Dora B. Schilke Past Matron's Meeting July 18

What will undoubtedly be one of the outstanding events in the realm of women's activities in La Grande, and Eastern Oregon for that matter, this summer is the meeting of the Dora B. Schilke Past Matron's club to be held here on July 18. This will be the first time that the organization, which embraces the past matrons of Union, Walla-walla and Baker counties, has met in La Grande since its creation several years ago. Mrs. C. R. Eberhard is president.

At a regular meeting of the Past Matron's club held last evening at the Masonic hall, when Mrs. Robert S. Eakin and Mrs. Eberhard were hostesses, detailed plans for the coming event were set out and active preparations begun by the hostesses club. As president of the local matrons, Mrs. C. M. Humphreys will direct preparations.

The tri-county meeting of matrons will be held at the city park and will begin with a 1 o'clock luncheon. A particularly interesting program is to be arranged for the afternoon.

Eighteen members of the club attended last evening's meeting at which Mrs. Humphreys presided. Aside from the detailed discussion of the coming event, the evening was spent in social visiting.

The hostesses served.

Mrs. Fred Young was a delightful hostess to the Particulate club yesterday afternoon, entertaining about 20 members. Mrs. Nell Thacker was assistant hostess.

Mrs. Frank Owsley, president, called the meeting to order and presided at a short business session. A social afternoon of chatting was spent and at an appropriate hour the hostess served refreshments at a long table at which a lovely centerpiece of mixed flowers was used. Club guests of the afternoon were Mrs. Walter Young and children, Mrs. R. G. Burnett, Mrs. M. W. Hackman, Beulah Hagey, Mildred Wardell, Ethel Mae and Norma Shafter and Norma Handran.

The club will have a picnic for members and their families on July 4 at the city park. Picnic luncheon will be served at 1 o'clock, it was announced yesterday.

The Loyal Sister's Aid of the Christian church met yesterday afternoon at the church annex at a 1 o'clock luncheon. The president, Mrs. C. W. Bunting, called the meeting to order following the devotionals, which were led by Mrs. F. E. Golden. Plans were made during the business session to hold the annual bazaar on Saturday, Dec. 8. At the adjournment of the business meeting an hour or so was spent in social visiting. This was the last meeting until September.

Missionary Society Elects Officers

Mrs. E. M. Hickock was elected president of the Women's Home

Missionary society of the First Methodist church yesterday afternoon when the organization was entertained by Mrs. L. V. Duncan at her home on K avenue. Twenty members were in attendance.

Mrs. L. S. Hanford was elected vice president, Mrs. C. W. Erwin, secretary, Mrs. S. C. Smith, treasurer, and Mrs. L. V. Duncan corresponding secretary.

The retiring president, Mrs. Robert Clark, presided at the session. Mrs. G. C. Headley led in the opening devotionals while Mrs. L. S. Hanford had the lesson which was devoted to a study of the home missionary society and its organization and leaders. The migrant worker's problems were discussed as were the missionary homes in Alaska and Mexico.

Payton talked on the Alaskan home and Mrs. Hanford on the Mexican home, while Mrs. Headley discussed the Mother Jewel's home, a branch of the missionary society.

The society will adjourn during July and will meet again with the foreign missionary at the park in August.

The hostess served refreshments at the close of yesterday afternoon's session.

The Degree of Honor sewing club met yesterday afternoon with Mrs. Al Herman as hostess at her home on Oak street. Mrs. Jack Hoyt assisted her as hostess. Fourteen members of the organization spent the afternoon sewing in preparation for the bazaar which will be given some time in August as a means of financing the state convention to be held here late in September.

The Herman home was beautifully decorated with garden flowers for the afternoon. Refreshments were served at the close of the busy afternoon.

GRANGE HALL (Special)—Honoring the fourth birthday anniversary of her little daughter, Ellen, Mrs. Bert Greiner entertained a number of children and their mothers at a delightful party Tuesday afternoon and at about 4 o'clock they were seated at one long table where ice cream and cake were served. Cushion Collars of Fur Apparel
PARIS (AP)—Cushion collars appear on many of the advance fall coats. They are necessarily of flat fur, Beaver and mule are used, but varieties of lamb are the first choice. Long is the principal advocate of this type of collar.

When the fox head is silky and well formed it is kept on the collars of many wraps. If the head appears on the left shoulder the skin is prolonged well down on the right side. HEALTH

VACATION HINTS
By Dr. Frederick Stricker

The time of vacation is at hand for thousands of children and their teachers. Vacation time is in some respects a danger, because of the many accidents that occur. To accomplish effectively its purpose of giving renewed vigor and health for next year's work, a vacation should be pleasant, comfortable and safe. To bring the conditions about, there are a few "Do's" and "Don'ts" which it might be well to remember.

1. **Safe Drinking Water**—If you don't know definitely about the water you are going to drink, have it analyzed. If it is necessary to use it before analysis is possible, boil it or use chlorine tablets.

