Miss Helen Baker And Louis Jensen United in Marriage

One of the prettiest and most interesting June weddings of this year took place last evening at the home of Mr. and Mrs. Hal Bohnenkamp when Miss Helen Baker and Louis H. Jensen were united in marriage. The ceremony was performed at 5:30 o'clock.

She is the daughter of Mrs. Frank Baker, of La Grande, and is the sister of Mrs. Bohnenkamp. Mr. Jensen's parents reside in Toledo.

Twenty relatives and immediate friends of the couple witnessed the ceremony, which was performed before the fireplace at a beautiful altar of flowers made more lovely by shining rays of sunlight that streamed through the windows. The fireplace was lit with delphinium and syringa, with tall white tapers on the mantel. An altar-rail of eucalyptus and fern before which a kneeling bench was placed, completed the setting for the ceremony.

Preceding the nuptials, Mrs. Bohnenkamp sang "Because" with Mrs. Lee Reynolds accompanying her. Mrs. Reynolds played Mendelssohn's wedding march while the bride's party approached the altar. Little Miss Lillian Mae Bohnenkamp was flower girl and carried a basket of sweet peas. She wore a dainty little flowered or-gandy of pink.

Miss Mae Helen Hollwell, of Portland, was the bridesmaid and was attractively gowned in a soft-toned green georgette with a hair-like picture hat of green. She carried pink sweet peas.

The bride was charming in a frock of cream lace over pale orchid with orchid picture hat. Her mother gave her away. Brides roses and white sweetpeas formed a lovely shower bouquet which she carried. The bridegroom and the best man, George Baker, brother of the bride, wore conventional black.

The Rev. J. George Walk performed the ceremony.

Immediately following the wedding an informal reception took place when the bride's mother served a buffet supper to the 20 guests. At 7:30 the happy couple left by car on a wedding trip over the John Day highway, through the McKenzie pass to Crater lake, where they will spend several days. Mr. and Mrs. Jensen will be at home on a farm near Newport on the Roosevelt highway.

Mrs. Jensen is a graduate of Jefferson High school and Monmouth and has been teaching school, having spent the last year here as seventh grade teacher at Riveria. Mr. Jensen attended school at O. S. C. and has been construction engineer for a coast company. Mrs. Jensen on the many occasions that

she has visited and made her home here has formed many friends in La Grande who wish the couple every happiness.

Mrs. James Avon Dean, of Portland, a sister of the bride, was an out-of-town guest at the wedding.

Mrs. Fred Kiddie was hostess to the Thursday Bridge club yesterday afternoon at her home at Island City. Mrs. Peter McDonald made high score at cards. Mrs. Kiddie served refreshments at the close of the pleasant afternoon.

Eagles Auxiliary Will Attend Rally

The local auxiliary to the Fraternal Order of Eagles made plans to attend the rally tonight at Baker at a bi-monthly session last evening at the Eagles hall while the men's order convened. The officers, the drill team of eight, captained by Mrs. A. L. Huff, and quite a number of lodge members will accompany the Eagles on this evening's trip.

Mrs. Harry Edwards, president, was in charge of last night's meeting which included the initiation of one candidate. Mrs. Orville Dean was appointed secretary during the absence of Mrs. C. S. Schultz, who will go on a trip east within a short time. The auxiliary will hold regular meetings during the summer months.

A particularly enjoyable affair took place last night when members of the Brotherhood of Locomotive Engineers, Division No. 362, and their wives, members of the G. I. A. of B. of L. E. Moon Division No. 3, picnicked at the city park.

The women held their afternoon lodge meeting with Mrs. A. W. Wall, president, in charge. This was the final meeting until September. At 6 o'clock the picnic tables were spread at the pavilion and the families, including about 60 persons, were seated. An hour of pleasantries followed the picnic supper.

The V. E. M. society had an enjoyable afternoon at the home of Louise Sten Wednesday with 14 members present. After a potluck luncheon a business meeting took place, with Mrs. Faye Hug chairman of a program committee. An interesting program was given for the afternoon. Forget-me-nots, pinks and poppies in pretty bouquets decorated the tables at which the luncheon was served. It was announced that the next meeting will be held at the home of Mrs. Ray Hug, July 11.

Members present were Mrs. W. A. West, Mrs. Ray Hug, Mrs. Logan Beem, Mrs. Wesley McDonald, Mrs. Vera Hug, Mrs. Dave Daily, Mrs. C. M. Tomeris, Mrs. Edgar Coffin, Mrs. Harry Mason, Mrs.

Announcements

The Royal Neighbors Juveniles will meet tomorrow afternoon at 2 o'clock at the K. P. hall. Refreshments will be served.

MENUS

By Sister Mary
BREAKFAST—Cantaloupe, cereal, cream, potato omelet with tomato sauce, crisp toast, milk, coffee.

