Continuing the series of bidding questions, how many of the three following can you answer before reading the replies given below? Score in all cases love-all (nothing-nothing).

Today's Hand

1. What should South (Dealer) declare, holding the above hand?
2. What should North (Third Hand) declare with it? South having bid one Heart and West having passed?
3. What should East (Fourth Hand) declare with it? South having bid one No Trump, West having doubled and North having passed?

THE ANSWERS

1. Pass. The question of whether a Dealer who holds Ace, King and two small of a suit and no side strength should bid or pass initially, is one on which the expert opinion of the country is not unanimous. It is nearly so, but there are a very few (and that few quite expert) who favor bidding with this combination. The trouble with bidding on so light a holding is that it makes it dangerous for a partner to raise with the minimum strength that conventionally justifies the raise of a partner's initial suit bid of one. It is a mistake to make initial bids so light as to create timidly in partners who are considering whether or not to assist.

2. Two Clubs. The hand is of the denial type, having only two small cards in partner's suit and some strength elsewhere. A pass would announce either that North had normal Heart assistance or had no bid with which to deny. The two-Club bid notifies the Dealer that North has less than normal assistance for Hearts, strength in Clubs, and no other assistance for No Trump.

3. Two Spades. The answer to a partner's double should be made with a long suit (four cards or more). As between two available suits of equal length, the stronger should be selected if both are Majors or both Minors; but when one is a Major and the other a Minor, as in this case, the preference should be given to the Major even when the Minor is materially stronger. The doubler presumably is anxious that a Major be the trump, provided he can find four cards of it in his partner's hand; the high cards of the Minor will help the Major declaration, whereas the low cards of the Major are not apt to be helpful for the Minor.
