, chest holders and trap-door rings, sash locks, sash fasteners, sash lifts, cupboard turns, transom catches and chains, glass push plates, base door stops, door bolts and safety hooks, and why should I go on any further. This will just give you a slight idea that you can get anything you want in the builders' hardware line for less money and lightning service. Remember the hog fencing and save money. We are headquarters for shingles. Come and see us some time. Our old Ford truck is torn to pieces. We are doing some fencing out on the ranch.

The San Francisco Seals made it two straight over the Portland club.

Ed "Strangler" Lewis successfully defended his world's heavyweight wrestling championship against the youthful challenger of Nick LaZar of Chicago here last night for the second time when he twice pinned his opponent's shoulders to the mat in a finish bout.

Presenting... CHARLIE CHAPLIN in the blindfold cigarette test Famous star selects OLD GOLD "One cigarette of the four I smoked in the blindfold test was like shooting a scene successfully after a whole series of failures. It just 'clicked' and I named it as my choice. It was Old Gold. Which clears up a mystery, for the supply of Old Golds in my Beverly Hills home is constantly being depleted. It seems that Strongheart and Rin-tin-tin are the only motion picture stars who don't smoke them." Charlie Chaplin