LUNCHEON—Asparagus timbale with Hollandaise sauce, whole wheat rolls, head lettuce with French dressing, strawberries with cream, crisp cookies, milk, tea.

DINNER—Broiled fish, cucumber sauce, rice croquettes, green beans, pineapple sherbet, plain cake, milk, coffee.

Any fresh caught small fish are delicious broiled. Smelts and other equally small fish are broiled without splitting flat. Somewhat larger fish are split down the back and broiled first on fresh side and then on skin side.

Asparagus Timbale.
Two bunches asparagus, 1 1/2 cups fine dried bread crumbs, 1/2 cup milk, 1/4 cup melted butter, 1 scant teaspoon salt, 1/4 teaspoon pepper, 3 eggs.

Wash and scale asparagus. Cut off tough ends and save for a soup. Cut tender stalks into inch lengths. Dry stale bread in a slow oven letting bread brown slightly. Roll and sift crumbs. Heat milk and add to crumbs, using enough milk to moisten. If the crumbs are not broken they will absorb more milk but the brown crumbs taste better. Add melted butter, salt and pepper. Beat eggs until very light and add to crumb mixture with asparagus. Turn into a well buttered mold, filling mold about two-thirds full. Cover closely and steam 45 minutes. Unmold and serve garnished with parsley. Serve Hollandaise sauce separately in a sauce boat.

ASYLUM INMATE KILLED
SALEM, June 22 (AP)—John J. Crosby, inmate of the state hospital for the insane who escaped June 19, was killed by a train near Eugene yesterday, said a message received by the hospital authorities here. Crosby was transported from Jackson county.

"I don't mind your naming me Alasper Smith, mother, but why Alasper Y. Smith?"

"Why, after Shakespeare's hero, of course—surely you know of Alasper Yorick!"

CONTRACT BRIDGE
Continuing the subject of Slam bidding at Contract, unsound examples of which were discussed in this series of articles on Friday and Saturday of last week, we will now turn to a certain type of slam bidding which not only is not objectionable, but which may prove very beneficial at times.

One kind of defensible slam bidding occurs when the bidding side has a score; and this fact furnishes additional evidence that the value of a partial score in Contract is far greater than its value in Auction Bridge.

In Contract when a side has a score of (say) 60 the initial bidder would not bid three except for some special reason. Two of any suit or No Trump would be a game-going bid, and any higher

bid not only would be unnecessary, but would reduce the number of possible overtricks. Consequently an initial three-bid under those circumstances is conventionally understood to mean that the bidder's hand shows slam possibilities, and it is understood that any subsequent bid by either partner is a "slam bid." When the partner of the bidder who has bid for more than game has a weak hand, he will pass; but if he thinks that his hand may be strong enough to produce a slam with the great aid announced from across the table, he will make a bid for some kind. With an Ace in his hand, he will overcall in the suit of the Ace, no matter how short that suit may be; holding a blank suit, he will overcall in that suit provided he has enough cards of his partner's suit to provide for adequate ruffing. In either case, the bid means: "Partner, I am complying with your request to show you any assistance I have for a slam, I hold the Ace of the suit I named; or else guarantee that we shall lose no tricks in it." When the overcalling partner has

Kings or other high-card strength, but no blank suit or side Aces, he jumps the partner's bid. But whatever partnership bidding may follow the original over-bid, and whether or not a slam declaration is reached, the final declaration made by the side must be the same as the original over-bid.

(This subject will be continued tomorrow).

Yesterday was my birthday and I was 39 years old and weighed 315 pounds. If you are in the market for hardwood flooring, call us up or come down and talk it over. We sell both the red and the white oak and maple flooring. Let us know right away, because we are out to save you money.

A conversation over the telephone took place as follows: "Well, Claude, do you have plenty of white Monarch paint on hand yet, do you have plenty of pure linseed oil yet, again be sure and keep plenty on hand. I will be in next Monday morning. I just finished that big job I was talking to you about." The job is 60 miles out of La Grande so that is like cutting cream. We have a wonderful supply of rubber roof coating. It does not crack or peel, and guaranteed to last 10 years.

You ought to see our stock of red line fencing. Two hundred rolls left the yard this morning, besides the trucks are all busy hauling lumber. We expect our brushing lacquer in within a few days. It will be first class brushing lacquer. The only difference between it and others, you can buy it for less and that doesn't make anyone mad. We are looking forward to the big rush on fencing just after the hay harvest is over. You can get 100 of the large long cedar posts for \$20.00. We have coat and hat hook hangers and the Champion shelf brackets. Champion builders' hardware, Royal coat, Monarch paint, Square Deal fencing. Those are not bad names because the goods back of them match the names. If we had a paint and called it Cayuse paint, you would naturally believe that it wasn't much good, and you would probably be right.
