PEACH PRICE MAY BE FIXED SOON

California Committee Has Under Consideration \$25 a Ton Demand

SAN FRANCISCO, June 26 (AP)—Determined to fix the price of the 1928 season peach crop before the actual season opens, the operating committee of the "Growers' League of California" held an executive session here today. The committee had under consideration the demand for a flat price of \$25 a ton on No. 1 peaches made by the "Growing Peach Growers' association" last week.

It was generally believed the growers held the price of \$25 for No. 1 grade and \$15 a ton for No. 2 peaches, without regard to pack was too high.

Preston McKinley, secretary of the growers' league, said that the committee would hold sessions until a solution had been reached.

Production, based on joint federal and state surveys, will be \$25,000,000 this year as against \$22,000,000 of peaches in 1927. After a "peach war" last year the growers received about \$22.50 a ton for their product.