2. **Safe Milk**—Do not drink milk without first knowing that it is produced under the best sanitary conditions without the possibility of pollution entering the milk by way of the fly, dirty milking or dirty utensils. Unless you are sure that milk has been produced in such manner, boil it, and if it is to be given to infants or young children, boil it anyway, unless, of course, a properly pasteurized supply is available.

3. **Safe Hiking**—If you are making a trip into the mountains in which a variety of water and milk supplies will be encountered, follow the above suggestions, and as an added safeguard, be vaccinated against typhoid fever.

4. **Safe Swimming**—Use care in selecting a place to swim. Typhoid fever can be contracted by swimming in polluted water. The inexperienced swimmer should be cautioned and those who cannot swim should not go near the water.

Bathing Suits Piratical Or Tailored

By Margaret Green
(Associated Press Fashion Editor)

PARIS (AP)—Bathing suit designers this season are in a nautical and piratical mood. Insignia of the sailor's craft appear on the new suits. There are embroidered anchors and actual bits of rope as shoulder trimming. The pirate's knotted kerchief is indispensable. The long pirate scarves in rubberized seaworthy jewelry are sometimes a part of the bathing cap.

An important house is showing extremely rakish and piratical suits with long black trousers with the sailor flare. With them are worn beige jerseys and red sashes. Jersey capes with fringe made of strips of jersey bear out the pirate note. They are thrown over one shoulder with a long, sweeping movement.

Other costumes give the appearance of a tailored suit. They are made in crepe materials in pastel colors, and have a wrap around skirt and jacket which are easily divested as the mermaid in jersey and lights emerges ready for a plunge.

Hair Net Foundation for Feather Hat
PARIS (AP)—Fine hair nets are the foundation of new warm weather hats. The net is made to fit exactly to the shape of the head. On it are piled all the feathers and furs. The hat gives the illusion of all over curls.

One shop shows a hat of black fine straw painted by hand with an all over design of small red and beige flowers to match a crepe de chine dress.

Taffeta and Crepe Combined in Dress
PARIS (AP)—Blaid taffeta and heavy dull crepe de chine are sophisticatedly combined in a new street dress. The blouse has a square neck and no ornament save taffeta cuffs to match the skirt. The skirt is finely pleated of black and lemon yellow, but black predominates in its general effect.

Lame is Effective for Lounge Pajamas
PARIS (AP)—Powder blue and rose are combined effectively in pajamas. With a rose and blue lame coat cut along mandarin lines are worn blue chiffon trousers. The trousers are given body by being shirred their entire length and terminated in flared cuffs which are also shirred.

PREFERS SPRAYER TO BRUSH
VALPARAISO (AP)—Despite the low wage scale of Chilean painters, the past few months have seen a sudden popularity of American paint spraying equipment. Automobiles, railway cars, furniture and ships are now being sprayed.

TURN TO AMERICAN CANDY
SANTO DOMINGO (AP)—The sweet tooth of the Dominicans is growing apace with the native "dulces," made of molasses and coconuts, and turning to American hard candies. Imports of American candy nearly doubled last year.

unless a good swimmer is present.

5. **Safe Camping**—Choose high and well drained ground for your camping sites. If out door toilets are used see that they are fly proof and also be sure that the water supply is so situated as to avoid any possibility of pollution from the sewage. Keep a clean camp and burn all garbage and rubbish.

6. **Safe Traveling**—If taking an automobile trip always observe traffic regulations. No matter how far in the country you may be there may be someone just behind you, so be sure to indicate clearly your intention of stopping, turning etc. Watch for railroad crossings and don't attempt to cross one without stopping and looking in both directions. Don't try to break existing speed records. Others have tried—many of them are dead.

Make your vacation enjoyable, comfortable, safe and profitable.

TODAY'S HAND

1. What should North (Third Hand) declare with the above hand; South having bid one Heart and West having passed?

2. What should North (Third Hand) declare with it; South having bid one No Trump and West having passed?

3. What should East (Fourth Hand) declare with it; South having bid one Spade, West having doubled and North having passed?

THE ANSWERS
1. Pass. The hand has less than normal support for the partner's suit, and has five cards in the other major which makes it probable that the combined hands would not have a single card of it and work better with Spades the trump than with Hearts. But for North

to bid a Spade under the circumstances would be to announce at least one quick trick and probably greater strength; South might be induced to bid up the Spades with disastrous results. Denials with best holdings are verboten and usually expensive when made.

2. Pass. To bid two Spades would seriously decrease the No Trump. It would promise, in addition to at least five Spades assistance for the No Trump to bid two No Trumps if he have only two Spades. Do not take out partner's No Trump by bidding a weak Major suit unless the side hand furnish material assistance for the No Trump. A major take-out invites a No Trump rebid and, if it be made, must furnish assistance for it.

3. One No Trump. Many players in this position would make a Business Pass but, with so weak a hand, permitting the Spade bidder to play a contract of one at 18 per trick probably would result in an adverse game. When a player makes an inforamatory double of a No Trump, he shows strength in the declaration doubled, and with strength in the hand of his partner, a Business Pass is apt to produce a large penalty; but when a suit is doubled, the doubler may not have a single card of it and work better with Spades the trump than with Hearts. But for North
